the unit's Mission Essential Task List. Commanders use the METL to develop their unit training plan. Noncommissioned officers plan the individual training that Soldiers need to become warriors and to accomplish the METL. The STPs also known as Soldier's manuals provide the critical individual tasks for each military occupational specialty that support all of the unit's missions. The NCO leadership uses the tasks in the SMs to train the Soldiers and measure the Soldiers' proficiency with these unit critical tasks. The manuals provide task performance and evaluation criteria and are the basis for individual training and evaluation in the unit and for task-based evaluation during resident training.

Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean legible copy and make sure it's the latest version, not always easy. Some documents found on the web are missing some pages or the image quality is so poor they are difficult to read. If you find a good copy you could print it using a network printer you share with 100 other people, typically it's either out of paper or toner. If it's just a 10-page document, no problem, but if it's 350 pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com. We include a Table of Contents on the back cover for quick reference. We print these paperbacks as a service so you don't have to. The book is compact, tightly bound, paperback, full size 8 1/2 by 11 inches with large text and glossy covers.
