Two Boys and the Rustlers Carol Elek,2022-05-04 The year is 1852 A portrait of a lost time where cowboys and ranches made up the American West Two innocent boys went out for a swim in a secret spot inside a canyon and found a herd of stolen cattle This discovery sets off a chain of events that would change their lives forever A coming of age story an epic adventure and a tale of love and bonding between sons and fathers Two Boys and The Rustlers is a novella written with a heart of a true Westerner and an eloquence as vivid and harsh as the landscapes it described in exquisite details A modern day Ali Baba and the Forty Thieves It will take you into a journey of friendship courage and the struggle of growing up A book that paints a forgotten picture of horses and men amidst the rugged California countryside Beautifully told and deeply moving

Werewolves, Wolves and the Gothic ,2017-09-15 Wolves lope across Gothic imagination Signs of a pure animality opposed to humanity in the figure of the werewolf they become liminal creatures that move between the human and the animal Werewolves function as a site for exploring complex anxieties of difference of gender class race space nation or sexuality but the imaginative and ideological uses of wolves also reflect back on the lives of material animals long persecuted in their declining habitats across the world Werewolves therefore raise unsettling questions about the intersection of the real and the imaginary the instability of human identities and the worldliness and political weight of the Gothic This is the first volume concerned with the appearance of werewolves and wolves in literary and cultural texts from the mid nineteenth century to the present Drawing on representations of werewolves and wolves in literature film television and visual culture the essays investigate the key texts of the lycanthropic canon alongside lesser known works from the 1890s to the present The result is an innovative study that is both theoretically aware and historically nuanced featuring an international list of established and emerging scholars based in Britain Europe North America and Australia **Probability: A Lively**
