Sociology Relationships Text:

Key Texts for Japanese Sociology Hideo Nakazawa, 2024-12-18 Though rich diverse unique and engaging Japan's sociological outputs have been internationally underrepresented In its thoughtful translation and curation of key Japanese sociological texts this book redresses this imbalance and treads exciting new ground Comprising 17 chapters spanning 7 decades this text introduces you to fundamental themes from classical studies in post war Japan to contemporary sociological issues like migration politics social mobility and gender based violence Key Texts for Japanese Sociology is an original much needed resource empowering a foundational confident understanding of the national regional and local traditions of Japanese sociology from the latter half of the last century to today Introducing Sociology Using the Stuff of Everyday Life Josee Johnston, Kate Cairns, Shyon Baumann, 2017-01-06 The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm Texts that are organized the way the discipline structures itself intellectually no longer connect with the majority of student learners This is not an issue of pandering to students or otherwise seeking the lowest common denominator On the contrary it is a question of again making the practice of sociological thinking meaningful rigorous and relevant to today's world of undergraduates This comparatively concise highly visual and affordable book offers a refreshingly new way forward to reach students using one of the most powerful tools in a sociologist's teaching arsenal the familiar stuff in students everyday lives throughout the world the jeans they wear to class the coffee they drink each morning or the phones their professors tell them to put away during lectures A focus on consumer culture seeing the strange in the familiar is not only interesting for students it is also the authors suggest pedagogically superior to more traditional approaches By engaging students through their stuff this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking It moves beyond describing what sociology is so that students can practice what sociological thinking can do This pedagogy also posits a relationship between teacher and learner that is bi directional Many students feel a sense of authority in various areas of consumer culture and they often enjoy sharing their knowledge with fellow students and with their instructor Opening up the sociology classroom to discussion of these topics validates students expertise on their own life worlds Teachers in turn gain insight from the goods services and cultural expectations that shape students lives While innovative the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester A map on pages ii iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained Theory method and active learning exercises in every chapter constantly encourage the sociological imagination as well as the doing of sociology *The Craft of Sociology* Pierre Bourdieu, Jean-Claude Chamboredon, Jean-Claude Passeron, 1991 The work of the French sociologist Pierre Bourdieu has emerged over the last two decades as one of the most substantial and innovative bodies of theory and research in contemporary social science The Craft

of Sociology both a textbook and an original contribution to epistemology in social science focuses on a basic problem of sociological research the necessity of an epistemological break with the preconstructed objects social practice offers to the researcher Pierre Bourdieu and his co authors argue in the epistemological tradition of scholars like Bachelard Canguilhem Koyre a tradition that identifies the construction of the object as being the fundamental scientific act Their way of discussing the issue makes it accessible not only to academics and experts of epistemology but also to advanced students of social science using for illustration a wide range of texts from the various social sciences as well as from philosophy of science The book includes an interview with Pierre Bourdieu and an introduction by the editor to his sociological methodology [Close Relationships](#) ,1989 *The Everyday World As Problematic* Dorothy E. Smith,2012-01-15 In this collection of essays sociologist Dorothy E Smith develops a method for analyzing how women and men view contemporary society from specific gendered points of view She shows how social relations and the theories that describe them must express the concrete historical and geographical details of everyday lives A vital sociology from the standpoint of women the volume is applicable to a variety of subjects and will be especially useful in courses in sociological theory and methods *Close Relationships* Pamela Regan,2011-01-07 This multidisciplinary text introduces the concepts methodologies theories and empirical findings of the field of interpersonal relationships Information is drawn from psychology communication family studies marriage and family therapy social work sociology anthropology the health sciences and other disciplines Numerous examples capture readers attention by demonstrating how the material is relevant to their lives Active learning is encouraged throughout Each chapter includes an outline to guide students key terms and definitions to help identify critical concepts and exploration exercises to promote active thinking Many chapters include measurement instruments that students can take and score themselves A website for instructors features a test bank with multiple choice and essay questions and Power Points for each chapter This text distinguishes itself with Its focus on family and friend relationships as well as romantic relationships Its multidisciplinary perspective highlighting the contributions to the field from a wide array of disciplines Its review of the relationship experiences of a variety of people of different age groups and cultures heterosexual and homosexual and relationship types dating cohabiting marriage friendships family relationships Its focus on methodology and research design with an emphasis on how to interpret empirical findings and engage in the research process Cutting edge research on cyber flirting and online relationship formation the biochemical basis of love communication and social support bullying and peer aggression obsession and relational stalking sexual violence and marital rape and grief and bereavement The book opens by examining the fundamental principles of relationship science along with the research methods commonly used The uniquely social nature of humans is then explored including the impact relationships have on health and well being Part 2 focuses on relationship development from attraction to initiation to development and maintenance as well as the factors that guide mate choice and marriage The development of relationships in both friendships and romantic partnerships is explored Part 3

examines the processes that shape our interpersonal experiences including cognitive thinking and affective feeling processes communicative and supportive processes and the dynamics of love and sex The book concludes with relationship challenges rejection and betrayal aggression and violence conflict and loss and therapeutic interventions Intended as a text for courses in interpersonal close relationships taught in psychology communication sociology anthropology human development family studies marriage and family therapy and social work practitioners interested in the latest research on personal relationships will also appreciate this engaging overview of the field

Sociology for Nurses : A Textbook for Nurses and Other Medical Practitioners C M Abraham,2005 The text is based lies on the premise that successful nursing rests to a large extent on the development and maintenance of good relationship with patients The book introduces the nurse to the relevance of sociology and to the uses she can make of this subject in her daily work This book addresses the educational and professional needs both of the student nurse entering the profession after graduation and the experienced nurse seeking to broaden her understanding of her patients and the society they live in Other medical practitioners will also find this book of great value in their profession

EBOOK: Hard Labour: The Sociology of Parenthood Caroline Gatrell,2004-12-16 This innovative book examines changes in family practices and paid work in the 21st century Focusing on highly qualified mothers who combine childcare with employment it makes a valuable contribution to current debates It also takes into account the views of fathers making it a rounded study of family practice in the new millennium Hard Labour puts forward some new and thought provoking arguments about both mothers and fathers commitments to parenting and paid work The first part of the book provides an up to date comprehensive and readable overview of the literature on motherhood fatherhood family practices and women in employment The second part draws on a qualitative study of the lives of twenty mothers and their husbands or partners each of whom is educated to degree level or above and has at least one child under five This study considers key aspects of the family lives of the men and women interviewed including How they manage their commitments to one another their children and their professional work Sharing out family tasks such as childcare and housework At each stage the empirical research is placed in the context of the literature referenced in the first part and of the wider debate on career and motherhood Hard Labour is essential reading for students and academics in sociology family policy family studies women s or gender studies and the sociology of management employment

Landmark Essays on Rhetorical Genre Studies Carolyn R. Miller,Amy J. Devitt,2024-11-01 Landmark Essays on Rhetorical Genre Studies gathers major works that have contributed to the recent rhetorical reconceptualization of genre A lively and complex field developed over the past 30 years Rhetorical Genre Studies is central to many current research and teaching agendas This collection which is organized both thematically and chronologically explores genre research across a range of disciplinary interests but with a specific focus on rhetoric and composition With introductions by the co editors to frame and extend each section this volume helps readers understand and

contextualize both the foundations of the field and the central themes and insights that have emerged It will be of particular interest to students and scholars working on topics related to composition rhetoric professional and technical writing and applied linguistics **Creativity and Sociology** Matteo Jacopo Zaterini, Corrado Punzi, Mariano Longo, 2025-05-23

Creativity and Sociology Doing Social Research with and on Artistic Sources explores the relationship between artistic and sociological narratives considering the ways in which artistic narratives in their different forms can be both subjects of sociological observation and tools for the sociological analysis of reality Thematically divided into sections that focus on doing sociology on art and doing sociology with art it observes the major forms of art including literature music theatre painting photography cinematography and interactive arts such as videogames examining each as objects and instruments of sociological analysis as narratives that can offer new perspectives on the world Bringing together under a single epistemological framework area of research that frequently remains separate or beyond sociological framing this book will appeal to scholars of sociology social theory and social science methodology with interests in media and artistic narratives

Catalogue Nan-ching shih University, 1925 **What's Wrong With Sociology?** Stephen Cole, A collection of 16 essays by sociologists who believe that their discipline faces very serious problems which must be overcome if it is to prosper The contributors represent diverse views and there is substantial disagreement among them over what the problems are and their remedies *Computer Supported Qualitative Research* António Pedro Costa, Luís Paulo Reis, António

Moreira, 2019-09-16 The World Conference on Qualitative Research WCQR is an annual event that aims to bring together researchers academics and professionals promoting the sharing and discussion of knowledge new perspectives experiences and innovations on the field of Qualitative Research This book includes a selection of the articles accepted for presentation and discussion at WCQR2019 held in Porto Portugal October 16 18 2019 WCQR2019 featured four main application fields Education Health Social Sciences and Engineering Technology and seven main subjects Rationale and Paradigms of Qualitative Research Systematization of Approaches with Qualitative Studies Qualitative and Mixed Methods Research Data Analysis Types Innovative Processes of Qualitative Data Analysis Qualitative Research in Web Context Qualitative Analysis with Software Support The book is a valuable resource for everyone interested in Qualitative Research with emphasis on Computer Assisted Qualitative Data Analysis **Problems of Reflexivity and Dialectics in Sociological Inquiry (RLE Social Theory)** Barry Sandywell, David Silverman, Maurice Roche, Paul Filmer, Michael Phillipson, 2014-08-21 This is a work

of social theory and philosophy which seeks to make the constitution of social theory a social activity It is essentially a collaborative text by five authors committed to a re-awakening of some of the forgotten dimensions of social theorizing The collaborative work was originally occasioned by an attempt to analyse the notion of social stratification and its treatment in the sociological tradition The authors main concern here is with the nature of social theorizing and in particular the difference between Self and Other being and beings Language and Speech The papers in the book focus on themes that are

fundamental to the sense of inquiry and tradition which they are concerned to display The themes discussed include speech Language Identity Difference Critical Tradition Community Metaphor Dialectics Observing and Reading **Texts, Facts and Femininity** Dorothy E. Smith, 2002-11 Texts Facts and Femininity is a collection of essays which illustrate the full range of work by this leading feminist scholar on social relations as texts It includes Smith s famous essay K is mentally ill *Basic Texts in International Relations* Evan Luard, 2016-07-27 This text combines passages from major writers on international relations over the ages together with a brief commentary on each The collection is divided into three main sections the individual the state and the society of states the three main alternative ways of conceiving the subject *Encyclopedia of Identity* Ronald L. Jackson II, 2010-06-29 The two volumes of this encyclopedia seek to explore myriad ways in which we define ourselves in our daily lives Comprising 300 entries the Encyclopedia of Identity offers readers an opportunity to understand identity as a socially constructed phenomenon a dynamic process both public and private shaped by past experiences and present circumstances and evolving over time Offering a broad comprehensive overview of the definitions politics manifestations concepts and ideas related to identity the entries include short biographies of major thinkers and leaders as well as discussions of events personalities and concepts The Encyclopedia of Identity is designed for readers to grasp the nature and breadth of identity as a psychological social anthropological and popular idea Key Themes Art Class Developing Identities Gender Sex and Sexuality Identities in Conflict Language and Discourse Living Ethically Media and Popular Culture Nationality Protecting Identity Race Culture and Ethnicity Relating Across Cultures Religion Representations of Identity Theories of Identity Catalogue Peabody Museum of Archaeology and Ethnology. Library, 1963 *The Theory and Analysis of Drama* Manfred Pfister, 1988 Manfred Pfister s book is the first to provide a coherent comprehensive framework for the analysis of plays in all their dramatic and theatrical dimensions The material on which his analysis is based covers all genres and periods His approach is systematic rather than historical combining more abstract categorisations with detailed interpretations of sample texts
