PREFACE

ON FLUCTUATIONS OF TASTE

When Voltaire sat down to write a book on Epic Poetry he dedicated his first chapter to Differences of Taste in Nations A critic of to day might well find it necessary on the threshold of a general inquiry to expatiate on Differences of Taste in Generations Changes of standard in the arts are always taking place but it is only with advancing years perhaps that we begin to be embarrassed by the recurrence of them In early youth we fight for the new forms of art for the new sthetic shibboleths and in that happy ardour of battle we have no time or inclination to regret the demigods whom we dispossess But the years glide on and behold one morning we wake up to find our own predilections treated with contempt and the objects of our own idolatry consigned to the waste paper basket Then the matter becomes serious and we must either go on struggling for a cause inevitably lost or we must give up the whole matter in indifference

This week I read over the signature of a very clever and very popular literary character of our day the remark that Wordsworth s was a genteel mind of the third rank I put down the newspaper in which this airy dictum was printed and for the first time I was glad that poor Mr Matthew Arnold was no longer with us But of course the evolutions of taste must go on whether they hurt the living and the dead or no We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will

enjoy this wonderful classic work and that for you it becomes an enriching experience Some Diversions Of A Man Of Letters Edmund Gosse,2020-02-10 When Voltaire sat down to write a book on Epic Poetry he dedicated his first chapter to Differences of Taste in Nations A critic of to day might well find it necessary on the threshold of a general inquiry to expatiate on Differences of Taste in Generations Changes of standard in the arts are always taking place but it is only with advancing years perhaps that we begin to be embarrassed by the recurrence of them In early youth we fight for the new forms of art for the new sthetic shibboleths and in that happy ardour of battle we have no time or inclination to regret the demigods whom we dispossess But the years glide on and behold one morning we wake up to find our own predilections treated with contempt and the objects of our own idolatry consigned to the waste paper basket Then the matter becomes serious and we must either go on struggling for a cause inevitably lost or we must give up the whole matter in indifference This week I read over the signature of a very clever and very popular literary character of our day the remark that Wordsworth s was a genteel mind of the third rank I put down the newspaper in which this airy dictum was printed and for the first time I was glad that poor Mr Matthew Arnold was no longer with us But of course the evolutions of taste must go on whether they hurt the living and the dead or no Some Diversions of a Man of Letters Edmund Gosse C.
