Peasant

Consciousness and Guerilla War in Zimbabwe Terence O. Ranger, T. O. Ranger, 1985-01-01 **Guns & Rain** David Lan, 1985

Almost every anti colonial struggle this century has been led by an army of guerrillas No such struggle has succeeded without a very high degree of cooperation between guerrillas and the local peasantry But what does cooperation between peasants and guerrillas really consist of What effect does it have on the way they view the world for which they fight In the struggle for Zimbabwe 1966 80 hundreds of thousands of peasants provided the guerrillas with practical help and support But they went a good deal further Throughout the country scores of spirit mediums the religious leaders of Shona gave active support to resistance With their participation the scale of the war expanded into an astonishing act of collaboration between ancestors and their descendants the past and the present the living and the dead This book is a detailed study of one key operational zone in the Zambezi valley It shows that to understand the meaning the war and independence have for the people of Zimbabwe themselves we must take into account not only the nationalist guerrillas and politicians the bearers of guns but also the mediums of the spirits of the Shona royal ancestors the bringers of rain Publisher **The Mandela Revolution** Huw Lawford, 2022-01-28 On 27 April 1994 South Africa went to the polls and delivered the first black government in the country's history This was the Mandela Revolution This is not the story of how the Rainbow Nation was formed but it tells a story of one part of the revolution a vital part that had to occur to give legitimacy to the new South Africa both at home and abroad It highlights the political necessity that drove a process and the seemingly inevitable failure that it became Not a failure of the process itself but a failure that had to occur to permit acceptability it resulted in the end of South Africa as a hegemony This account focuses on how the military forces supporting the Apartheid regime and those committed to its overthrow came together to form a new national force reflecting the new multi racial multi faith democracy The process appeared unacceptable in some measure to all sides but the political instruction in 1994 was that there was to be the integration of the South African defense Force and the armed wings of the African National Congress and the Pan Africanist Congress to form the South African National defense Force Within this revolution there was a small detachment from the British armed forces that were charged with assisting this transition They were required to oversee and assist a process that had never been done before and often had to operate alone It is a story of highs and lows of sudden death breakdowns and ultimately of hope This is a personal account of three years spent in the middle of this staggering transitional experiment It was Security Sector Reform and Disarmament Demobilisation and Reintegration DDR before such processes were coined by the United Nations and arguably it was considerably more successful than any such venture attempted by the United Nations It is a book that demonstrates how success and failure can occur simultaneously *Imagery of Identity in South African Education, 1880-1990* Michael Cross, 1999 *Imagery of Identity in South African Education* examines the role that images embedded in the language and discourses of colonialism and apartheid have played in shaping diverse and conflicting identities in South Africa It explores images and modes of discursive representation in South African education and the

associated struggles for constitution and hegemony of group identities over years Images should be understood in the context of the struggle in words and by words in the sense that images and representations of group identities are not neutral intellectual activity They are action and practice with profound implications for the affirmation of desire power and interests within society Cross shows how the question of group identity has dominated the history of intellectual and cultural production in South Africa particularly within the educational field **Fighting for Britain** David Killingray,2012 Based mainly on oral evidence and soldiers letters tells the story of over half a million African troops who served with the British Army in campaigns in the Horn of Africa the Middle East Italy and Burma Looks at the impact of army life and travel on the men and their families and the role of ex servicemen in post war nationalist politics State Politics in Zimbabwe Jeffrey Herbst,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 *Slabbert* Albert Grundlingh,2021-01-25 Frederik van Zyl Slabbert was a man on a mission whether as an academic an opposition politician a democratic facilitator or a businessman Perhaps this was a product of his restless probing intellect or his early ambition to become a dominee in the Dutch Reformed Church When he famously led a delegation of leading Afrikaners to Dakar in 1987 to meet the exiled ANC many saw it as a breakthrough while others felt he had been taken in And yet his reputation for honesty integrity wit and courage still towers above many of his contemporaries Slabbert was always different As an academic turned politician the charismatic Slabbert brought unusual intellectual rigour to Parliament transforming the upstart Progressive Federal Party into a force that challenged the National Party government But disillusioned by the paralysis of formal white politics and by the growing polarisation of South African society he resigned in 1986 to explore democratic alternatives to the impasse into which the country had been led under apartheid Largely side lined during the democratic transition he continued to pursue a broad range of initiatives aimed at building democracy empowering black South Africans and transforming the economy Albert Grundlingh s penetrating biographical study offers sharp insights into the thinking and motivation of this most unlikely politician Concise but wide ranging *Slabbert Man on a Mission* provides new perspectives on a figure who even today remains something of an enigma **Books for College Libraries: Psychology, science, technology, bibliography** ,1988 **Southern African Update** ,1994 A bibliographical survey **Africa Quarterly** ,1992
