Soldier Of The Second Civil War A:

A Soldier of the Second Civil War C. Daniel Manrique, 2004-05-21 **The Civil War Soldier** Michael Barton, Larry M. Logue, 2002-09 This excellent collection of selections from leading scholars on who the soldiers were how they lived and why they fought is a fine introduction to years of research that seeks to answer that question **The Civil War Letters of Alexander McNeill, 2nd South Carolina Infantry Regiment** Alexander McNeill, 2016 More than two hundred eloquently written Civil War letters of love and life on the battlefield During the American Civil War Alexander Sandy McNeill a southern merchant served in the Secession Guards Company F and Second South Carolina Regiment from April 17 1861 to May 2 1865 Within three weeks after the war began at Fort Sumter McNeill wrote his first epistle to his long time friend Almira Haseltine Tinie Simmons in a campaign to win her heart and hand in marriage The 29 year old McNeill proclaimed in that letter I have always esteemed you as a friend and now I feel stealing over me a feeling which tells me that you are now held in higher estimation than that of a friend Civil War historian and documentary editor Mac Wyckoff adds context to the correspondence more than two hundred letters that encompass the entire duration of the war With the exception of three breaks in communication McNeill wrote to Tinie four to five times a week and persisted to the last week of April 1865 more than two weeks after General Robert E Lee had surrendered at Appomattox Court House Virginia In general letters written during the final six months of the war are hard to find as are many other primary source materials for the waning war While this is among the largest and fullest Civil War collections it is the literary quality of McNeill s letters and wide variety of topics reported that distinguish it from others In frequent and lengthy missives McNeill opened his heart and mind to Tinie his fianc e and then wife He fulsomely reported his experiences and thoughts on a soldier s life during this war describing combat camp life the building of winter quarters the marches company election of officers weather food and morale McNeill chronicled his experiences at First Manassas Bull Run Fredericksburg Chancellorsville Gettysburg Chickamauga and other battles A man of sophisticated opinions McNeill voiced his personal views on political religious and military events and the names of fellow soldiers he liked and disliked all illuminating his deep dynamic character Religious Instruction for Soldiers in the First English Civil War, 1642-1646 Antti Taipale, 2025-07-14 This monograph examines religion in the first English Civil War as a tool for war both in instructing soldiers and portraying the enemy It argues that thus far the remarkable differences between the teaching of Parliamentarian and Royalist ministers to their respective armies have gone largely unnoticed Relying on the methodologies of intellectual history combined with a comparative approach it offers a new interpretation of soldiers religious radicalism and highlights differences between the armies spiritual edification Hence it contributes significantly to the history of the Wars of the Three Kingdoms and to the study of political radicalisation leading up to the regicide of Charles I Moreover it offers a detailed study of the ways in which religion was used as a tool for war in the early modern period The role of religion has often been at the centre of historiography of the Wars of the Three Kingdoms

1639 1653 This prominence has culminated in the stereotypical character of a godly Puritan soldier especially in relation to the New Model Army However while there have been debates about the role and importance of religion for the conduct and success of the armies the theme of soldiers religious instruction as a tool of advice and indoctrination has received less attention The main aim of this book is thus to rectify this lack in the historiographical mainstream and to set out a new significant interpretation of the religious character of the Civil War The Civil War Soldier and the Press Katrina J. Quinn, David B. Sachsman, 2023-05-09 The Civil War Soldier and the Press examines how the press powerfully shaped the nation's understanding and memory of the common soldier setting the stage for today's continuing debates about the Civil War and its legacy The history of the Civil War is typically one of military strategies famous generals and bloody battles but to Americans of the era the most important story of the war was the fate of the soldier In this edited collection new research in journalism history and archival images provide an interdisciplinary study of citizenship representation race and ethnicity gender disability death and national identity Together these chapters follow the story of Civil War soldiers from enlistment through battle and beyond as they were represented in hometown and national newspapers of the time In discussing the same pages that were read by soldiers families friends and loved ones during America's greatest conflict the book provides a window into the experience of historical readers as they grappled with the meaning and cost of patriotism and shared sacrifice Both scholarly and approachable this book is an enriching resource for undergraduate and graduate courses in Civil War history American history journalism and mass communication history The Second Civil War Garry Wills, 1968 The revolution of American blacks is discussed **Administrative Report of the Directors of Departments Under the Civil Administrative Code Together with the Adjutant General's Report ...** Illinois, 1918 Vols for 1917 18 contain reports of the following departments Dept of Finance Dept of Agriculture Dept of Labor Dept of Mines and Minerals Dept of Public Works and Buildings Dept of Public Welfare Dept of Public Health Dept of Trade and Commerce Dept of Registration and Education Military and Naval Dept **Motivating Soldiers** Peter Karsten, 1998 First published in 1999 Routledge is an imprint of Taylor Francis an informa company **Finding Soldiers of Peace** Gary Uzonyi, 2020-03-01 The United Nations which lacks its own peacekeeping force faces three dilemmas when organizing a peacekeeping mission convincing member states to contribute troops persuading states to deploy troops quickly and securing a troop commitment long enough to achieve success The key to overcoming these challenges Gary Uzonyi argues is emphasizing the connection between peacekeeping and slowing the flow of refugees across borders Finding Soldiers of Peace makes the case for this approach which balances states self interests with the United Nations goal of civilian protection Through an analysis of post Cold War UN peacekeeping missions particularly interventions in Mali and Sudan Uzonyi shows how member states often tie civilian protection rhetoric to efforts to keep conflict driven refugees from crossing into their territory Conventional wisdom holds that member states primarily engage in peacekeeping for payment or humanitarian reasons Uzonyi proves otherwise helping

scholars and practitioners more accurately predict which member states are most likely to send support where states may send assistance when they might become involved the size of their contribution and their timetable for leaving His research promotes practical strategies for the organization and execution of future missions that ensure member states stay invested in the outcome A data rich exploration of the UN response to humanitarian crises Finding Soldiers of Peace shows how policymakers and practitioners can better strategize the execution of UN peacekeeping missions among diverse and even contentious stakeholders

Citizen Soldiers: The U.S. Army From The Beaches of Normandy to the Surrender of Germany Stephen E. Ambrose, 2011-11 In this riveting account historian Stephen Ambrose continues where he left off in his 11 bestseller D Day Ambrose again follows the individual characters of this noble brutal and tragic war from the high command down to the ordinary soldier drawing on hundreds of interviews to re create the war experience with startling clarity and immediacy From the hedgerows of Normandy to the overrunning of Germany Ambrose tells the real story of World War II from the perspective of the men and women who fought it From June 7 1944 on the beaches of Normandy to the final battles of Germany acclaimed historian Stephen E Ambrose draws on hundreds of interviews and oral histories from men on both sides to write a compelling and comprehensive portrait of the Citizen Soldiers who made up the U S Army Ambrose re creates the experiences of the individuals who fought the battle from high command Eisenhower Bradley and Patton on down to the enlisted men Within the chronological story there are chapters on medics nurses and doctors on the quartermasters on the replacements on what it was like to spend a night on the front lines on sad sacks cowards and criminals on Christmas 1944 and on weapons of all kinds In this engrossing history Ambrose reveals the learning process of a great army how to cross rivers how to fight in snow or hedgerows how to fight in cities how to coordinate air and ground campaigns and how citizens become soldiers Throughout the perspective is that of the enlisted men and junior officers and how decisions of the brass affected them

Research Handbook on Child Soldiers Mark A. Drumbl, Jastine C. Barrett, 2019 Child soldiers remain poorly understood and inadequately protected despite significant media attention and many policy initiatives This Research Handbook aims to redress this troubling gap It offers a reflective fresh and nuanced review of the complex issue of child soldiering The Handbook brings together scholars from six continents diverse experiences and a broad range of disciplines Along the way it unpacks the life cycle of youth and militarization from recruitment to demobilization to return to civilian life The overarching aim of the Handbook is to render the invisible visible the contributions map the unmapped and chart new directions Challenging prevailing assumptions and conceptions the Research Handbook on Child Soldiers focuses on adversity but also capacity emphasising the resilience humanity and

potentiality of children affected rather than afflicted by armed conflict Two Americas, One Destiny Pasquale De Marco, 2025-03-17 In Two Americas One Destiny award winning author and historian Dr Jane Doe takes a deep dive into the causes and consequences of America s growing divide She argues that the country is on the brink of a second civil war and that only by understanding the forces that are driving us apart can we hope to avoid catastrophe Dr Doe begins her book by examining the rise of political polarization in America She shows how the two major political parties have become increasingly entrenched in their positions and how this has made it difficult to find common ground on even the most basic issues She also explores the role of social media in fueling polarization and how the echo chambers that exist online are making it easier for people to retreat into their own ideological bubbles Dr Doe then turns her attention to the economic factors that are contributing to America s divide She shows how the decline of the middle class has led to a growing sense of economic insecurity and how this insecurity has been exploited by politicians who promise to protect the interests of the forgotten man She also explores the impact of globalization on American jobs and how this has contributed to the rise of economic populism Finally Dr Doe examines the cultural factors that are dividing America She shows how the country s changing demographics are leading to a clash of values and how this clash is playing out in everything from education to religion to the arts She also explores the role of race in America s divide and how the legacy of slavery and discrimination continues to haunt the country Two Americas One Destiny is a timely and provocative book that offers a clear eyed assessment of the challenges facing America today Dr Doe s insights are essential reading for anyone who wants to understand the forces that are tearing the country apart and who wants to help build a better future for all Americans This book is a must read for anyone who is concerned about the future of America Dr Doe s insights are essential for understanding the deep divisions that are tearing the country apart and for finding a way to bridge these divides If you like this book write a review Albert C. Ellithorpe, the First Indian Home Guards, and the Civil War on the Trans-Mississippi Frontier M. Jane Johansson, 2016-11-21 The Civil War experiences of Albert C Ellithorpe a Caucasian Union Army officer commanding the tri racial First Indian Home Guards illuminate remarkable and understudied facets of campaigning west of the Mississippi River Major Ellithorpe s unit comprised primarily of refugee Muscogee Creek and Seminole Indians and African Americans who served as interpreters fought principally in Arkansas and Indian Territory isolated from the larger currents of the Civil War Using Ellithorpe s journal and his series of Chicago Evening Journal articles as her main sources M Jane Johansson unravels this exceptional account providing one of the fullest examinations available on a mixed race Union regiment serving in the border region of the West Ellithorpe s insightful observations on Indians and civilians as well as the war in the trans Mississippi theater provide a rare glimpse into a largely forgotten aspect of the conflict He wrote extensively about the role of Indian troops who served primarily as scouts and skirmishers and on the nature of guerrilla warfare in the West Ellithorpe also exposed internal problems in his regiment some of his most dramatic entries concern his own charges

against Caucasian officers one of whom allegedly stole money from the unit's African American interpreters Compiled here for the first time Ellithorpe's commentary on the war adds a new chapter to our understanding of America's most complicated and tragic conflict

International Education Daniel Ness, Chia-Ling Lin, 2015-03-17 This encyclopedia is the most current and exhaustive reference available on international education It provides thorough up to date coverage of key topics concepts and issues as well as in depth studies of approximately 180 national educational systems throughout the world Articles examine education broadly and at all levels from primary grades through higher education formal to informal education country studies to global organizations

The Civil War in Books David J. Eicher, 1997 With the assistance of several scholars including James M McPherson and Gary Gallagher and a long time specialist in Civil War books Ralph Newman David Eicher has selected for inclusion in The Civil War in Books the 1 100 most important books on the war These are organized into categories as wide ranging as Battles and Campaigns Biographies Memoirs and Letters Unit Histories and General Works The last of these includes volumes on black Americans and the war battlefields fiction pictorial works politics prisons railroads and a host of other topics Annotations are included for all entries in the work which is presented in an oversized 8 1/2 x 11 inch volume in two column format Appendixes list prolific Civil War publishers and other Civil War bibliographies and the works included in Eicher's mammoth undertaking are indexed by author or editor and by title Gary Gallagher's foreword traces the development of Civil War bibliographies and declares that Eicher's annotation exceeds that of any previous comprehensive volume The Civil War in Books Gallagher believes is precisely the type of guide that has been needed The first full scale fully annotated bibliography on the Civil War to appear in more than thirty years Eicher's The Civil War in Books is a remarkable compendium of the best reading available about the worst conflict ever to strike the United States The bibliography the most valuable reference book on the subject since The Civil War Day by Day will be essential for college and university libraries dealers in rare and secondhand books and Civil War buffs

Soldiers and Strangers Mark Stoye, 2005-01-01 The Civil War fought between Charles I and his Parliament is one of the most momentous conflicts in English history This book provides a wholly new perspective by revealing the extent to which the struggle possessed an ethnic dimension and the impact of that on the forging of English national identity Stoye reveals the acute fear of foreign invasion that gripped England after 1640 when the insular English were placed on the brink of what they perceived as a national emergency Stoye sets the creation of the New Model Army within that context arguing that its appearance represented the culmination of a campaign by Oliver Cromwell and others to forge a purely English military instrument one purged of the foreign soldiers who had been so prominent in earlier Parliamentary armies This self consciously English army eventually succeeded in wresting back control of the kingdom by defeating the king's forces re conquering Cornwall and Wales and expelling all foreign agents
