Something Barely Remembered:

Popular Music Scenes and Cultural Memory Andy Bennett, Ian Rogers, 2016-11-23 This volume explores the ways in which music scenes are not merely physical spaces for the practice of collective musical life but are also inscribed with and enacted through the articulation of cultural memory and emotional geography The book draws on empirical data collected in cites throughout Australia In terms of understanding the relationship between music scenes and participants much of the existing popular music literature tends to avoid one key aspect of scene its predominant past tense and memory based nature Nascent music scenes may be emergent and on going but their articulation in the present is often based on past events ideas and histories There is a noticeable gap between the literature concerning popular music ethnography and the growing body of work on cultural memory and emotional geography This book is a study of the conceptual formation and use of music scenes by participants It is also an investigation of the structures underpinning music scenes more generally **Rose and Thorne** Lorel Clayton, 2025-03-31 Highcrowne hits the fan when democracy comes to town Riots assassination One thing you can be sure of is that Eva Thorne will be at the center of it all Eva doesn't want to be the lead candidate for the Human Crown especially since she's Solhan and not human at all and certainly not after the elf interim council declares democracy a treasonous activity punishable by death The only thing no one counted on was a new player on the board or rather a very very old one People are turning into puppets under the control of an ancient bodysnatching plant but someone is pulling the puppeteer's strings and as usual nothing is what it seems Can Eva stop the plant creature from taking over the world Or should she let it win just to avoid a fate worse than death being elected Eva has become the cliché a hard drinking hard nosed private detective bitter and uncaring Or so she thinks A high profile murder throws Highcrowne into chaos and the man she's falling in love with despite her best efforts to avoid it is the prime suspect She sets out to prove his innocence and uncovers plots within plots and dangers far greater than the world's deadliest assassin or even the bodysnatching plant alien taking over the world Old lovers and old gods come back to haunt her and in the end she learns that sometimes winning means losing *Astaroth's Infernal Legions* Sean McAnulty, 2023-07-11 Astaroth's Infernal Legions A Lesbian in Transylvania by Sean G McAnulty gradually begins as a queer love story but later evolves into a psychological mystery On a vacation in Eastern Europe Debbie Ryans struggles to make a relationship work while dealing with casual bigotry These relatively grounded problems however slowly give way to a greater threat as Debbie realizes that her reality is being warped by the presence of mind control demons This book is part of the author's Infernal Legions series You don't want to miss this intriguing story characterized by a young gay woman finding love while also trying to deal with extraordinary circumstances Synopsis of Astaroth's Infernal Legions A Lesbian in Transylvania by Sean G McAnulty While on a motorcycle tour in Romania Debbie Ryans happens to meet a girl named May Sometimes people just click and love can bloom in no time at all While working on her relationship Debbie can be forgiven for missing the small details She can be forgiven for not noticing

subtle warped changes in the world around her Even further she can be forgiven for not noticing strange beings lurking just beyond her vision She can be forgiven for not noticing when members of her tour group start to go missing And when a strange man approaches her and tells her point blank that demons have invaded the Earth and are using mind control to warp her perception of reality Well Debbie can certainly be forgiven for dismissing that man as a creep After all none of that really matters when she looks into the eyes of the girl she loves **Secrets When In Shadows Lie** Jennifer St.

Sixteen years ago a war that humans had been slowly losing for more than two thousand years ended in a place called Iowa The victors unknowingly overcame seemingly insurmountable odds at the last possible moments and the losers in this titanic battle fled into the unassailable shadows from whence they had come hiding behind mathematical equations so complex even they were unable to solve all of them Sixteen years later humans struggle to rebuild from the ashes plucking discovery upon

Madeleine L'Engle: The Wrinkle in Time Quartet (LOA #309) Madeleine L'Engle, 2018-09-25 Rediscover an American classic with this special deluxe edition of the Newbery Award-winning children's series starring the iconic time-traveling heroine Meg Murry. This Library of America volume presents Madeleine L'Engle's iconic classic *A Wrinkle in Time*, one of the most beloved and influential novels for young readers ever written, in a newly prepared authoritative text, and as a special feature, it includes never-before-seen deleted passages from the novel in an appendix. L'Engle's unforgettable heroine Meg Murry must confront her fears and self-doubt to rescue her scientist father, who has been experimenting with mysterious tesseracts capable of bending the very fabric of space and time. Helping her are her little brother Charles Wallace and her friend Calvin O'Keefe, and a trio of strange supernatural visitors called Mrs. Whatsit, Mrs. Who, and Mrs. Which. But *A Wrinkle in Time* was only the beginning of the adventure. Seven other Kairos cosmic time novels followed, collected for the first time in a deluxe two-volume collector's boxed set. This first volume gathers *Wrinkle* with three books that chronicle the continuing adventures of Meg and her siblings: In *A Wind in the Door*, Meg and Calvin descend into the microverse to save Charles Wallace from the Echthroi, evil beings who are trying to unname existence. When a madman threatens nuclear war in *A Swiftly Tilting Planet*, Charles Wallace must save the future by traveling into the past. And in *Many Waters*, Sandy and Dennys, Meg's twin brothers, are accidentally transported back to the time of Noah's Ark. A companion volume gathers the final four Kairos Novels, the Polly O'Keefe quartet, in which Calvin and Meg's daughter takes center stage.

Ruins Odai Johnson, 2018-10-10 Much of the theater of antiquity is marked by erasures, missing origins, broken genres, fragments of plays, ruins of architecture, absented gods, remains of older practices imperfectly buried and ghosting through the civic productions that replaced them. *Ruins: Classical Theater and Broken Memory* traces the remains, the remembering, and the forgetting of performance traditions of classical theater. The book argues that it is only when we look back over the accumulation of small evidence over a thousand-year sweep of classical theater that the remarkable and unequalled endurance of the tradition emerges. In the absence of more evidence, Odai Johnson turns instead to the absence itself, pressing its most legible gaps into a narrative about scars, vanishings, erasures, and silence: all the breakages that constitute the ruins of antiquity. In ten wide-ranging case studies, theater history and performance theory are brought together to examine the texts, artifacts, and icons left behind, reading them in fresh ways to offer an elegantly written

extended meditation on how the aesthetic of ruins offered a model for an ideal that dislodged and ultimately stood in for the historic
