Some Glimpses Of Occultism 1919:

Some Glimpses of Occultism, Ancient and Modern Charles Webster Leadbeater, 1919 Hartmann's Who's who in Occult, Psychic and Spiritual Realms...in the United States and Foreign Countries ,1927 *The Astral Body* Arthur Edward Powell, 1927-01-01 In print since 1927 this study of our subtle body is based on the works of Theosophical authors and noted clairvoyants including H P Blavatsky C W Leadbeater and Annie Besant and is one of a series of 5 books dealing with the bodies of Man and his role in the Scheme of Evolution The astral body is the vehicle of feelings and emotions seen by clairvoyants as an aura of flashing colors *The Etheric Double and Allied Phenomena* Arthur Edward Powell, 1925

Some Glimpses of Occultism C. W. Leadbeater, 2014-03 This Is A New Release Of The Original 1919 Edition **The Mental Body** Arthur Edward Powell, 1927 The Chakras C. W. Leadbeater, 2013-05-07 Chakra Sanskrit wheel refers to the ancient Hindu concept of seven vortices of energy located on the spine from the tailbone to the crown of the head These centers define the physical and spiritual contact points in the human body In yoga they are bridges to higher consciousness symbolizing the journey from the material world to the divine Alternative medicine healers recognize them as a dynamic resource for health First published in 1927 this pioneering book by famed clairvoyant C W Leadbeater was the first to introduce the chakras to the West With great clarity he explains what each chakra means regarding our well being insight and personal power his color illustrations showing the chakras as they actually appear to those who can see them Anyone can perceive the chakras he says We must merely become sensitive to vibrations finer than those to which we normally respond The book has sold hundreds of thousands of copies and remains a classic The new material by Anodea Judith and Kurt Leland emphasizes its relevance for today **Between the Moon and Earth** Jay Alfred, 2007-01-18 Are heavens and hells parallel realities in a multiverse What has plasma got to do with it Since the dawn of history various cultures have imagined heaven and the abode of gods to be literally located in some part of the sky and hell in the interior of the Earth From a modern scientific perspective these were the earliest concepts of parallel universes and the idea of a multiverse which is a serious area of research in cutting edge physics today This book presents a model supported by scientific evidence which can shed more light on the intuitive traditional view It appears that after the death of the ordinary matter body a plasma counterpart of that body will indeed find itself in an invisible higher energy plasmasphere which interpenetrates and co rotates with the familiar visible form of planet Earth Depending on their composition these plasma bodies will gravitate or levitate into particular shells that host their own communities in the relevant plasmasphere consistent with established scientific laws in plasma dynamics The higher shells coincide with the visible atmosphere and beyond The lower shells coincide mainly with the crust and upper mantle of the ordinary matter Earth This book takes a detailed look at the habitats of these human linked plasma life forms It is a companion volume to the author s book *Our Invisible Bodies* which focuses mainly on the nature of the bodies of these plasma life forms **The Interpretation of Cosmic and Mystical Experiences** Robert Crookall, 1969

Albert Schweitzer said All the problems of religion ultimately go back to the one the experience I have of God within myself differs from knowledge concerning Him which I derive from the world In the world He is impersonal force within me He reveals Himself as Personality In his earlier books Dr Crookall dealt with the most important of psychical experiences namely out of the body experiences popularly called astral projections These are he says natural and normal to mankind This work is concerned with cosmic and mystical experiences the highest and most significant of which we are capable These are also natural and normal to mankind In the First Part a large number of experiences of at one ment are assembled and classified preparatory to a consideration of their incidence and nature Some people have at one with inanimate objects others with animate objects nature still others with people and many with God These various groups are shown to overlap there is says Crookall a complete and unbroken spectrum beginning with minerals and ending with God It is clear that at one ment with God is not as some writers have supposed essentially distinct from at one ment with nature On the basis of this the author agrees with Dr Raynor Johnson and the Revd Sidney Spencer the latter concluded Cosmic consciousness is the natural complement of the experience of union with God The Second Part of the book deals with descriptions of at one ment that have hitherto been entirely neglected by writers on this important subject namely those of communicators the supposed dead Some supposed dead communicators are shown to describe at one ment with inanimate objects others with nature with people and still others with God Again these groups overlap to form an unbroken spectrum of experience as in the experiences of the living a strong suggestion of surviving souls In point of fact Crookall notes that mystical experiences seem to be more frequent among the dead than the living This of course might have been expected Human mystical experiences are here considered for the first time in relation to the correlation suggested in the author s first book **The Etheric**

Double A. E. Powell,2007-04-25 According to esoteric teachings we have an energy body of lighter less dense material that is connected to our physical bodies Those who can see it call it the aura and can sometimes tell the state of a person s health by the way it appears Those who use its energy refer to the force as prana chi vital force orgone or a number of other names There are seven chakras or energy points where this energy collects in the etheric body Working with the chakras and these spiritual energies can play a big part in the psychic development and enlightenment of those sensitive enough to work on these levels This book shows you how Subjects include a chapter on each chakra center also Prana or Vitality Force Centres Kundalini Healing Mediumship Birth Death Mesmerism Magnetisation of Objects Ectoplasm and more **The Messenger**,1918 *Catalogue of the Library of the Peabody Museum of Archaeology and Ethnology, Harvard University: Ladd to Lonb* Peabody Museum of Archaeology and Ethnology. Parapsychology and Occult Books Marietta Chicorel, 1978 **William Crookes (1832-1919) and the Commercialization of Science** William H. Brock, 2016-12-14 William Crookes long life was one of unbroken scientific and business activity culminating in his appointment as President of the Royal Society in 1913 Throughout his career he was an important science journalist the discoverer of thallium the inventor of the radiometer investigator of cathode rays and the vacuum a spectroscopist of significance in rare earth chemistry and a spokesman for a chemical solution to the problems with the world's food supplies He was also and perhaps most controversially an occultist who played a significant role in spiritualism in the 1870s and was involved with D D Home Browning's Mr Sludge and other notable mediums of the day Previous literature on Crookes has tended to focus on his involvement with the spiritualists sometimes to the detriment of his many scientific achievements This the first biography of William Crookes gives us the whole man one of the most complex public and interesting figures in the history of science Professor Brock guides us through the abundant catalogue of Crookes' accomplishments placing his scientific activities in the context of the business of making a living from science something that Crookes did principally as a science journalist and editor with his *Chemical News* the model for today's *Nature* and by business enterprises ranging from water analysis sewerage schemes and goldmining to the design of electric light bulbs We also see Crookes in the lab as an independent researcher and learn the processes behind his discovery of thallium his investigations into matter and energy and his crucial work on cathode rays We see the public man the celebrity who was much sought after for his opinions on the latest discovery and who was widely regarded as Britain's leading scientist at the beginning of the twentieth century Scientist spiritualist entrepreneur Sir William Crookes' extraordinary life and many endeavours provide a unique window into Victorian and Edwardian science and industry *Some Fruits of Theosophy* Stanley Morison, 1919 [Guide to Microforms in Print](#), 1997 **Die Chakras: Das Grundlagenwerk über die menschlichen Energiezentren** Charles W. Leadbeater, 2020-04-26 Das Grundlagenwerk über die menschlichen Energiezentren Der Klassiker auf dem alle modernen Bücher über die Chakras des Menschen aufbauen Kein anderes Werk von Charles W Leadbeater hat größere Verbreitung gefunden als sein Meisterwerk über die Chakras Seine Grundlagenforschungen über die menschliche Lebenskraft die durch die einzelnen Energiezentren des Körpers wirkt sind eine zeitlose Quelle des Wissens und der Inspiration Ohne ein genaues Verständnis über das Wirken der Kundalini der geheimnisvollen Lebenskraft die am Ende der Wirbelsäule ruht lässt sich menschliches Leben nur unvollkommen begreifen Leadbeater schildert das Wirken der Kundalini und ihren Aufstieg durch die Chakras des Menschen in allen Einzelheiten und verdeutlicht seine Wahrnehmungen durch zahlreiche Illustrationen und großformatige Farbtafeln Einer der größten Klassiker der esoterischen Literatur C W Leadbeater zahlt ohne Zweifel zu den größten Hellsehern und Eingeweihten der Neuzeit Sein großes Meisterwerk über die Chakras ist jetzt in einer neuen erweiterten Ausgabe wieder lieferbar Die gesamte esoterische Bewegung des 20. Jahrhunderts schöpfte in erheblichem Maße aus diesem Klassiker der spirituellen Literatur der auch heute am Beginn eines

neuen Jahrtausends nichts von seiner geistigen Größe und Strahlkraft eingebüßt hat. Wenn viele moderne Autoren längst in der Vergessenheit versunken sein werden, wird noch immer in den Buchhandlungen aller Länder ein Platz reserviert sein für die großen Meisterwerke von Charles W. Leadbeater.
