Some Big Bourgeois Brothel Europe's Culture Wars With Hollywood:

"Some Big Bourgeois Brothel" Bill Grantham, 2000 Examines Franco American cinema relations and France's periodic attempts to curb Hollywood's access to the French market The text's major focus is the French influence and American reaction to the European Union's Television Without Frontiers directive and the 1993 GATT talks in Uruguay *The European Cinema Reader* Catherine Fowler, 2002 This comprehensive introduction to national cinemas in Europe brings together classic writings by key filmmakers such as Sergei Eisenstein Luis Buñuel and John Grierson and critics from André Bazin to Peter Wollen **European Cinema** Thomas Elsaesser, 2005 European Cinema in Crisis examines the conflicting terminologies that have dominated the discussion of the future of European film making It takes a fresh look at the ideological agendas from avant-garde cinema to the high-low culture debate and the fate of popular European cinema

Governing European Communications Maria Michalis, 2007-10-08 The liberalization of communications markets especially from the 1980s onward has witnessed increased regulatory activity within but also above the national state By examining the European case concentrating on the European Union the most advanced example of regionalism *Governing European Communications* enhances understanding of the trend toward above the national state regulation its drivers and its limitations Analyzing in detail the origins dynamics and evolution of European level communications governance in the postwar era Michalis offers a single comprehensive and up-to-date account of telecommunications and television policies and regulation and their technological convergence *The SAGE Handbook of Film Studies* James Donald, Michael Renov, 2008-04-16 Written by a team of veteran scholars and exciting emerging talents *The SAGE Handbook of Film Studies* maps the field internationally drawing out regional differences in the way that systematic intellectual reflection on cinema and film has been translated into an academic discipline It examines the conversations between Film Studies and its contributory disciplines that not only defined a new field of discourse but also modified existing scholarly traditions It reflects on the field's dominant paradigms and debates and evaluates their continuing salience Finally it looks forward optimistically to the future of the medium of film the institution of cinema and the discipline of Film Studies at a time when the very existence of film and cinema are being called into question by new technological industrial and aesthetic developments

The Palgrave Handbook of European Media Policy K. Donders, C. Pauwels, J. Loisen, 2014-03-28 Containing state-of-the-art contributions on the various domains of European media policies this Handbook deals with theoretical approaches to European media policy its historical development specific policies for film television radio and the Internet and international aspects of the fragmented policy domain **The Cambridge Companion to Modern French Culture** Nicholas Hewitt, 2003-09-11 France entered the twentieth century as a powerful European and colonial nation In the course of the century her role changed dramatically in the first fifty years two World Wars and economic decline removed its status as a world power whilst the immediate post-war era was marked by wars of independence in its colonies Yet at the same time in

the second half of the century France entered a period of unprecedented growth and social transformation Throughout the century and into the new millennium France retained its former international reputation as a centre for cultural excellence and innovation and its culture together with that of the Francophone world reflected the increased richness and diversity of the period This 2003 Companion explores this vibrant culture and includes chapters on history language literature thought theatre architecture visual culture film and music and discuss the contributions of popular culture Francophone culture minorities and women

Hungarian Cinema John Cunningham, 2004 Hungarian cinema has often been forced to tread a precarious and difficult path Through the failed 1919 revolution to the defeat of the 1956 Uprising and its aftermath Hungarian film makers and their audiences have had to contend with a multiplicity of problems In the 1960s however Hungary entered into a period of relative stability and increasing cultural relaxation resulting in an astonishing growth of film making Innovative and groundbreaking directors such as Mikl s Jancs Hungarian Rhapsody The Red and the White Istv n Szab Mephisto Sunshine and M rta M szaros Little Vilma The Last Diary emerged and established the reputation of Hungarian films on a global basis This is the first book to discuss all major aspects of Hungarian cinema including avant garde animation and representations of the Gypsy and Jewish minorities

Hollywood's Film Wars with France Jens Ulf-Møller, 2001 It is based on hitherto unstudied documents from these institutions While European film production was at a standstill after World War I Hollywood companies flooded the European market with hundreds of films at very low prices

BOOK JACKET *Beyond the Subtitle* Mark Betz, 2009 Examining European art films of the 1950s and 1960s Mark Betz argues that it is time for film analysis to move beyond prevailing New Wave historiography mired in outdated notions of nationalism and dragged down by decades of auteurist criticism Focusing on the cinemas of France and Italy Betz reveals how the flowering of European art films in the postwar era is inseparable from the complex historical and political frameworks of the time

It's So French! Vanessa R. Schwartz, 2007-12-15 The recent history of cultural exchange between France and the United States would appear to be defined by freedom fries and boycotts against Beaujolais or on the other side of the Atlantic by enraged farmers toppling statues of Ronald McDonald But this dismal state of affairs is a long

way from the mutual admiration that followed World War II epitomized in a 1958 cover of Look magazine that declared Brigitte Bardot conquers America It s So French explores the close affinity between the French and American film industries that flourished in the postwar years breaking down myths of American imperialism and French cultural protectionism while illuminating the vital role that cinema has played in the globalization of culture Hollywood was once enamored with everything French and this infatuation blossomed in a wildly popular series of films including An American in Paris Gigi and Funny Face Schwartz here examines the visual appeal of such films and then broadens her analysis to explore their production and distribution probing the profitable influences that Hollywood and Paris exerted on each other This exchange moved beyond individual films with the sensational spectacle of the Cannes Film Festival and the meteoric career of Brigitte Bardot And in turn their success led to a new kind of film that celebrated internationalism and cultural hybridity Ultimately Schwartz uncovers an intriguing paradox that the road to globalization was paved with nationalist clich s and thus films beloved for being so French were in fact the first signs of a nascent cosmopolitan culture Packed with an array of colorful film stills publicity photographs paparazzi shots ads and never before seen archival images It s So French is an incisive account of the fertile collaboration between France and the United States that expanded the geographic horizons of both filmmaking and filmgoing forever changing what the world saw and dreamed of when they went to the movies **America's Role in the World** Phillip Margulies,2009 Examines the detailed history of American foreign policy and America s debate over the direction its foreign policy should take in the future *A Companion to Contemporary French Cinema* Alistair Fox,Michel Marie,Raphaëlle Moine,Hilary Radner,2015-01-27 *A Companion to Contemporary French Cinema* A Companion to Contemporary French Cinema presents a comprehensive collection of original essays addressing all aspects of French cinema from 1990 to the present day Featuring contributions from an international cast of established and emerging scholars of French cinema these innovative essays highlight the diversity of French films and filmmaking techniques that have emerged since the New Wave era Themes and topics covered include the social political and cultural contexts of recent French cinema contemporary filmmakers and performers genres cycles and cinematic forms gender and sexuality and emerging trends and innovative new filmmaking forms Among the French films examined in depth are hit comedies including Bienvenue chez les Ch'tis and Intouchables blockbusters such as The Crimson Rivers police films like 36th Precinct historical films such as Farewell My Queen and Days of Glory celebrated animated features such as Kirikou and the Sorceress films representative of the new French extreme such as Romance Baisemoi and Trouble Every Day and numerous auteur films ranging from Bruno Dumont s Hors Satan and Fran ois Ozon s shorts to Pascale Ferran s Lady Chatterley and Alain Guiraudie s L Inconnu du lac Combining cutting edge scholarship with wide ranging methodological approaches and perspectives *A Companion to Contemporary French Cinema* is an invaluable resource for students and scholars of French film as well as all those interested in the evolution of this celebrated cinematic tradition *Rififi* Alastair Phillips,2009-11-30

Du rififi chez les hommes 1955 directed by the exiled American film director Jules Dassin recounts the nail biting tale of a Parisian gangster heist gone wrong Famed for its extended dialog free robbery sequence it is both a classic French film noir and one of the greatest most influential crime films In this lively companion to the film Alastair Phillips reveals Dassin s role as a director of socially conscious Hollywood film noir and argues that his seminal contribution to the regeneration of the thriller in post war France therefore uniquely complicated relations between French genre cinema and American mass culture Phillips also examines the film s innovative narrative construction and use of sound its performance style and mise en scene and discusses the film s legacy showing how even today the term Rififi remains a byword for both criminal glamor and the enduring virtues of French popular classical film making

Cultural Diversity in the French Film Industry Sarah Walkley,2018-09-22 This is the first book to examine whether France s ongoing defence of the cultural exception as a means to maintain cultural policies and defend cultural diversity is justifiable in the digital age It questions whether the arrival of new players such as Apple and Netflix makes defence impossible and whether an explosion in the number of films available makes policies for cultural promotion increasingly unnecessary The book takes a critical look at French film policy to establish whether it promotes cultural diversity across cinema and video on demand and the implications for ongoing defence of the cultural exception Sarah Walkley ultimately makes the case for a more disciplined approach to discussion of the cultural exception and cultural diversity in France supporting ideological arguments about competition freedom of expression consumer choice and national identity with concrete evidence of the success of French policies in countering US film market dominance

Dialogues on Justice Helle Porsdam,Thomas Elholm,2012-04-02 The contributions presented in this volume are the result of research activities and interdisciplinary encounters organised by the Nordic Network of Law and Literature They focus on current discussions on justice in a Nordic and European context By expanding the focus to justice and humanities beyond law and literature the authors intend to not only cover law and literature in a traditional narrow sense but to embrace different perspectives closely linked to the research and debate about law and literature e g in cultural studies The volume specifically deals with four main themes each of which is described and analysed from different angles by a scholar with a background in the humanities and a scholar with a legal background or lawyer respectively Law and Humanities the Road Ahead History Memory and Human Rights Forgiveness and Law Justice Culture and Copyright

The Paradox of a Global USA Bruce Mazlish,Nayan Chanda,Kenneth Weisbrode,2007-05-04 The Paradox of a Global USA describes the vexed relationship between the United States and globalization On the one hand the U S has vociferously promoted modernization and open markets both central components of the process of globalization On the other hand it appears to be resolutely determined not to live within an institutional framework of globalized authority As the world s only superpower the United States is often perceived as championing its own narrow national sovereignty for example by opposing the Kyoto Protocol and the International Criminal Court and by taking action in Iraq outside the auspices of the UN

The book treats the paradox of American exceptionalism and globalization as a local happening within the broader process of globalization. These essays analyze the ways in which the USA has both played a role in and reacted against emerging present day globalization. Examples are drawn from the fields of history, political science, cultural studies, and economics, making this collection one of the very few to link together so diverse a group of authors and approaches to the subject of global USA.

Handbook of the Economics of Art and Culture, 2013-09-16. This volume emphasizes the economic aspects of art and culture, a relatively new field that poses inherent problems for economics with its quantitative concepts and tools. Building bridges across disciplines such as management, art history, art philosophy, sociology, and law, editors Victor Ginsburgh and David Throsby assemble chapters that yield new perspectives on the supply and demand for artistic services, the contribution of the arts sector to the economy, and the roles that public policies play. With its focus on culture rather than the arts, Ginsburgh and Throsby bring new clarity and definition to this rapidly growing area. Presents coherent summaries of major research in art and culture, a field that is inherently difficult to characterize with finance tools and concepts. Offers a rigorous description that avoids common problems associated with art and culture scholarship. Makes details about the economics of art and culture accessible to scholars in fields outside economics.

A Companion to Television, Janet Wasko, Eileen R. Meehan, 2020-03-17. The latest edition of the acclaimed volume on television studies featuring new original essays from leading scholars in the field. Although the digital age has radically altered the media and communications landscape, worldwide television continues to play a significant part of our lives. From its earliest beginnings through to the present day, television and its influence has been the subject of extensive study, critique, and analysis. *A Companion to Television* brings together contributions from prominent international scholars, comprising a wide range of perspectives on the medium. Original essays define television in its current state, explore why it is still relevant, survey the ways in which television has been studied, discuss how television has changed, and consider what television might look like in the future. Now in its second edition, this compendium includes fresh chapters that cover technological changes affecting television, contemporary approaches to understanding television audiences, new programming trends and developments, and more. Addressing nine key areas of television studies, such as industry, genres, programs, and audiences, the Companion offers readers a balanced, well-rounded integrative approach to scholarship in the field. This volume provides overviews of extensive original research from leading scholars and theorists, examines television's development and significance in various regions of the world, includes national and regional outlines of television around the world, features theoretical overviews of various critical approaches to television studies, explores historical, economic, institutional, political, and cultural issues studied by media scholars, and presents diverse perspectives on topics ranging from television advertising to satirical representations of the industry. *A Companion to Television, Second Edition* is an invaluable resource for those in undergraduate courses in television studies as well as in general media studies and communications.
