the thought of leaving his beloved family for another woman was devastating to even think about It would never happen he knew this but it was hard to look at Connie with Jaclyn on his mind thats why he spent a great many late afternoons at the corral grooming the little Roan mustang and the big black Jim Stockwell had given him After several months he did manage to push Jaclyn aside or so he thought Because as the old saying goes when it rains it pours As fate was bound to have it they were all sitting down to supper late one afternoon when Rodney brought news of a heartbreaking event one that almost broke his heart one that would throw him back into the role of gunfighter and manhunter Jaclyns Foreman had been murdered and she herself seriously wounded and fighting for her life To Billy Upshur they both were considered family and without saying when family was wronged as was his way he would see about it Only this time Connie insisted on going back with him because Jaclyn was the woman that saved his life and she was bent on being there for her as well It also meant that Rodney and his wife were to go with him also and he dared not refuse any of them Something was definitely wrong in Decatur Texas and he had been summoned by Jaclyns friends to make it right again and if it was the last thing he ever did he would see about it *Report from Ground Zero* Dennis Smith,2003-02-25 The tragic events of September 11 2001 forever altered the American landscape both figuratively and literally Immediately after the jets struck the twin towers of the World Trade Center Dennis Smith a former firefighter reported to Manhattan s Ladder Co 16 to volunteer in the rescue efforts In the weeks that followed Smith was present on the front lines attending to the wounded sifting through the wreckage and mourning with New York s devastated fire and police departments This is Smith s vivid account of the rescue efforts by the fire and police departments and emergency medical teams as they rushed to face a disaster that would claim thousands of lives Smith takes readers inside the minds and lives of the rescuers at Ground Zero as he shares stories about these heroic individuals and the effect their loss had on their families and their companies It is says Smith the real and living history of the worst day in America since Pearl Harbor Written with drama and urgency *Report from Ground Zero* honors the men and women who in America s darkest hours redefined our understanding of courage *Kenya National Assembly Official Record*

Mental Suicide Matthew A. Woodmancy, 2010-10-12 Rejection breeds bitterness betrayal breeds self doubt until nothing feels real anymore Everyone at one time or another has had their heart broken and ripped out or their spirit split into shards beaten battered and scorched and it has lead down the path of mental suicide undermining the fabric of stability A broken heart never fully heals but unfortunately it keeps on beating whether we want it to or not Some of us take a path of self destruction and some tear up their soul from the inside out This volume covers the deepest anguish that humans have endured for as long as we have infested this world No one is exempt from the pain as explained within This outpouring of raw emotion whether darkly destructive in nature or light in humor is a man s quest through a life he would gladly trade for a better one but is destined to survive the one he has as best he can The writings within have been found to be inspirational and very disturbing as a portrait of love friendship betrayal family and perseverance which is portrayed in a tapestry of blood and laughter This author writes outside the boundaries and breaks the rules as he does in life so if you re looking for answers here good luck
