The Mountain Knows the Mountain Philip Connors, 2025-09-16 From firewatcher poet comes a powerfully meditative work with a basis in Japanese poetic form Haibun Comps are Peter Matthiessen's Snow Leopard and The Nine Headed Dragon River Terry Tempest Williams Barry Lopez and even Norman MacLean's Young Men and Fire Multi award winning

writer Philip Connors had been a fire watcher in the Gila Wilderness for fourteen straight summers when he sustained an injury and was forced to miss a year recovering. When he returned he resolved to see the mountain with fresh eyes and to keep a detailed notebook. The result is *The Mountain Knows the Mountain*, a meticulously observed experience of one fire season chronicled in haibun, the centuries old prose form dating from Basho's *Narrow Road to the Interior* that recounts both inner and outer journeys and incorporates traditional haiku as an occasional element of narrative counterpoint. Though only a beginner in the practice of haiku, Connors deftly weaves close observation, personal reflection, and memory with hard won knowledge of the forest, the mountain, and of fire. *The Mountain Knows the Mountain* is both mythic and immediate, a chronicle of daily events granular in their specificity but connected to larger themes of the observed world and the inner life of the observer. Connors captures the various moods of a long season on a mountain, plays with language and ways of seeing, and includes contributing perspectives from his partner Mónica Ortiz Uribe and his friend, the late editor and publisher Bobby Byrd. Together with the author's own simple drawings, the resulting snapshots offer incisive visions of how to be intimate with the wild.

*Postcards to the Universe* Melisa Caprio, 2019-11-19. Connect with the Universe and Your Own Deepest Desires. Read the book and you will believe that you can change your life. Do the exercises and you will change your life. Dr. Elisa Robyn, PhD in psychology and author of *The Way of the Well* and *Pirate Wisdom*. Open a conversation with the world around you. We have the ability to be in open communication with the Universe, the loving energy behind all creation. But do we listen to what the Universe has to say? Do we use our own voices to speak back? Artist, photographer, popular radio host, and blogger Melisa Caprio helps us enter into deep conversation with the Universe through combining creative visualization with the power of intention. Identify the desires of your heart. Too often we are so caught up in daily life that we don't stop and ask ourselves what we truly desire. While it is tempting to stay in our comfort zone, our heart longs for more than the mundane. It desires manifestation. Caprio is here to foster that state of mindfulness and spirituality through photography, postcard art, written messages, and affirmations from others who are living their greatest desires. Harness your own spiritual power. Creators, mystics, artists, and spiritualists will find representation and inspiration in this book. Likewise, those who have been putting their dreams on hold or who are dissatisfied with the status quo will find this book to be a visual guide to attaining the creativity they long for in their lives. Each of us possesses the power to bend the ear of the Universe and share what it is we want most. Put mind over matter and pursue your deepest desires. Form an active and poignant relationship with the Universe. Reach your full potential and feel empowered to live an inspired and successful life. If books such as *The Universe Has Your Back*, *Becoming Supernatural*, and *Mind to Matter* have spoken to you, then you'll love Melisa Caprio's *Postcards to the Universe*.
