Socrates Of Constantinople Historian Of Church And State:

Socrates of Constantinople Theresa Urbainczyk,1997 The first detailed study of Socrates history and the context in which he wrote Greek and Roman Historiography in Late Antiquity Gabriele Marasco,2003-07-01 This book is the first comprehensive study of Greek and Latin historiography from Constantine to the end of the sixth century AD It aims to examine the development of late antique historiography stressing chiefly the relations between pagan and Christian historians their polemics but also their often neglected agreements Of special importance is the study of the Church historians who are considerable but not adequately known sources for the political and social history of the period Greek and Latin Historiography in Late Antiquity is a highly valuable and useful reference tool for both scholars and students Greek and Roman Historiography in Late Antiquity has been selected by Choice as Outstanding Academic Title 2005 Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great Andrew J. Pottenger,2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine s rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor s perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son s divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine s use of power as he engaged with these problems of schism and heresy *Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great* is of interest to students and scholars of early Christianity and the history of the later Roman Empire **The Christian Doctrine of Apokatastasis** Ilaria Ramelli,2013-08-05 The theory of apokatastasis restoration most famously defended by the Alexandrian exegete philosopher and theologian Origen has its roots in both Greek philosophy and Jewish Christian Scriptures and literature and became a major theologico soteriological doctrine in patristics This monograph the first comprehensive systematic scholarly study of the history of the Christian apokatastasis doctrine argues its presence and Christological and Biblical foundation in numerous Christian thinkers including Syriac and analyses its origins meaning and development over eight centuries from the New Testament to Eriugena the last patristic philosopher Surprises await readers of this book which results from fifteen years of research For instance they will discover that even Augustine in his anti Manichaean phase supported the theory of universal restoration **Literary Texts and the Roman**

Historian David Potter, 2005-07-22 *Literary Texts and the Roman Historian* looks at literary texts from the Roman Empire which depict actual events. It examines the ways in which these texts were created, disseminated and read. Besides covering the major Roman historical authors such as Livy and Tacitus, he also considers the contributions of authors in other genres like Cicero, Lucian, Aulus Gellius. *Literary Texts and the Roman Historian* provides an accessible and concise introduction to the complexities of Roman historiography.

Early Christian Historiography G. W. Trompf, 2016-04-08 First Published in 2014. This book describes the developing application of retributive principles in historical narratives before Christ. It assesses degrees of concern in the first history writers of the world's most widespread monotheistic tradition to discern divine justice in human affairs.

Palladius of Helenopolis Demetrios S. Katos, 2011-11-17 This book is the first monograph devoted to the life, work and thought of Palladius of Helenopolis ca. 362-420, an important witness of Christianity in late antiquity. Palladius' *Dialogue on the Life of St John Chrysostom* and his *Lausiac History* are key sources for our knowledge of John Chrysostom's downfall and of the Origenist controversy, and they both provide rich information concerning many notable ecclesiastical personalities such as John Chrysostom, Theophilus of Alexandria, Jerome, Evagrius of Pontus, Melania the Elder, Isidore of Alexandria, and the Tall Brothers. Demetrios S. Katos employs late antique theories of judicial rhetoric and argumentation, theories whose significance is only now becoming apparent to late antique scholars, to elicit new insights from the *Dialogue* regarding the controversy that resulted in the death of John Chrysostom. He also demonstrates that the *Lausiac History*, deliberately promoted to the imperial court of Pulcheria, is a spiritual theology that was indebted to his guide Evagrius and more broadly to the legacy of Origen. Despite Jerome's recent attacks against both Palladius, he emerges from this account not merely as a peripatetic monk, his own preferred self-portrait that has prevailed in most modern accounts, but as an ecclesiastical statesman who passionately supported both the causes and ideas of his associates in the most pressing controversies of his day. The study will also be valuable for scholars of late antiquity working in the areas of asceticism, spirituality, pilgrimage, hagiography, and early Christian constructions of gender, for all of which Palladius' works are important sources.

The Greek Historia Monachorum in Aegypto Andrew Cain,2016-05-12 The Greek *Historia Monachorum in Aegypto* was one of the most widely read and disseminated Greek hagiographic texts during Late Antiquity and the Middle Ages To this day it remains alongside Athanasius Life of Antony one of the core primary sources for fourth century Egyptian monasticism as well as one of the most fascinating yet perplexing pieces of monastic hagiography to survive from the entire patristic period However until now it has not received the intensive and sustained scholarly analysis that a monograph affords In this study Andrew Cain incorporates insights from source criticism stylistic and rhetorical analysis literary criticism and historical geographical and theological studies in an attempt to break new ground and revise current scholarly orthodoxy about a broad range of interpretive issues and problems

The Past is Prologue Thomas C. Ferguson,2005-08-01 While there has been substantial scholarly work done on the development of Christian doctrine in the fourth and fifth centuries very little corresponding attention has been paid to the writing of church history during this critical period This work examines how authors began to construct the historical narrative of the Arian controversy and focuses on the interplay between theology and worshipping communities Major figures such as Eusebius and Athanasius are examined and important but overlooked figures such as an anonymous non Nicene chronicler and Philostorgius are also included In the introduction the book surveys recent developments in the study of Arianism and discusses the usefulness of the very category of an Arian controversy Subsequent chapters set forth the thesis that church histories are important sources for understanding the development of doctrine A chapter is devoted to Eusebius Ecclesiastical History especially the oft overlooked Book X Further chapters explore the role of Rufinus as the first extant author to write a continuation of Eusebius The work also consciously includes marginalized non Nicene sources and there are chapters which examine an anonymous non Nicene chronicler and the Ecclesiastical History of the Eunomian Philostorgius of Borissus The book is particularly useful for persons interested in examining the development of doctrine in the fourth century from fresh perspectives The work approaches church histories as narrative myths of community origins produced by worshipping communities standing in
