Light on the Prairie Nancy Plain,2012-09-01 Alongside sixty two of Butcher s iconic photographs Light on the Prairie conveys the irrepressible spirit of a man whose passion would give us a firsthand look at the men and women who settled the Great Plains Solomon D. Butcher John E. Carter,2016 For millions of Americans Solomon D Butcher s photographs epitomize the sod house frontier His images from western Nebraska constitute the most extensive photographic record of the generation that settled the Great Plains Their faces are imprinted on our minds jaunty bachelors and earnest husbands Civil War veterans of both armies spinster sodbusters determined mothers cowhands farmhands and former slaves all in search of land of their own This first book devoted to Butcher and his photos presents a unique visual chronicle of that epoch firmly establishing Butcher s place in frontier photography In a substantial introduction John E Carter traces the variegated career of this Virginia born photographer who was himself an immigrant to the Nebraska plains Combining critical analysis with biography Carter situates Butcher in western history as well as in the history of photography and assesses his achievements in both Exploring the nature of Butcher s works and their scope content and significance Carter offers a perspective for evaluating the historical evidence found in his work and new insights into the evolution of Butcher s style and subject matter In this new paperback edition more than 125 photographs are superbly reproduced in duotone from high resolution scans of glass negatives This edition also includes a new afterword by Carter tracing the fascinating history of the photographs themselves after Butcher sold them to the Nebraska State Historical Society in 1912 Everyone interested in the plains pioneers or historical American photography will prize this splendid book **Solomon D. Butcher Solomon Devore Butcher,John E. Carter,1985 Gathers photographs taken between 1886 and 1911 of homesteaders cowboys ranchers farmers and workers in Nebraska and briefly describes the photographer s life and career Solomon D. Butcher Marla Fricke,1985 The purpose of this paper is to determine if the work of Solomon Butcher is an accurate statement of social reality during the frontier period or if it is but a product of the continuing myth of the western experience The paper will also investigate how factors financial technological and personal affected the accuracy of his work Introduction Solomon D. Butcher , The Sod House Photographs of Solomon D. Butcher Kenton Wray Main,1986 **American Windmills** T. Lindsay Baker,2007 Presents nearly 180 striking images of historic windmills across North America capturing the wind machines in a wide range of settings and uses and documenting both the construction of commercial machines and the innovative designs of individuals who built their own **Meaningful Places** Rachel McLean Sailor,2014-03-01 The early history of photography in America coincided with the Euro American settlement of the West This thoughtful book argues that the rich history of

western photography cannot be understood by focusing solely on the handful of well known photographers whose work has come to define the era Art historian Rachel Sailor points out that most photographers in the West were engaged in producing images for their local communities These pictures didn't just entertain the settlers but gave them a way to understand their new home Photographs could help the settlers adjust to their new circumstances by recording the development of a place revealing domestication alteration and improvement The book explores the cultural complexity of regional landscape photography western places and local sociopolitical concerns Photographic imagery like western paintings from the same era enabled Euro Americans to see the new landscape through their own cultural lenses shaping the idea of the frontier for the people who lived there *History of Custer County, Nebraska* William Levi Gaston, A. R. Humphrey, 1919 *Agricultural Research*, 1979 **Wood Hicks and Bark Peelers** Ronald E. Ostman, Harry Littell, 2016-09-07 In *Wood Hicks and Bark Peelers* Ronald E. Ostman and Harry Littell draw on the stunning documentary photography of William T. Clarke to tell the story of Pennsylvania's lumber heyday a time when loggers serving the needs of a rapidly growing and globalizing country forever altered the dense forests of the state's northern tier Discovered in a shed in upstate New York and a barn in Pennsylvania after decades of obscurity Clarke's photographs offer an unprecedented view of the logging lumbering and wood industries during the late nineteenth and early twentieth centuries They show the great forests in the process of coming down and the trains that hauled away the felled trees and trimmed logs And they show the workers cruisers jobbers skidders teamsters carpenters swampers wood hicks and bark peelers their camps and workplaces their families their communities The work was demanding and dangerous the work sites and housing were unsanitary and unsavory The changes the newly industrialized logging business wrought were immensely important to the nation's growth at the same time that they were fantastically and tragically transformative of the landscape An extraordinary look at a little known photographer's work and the people and industry he documented this book reveals in sharp detail the history of the third phase of lumber in America **American Regional Folklore** Terry Mood Leopold, 2004-09-24 An easy to use guide to American regional folklore with advice on conducting research regional essays and a selective annotated bibliography *American Regional Folklore* begins with a chapter on library research including how to locate a library suitable for folklore research how to understand a library's resources and how to construct a research strategy Mood also gives excellent advice on researching beyond the library locating and using community resources like historical societies museums fairs and festivals storytelling groups local colleges newspapers and magazines and individuals with knowledge of the field The rest of the book is divided into eight sections each one highlighting a separate region the Northeast the South and Southern Highlands the Midwest the Southwest the West the Northwest Alaska and Hawaii Each regional section contains a useful overview essay written by an expert on the folklore of that particular region followed by a selective annotated bibliography of books and a directory of related resources [Real Photo Postcard Guide](#) Robert Bogdan, Todd Weseloh, 2006-09-21 The *Real Photo Postcard Guide* is
