Shee,2019-05-23 First published in 1998 this volume responds to child prostitution being recognised as a major social problem in modern capitalist Taiwan It is defined both legally and socially as a problem of sexual transactions involving children and juveniles thus the issue of child maltreatment is submerged under other concerns However the main concern of this book is the protection of children from maltreatment so related socio legal measures will be examined by this parameter During the social campaigns against child prostitution structural problems such as police corruption male sexual perversion socio economic inequality and the maladjustment of aboriginal people in the modern Taiwanese society are subjugated to increasing criticism Nevertheless efforts to encounter any of them have had very limited accomplishment This book intends to show that the functions of law in the prevention and treatment of the social problem of child prostitution cannot work as intended if those structural problems are not properly tackled Suggestions are also made to address the need to reconceptualise the problem in the analytical framework of child maltreatment and to recommend the direction for reformation of policy and practice

Justice of the Peace ,1856 **Sexual Hospitality in the Hebrew Bible** Thalia Gur-Klein,2014-10-20 A woman s life in the ancient world was constrained by her social and economic status As a daughter she was firmly under the aegis of her father and brothers who would later allocate the woman to another man as his wife The power of fathers and husbands extended to using their wives and daughters as sexual gifts to gain favour Yet alongside this woman had certain socio economic rights notably concerning inheritance and property which they could use to protect themselves Sexual Hospitality in the Hebrew Bible examines sacred sexuality and ritual fecundity from patronymic marriage where the husband claims exclusive rights over his wife s sexuality and attributes her offspring to his line and kin to metronymic conjugal systems which allow a woman to remain in her home where the male consort joins her and her kin Ranging across abstention promiscuity and holy offering the sexual lives of women in biblical times reveal not only restriction but also female agency and resistance
