Soldiers Evangelicals And Opium Englands 18401842 War With China And Afterwards:

Opium, Soldiers and Evangelicals H. Gelber, 2004-02-24 This book questions the universal belief that England's 1840-42 war with China was an Opium War. What really worried London was insults to the crown, the claim of a dilapidated and corrupt China to be superior to everyone, threats to British men and women, and seizure of British property, plus the wish to expand and free trade everywhere. It was only much later that general Chinese resentment and Evangelical opinion at home and in America persuaded everyone that Britain had indeed been wicked and fought for opium. **The Elusive Quest of**

the Spiritual Malcontent Timothy C. F. Stunt, 2015-08-31 Timothy C. F. Stunt has gathered a range of his essays both published and unpublished in a collection of largely biographical studies. His subjects range from discontented Quakers hesitating over their identity to respectable Anglicans who were fascinated with the charismatic phenomena of tongue speaking and healing. Some of the characters with whom he is concerned can be described as mavericks on account of their strikingly individualist inclinations. Occasionally their unpredictability takes on a quasi-comic identity which could even qualify them to be described as loose cannons. On the other hand, some of them like Edward Irving, Norris Groves, and John Darby played a crucial part in the development of nineteenth-century evangelicalism. In their quest for the ideal church of their dreams, they were often disappointed, but one cannot but admire the single-mindedness of their quest. **Creating the Opium War** Hao Gao, 2019-12-20 Creating the Opium War examines British imperial attitudes towards China during their early encounters from the Macartney embassy to the outbreak of the Opium War, a deeply consequential event which arguably reshaped relations between China and the West in the next century. It makes the first attempt to bring together the political history of Sino-western relations and the cultural studies of British representations of China as a new way of explaining the origins of the conflict. The book focuses on a crucial period, 1792-1840, which scholars such as Kitson and Markley have recently compared in importance to that of the American and French Revolutions. By examining a wealth of primary materials, some in more detail than ever before, this study reveals how the idea of war against China was created out of changing British perceptions of the country. Books in Print, 2006-2007, 2006 The Opium War, 1840-1842 Peter Ward Fay, 1975 The Opium War 1840-1842 is an account of the coming and course of the war between England and China which delivered Hong Kong to the English, forced the imperial Chinese government to add four ports to Canton as places in which foreigners could live and trade, and rendered irreversible the process that for almost a century thereafter distinguished western relations with this quarter of the globe, the process that is loosely termed the opening of China. Although there are numerous studies of one aspect or another of the war, this is the first to treat extensively the opium trade from the point of production in India. The author begins with a description of the Ghazipur opium factory to the point of consumption in China, and is the first to give both Protestant and Catholic missionaries their due as both enthusiasts and critics of the war, and the first to rescue the

Catholic missionaries from a quite undeserved obscurity It is also the first full story of the military and naval campaigns of 1840 1841 and 1842 since Ouchterlony's account written 132 years ago *The First Opium War - The Chinese Expedition 1840-1842 - The Illustrated Edition* Duncan McPherson,2013-02-01 The first Anglo Chinese War of 1839 1842 was fought essentially over trade restrictions between the British Empire and the Qing Dynasty European traders were only permitted to sell through a cartel of Chinese merchants known as the Thirteen Hongs and were not allowed to travel live or trade in any other part of China apart from the Thirteen Factories in Canton Due to the ever growing demands of the home market for tea and China's insistence on payment in silver a trade imbalance in China's favour developed and so the British via the East India Company began to trade in opium Initially the Chinese authorities tolerated this but in 1839 the new governor of Canton seized all the opium banned its sale under threat of death and closed the channel to Canton effectively holding the British traders hostage The resulting retaliation from the British was somewhat delayed but in April 1840 the Chinese Expedition a force of 3000 soldiers and a small naval force arrived in Singapore After decisively defeating the Chinese in the summer 1842 the war finally ended with the signing of the Treaty of Nanking and the ceding of Hong Kong to the British Crown Fully illustrated throughout with contemporary paintings engravings and maps this authoritative eye witness account of the First Opium War was written by Duncan McPherson a surgeon with the 37th Madras Native Infantry Highly readable McPherson's vivid descriptions of China and its people and his detailed accounts of the battles give a unique perspective to the conflict Also included is an in depth appendix featuring the official battle reports general orders circulars notifications and returns of the dead and wounded [The Opium War in China: 1840-1842](#) Robin McKown,1974-01-01 An account of the war started by the British when in 1840 the Chinese tried to stop the sale of opium **The Lion and the Dragon** Mark Simner,2019-06-29 During the middle of the 19th Century Britain and China would twice go to war over trade and in particular the trade in opium The Chinese people had progressively become addicted to the narcotic a habit that British merchants were more than happy to feed from their opium poppy fields in India When the Qing dynasty rulers of China attempted to suppress this trade due to the serious social and economic problems it caused the British Government responded with gunboat diplomacy and conflict soon ensued The first conflict known as the First Anglo Chinese War or Opium War 1839 42 ended in British victory and the Treaty of Nanking However this treaty was heavily biased in favour of the British and it would not be long before there was a renewal of hostilities taking the form of what became known as the Second Anglo Chinese War or Arrow War 1857 60 Again the second conflict would end with an unequal treaty that was heavily biased towards the victor **The Lion and the Dragon** Britain's Opium Wars with China 1839 1860 examines the causes and ensuing military history of these tragic conflicts as well as their bitter legacies [The Opium War, 1840-1842](#) Peter Ward Fay,1975 **The Opium War Through Chinese Eyes** The Arthur Waley Estate,Arthur Waley,2013-11-05 First published in 1958 This volume translates and places in the appropriate historical context a number of private documents

such as diaries autobiographies and confessions which explain what the Opium War felt like on the Chinese side *The First Anglo-Chinese War, 1840 - 1842 a Study of the Opium Trade and Crisis* Harvey Egna,1980 The Opium War Julia Lovell,2011-09-01 On the outside the foreigners seem intractable but inside they are cowardly Although there have been a few ups and downs the situation as a whole is under control In October 1839 a few months after Chinese Imperial Commissioner Lin Zexu dispatched these confident words to his emperor a Cabinet meeting in Windsor voted to fight Britain's first Opium War 1839 42 with China The conflict turned out to be rich in tragicomedy in bureaucratic fumbblings military missteps political opportunism and collaboration Yet over the past hundred and seventy years this strange tale of misunderstanding incompetence and compromise has become the founding myth of modern Chinese nationalism the start of China's heroic struggle against a Western conspiracy to destroy the country with opium and gunboat diplomacy The Opium War is both the story of modern China starting from the first conflict with the west and an analysis of the country's contemporary self image It explores how China's national myths mould its interactions with the outside world how public memory is spun to serve the present and how delusion and prejudice on both sides have bedevilled its relationship with the modern West The Opium War Compilation Group,2000-12 A Communist Chinese view of the Opium War of 1840 42 between Britain and China compiled in 1976 by members of the history departments of Fudan University and Shanghai Teachers University **Commissioner Lin and the Opium War** Hsin-Pao Chang,1964-01-01 *China Books, Consisting of Copies of Minutes and Letters of Lord Auckland, Written to the British Plenipotentiaries and Commanders, Etc., in China During the "Opium War" in 1840-1842.
