Something Happens When Churches Pray:

Something Happens when Churches Pray Warren W. Wiersbe, 1984 *What Happens When the People of God (the Church) Pray* The Rev. Dr. Gary W. Exman, 2024-07-18

What Happens When the People of God the Church Pray draws on the author's fifty-eight years of experience praying to the Lord individually in groups and as a pastor, preacher, and evangelist. Rev. Dr. Gary W. Exman highlights the numerous prayer victories he's led, participated in, or seen, smashing the myth that fervent prayer is ineffective. He also reveals how he's transformed his personal, professional, and pastoral ministry through prayer. As you read, you'll consider questions such as: How is prayer connected to salvation? How should we pray to the Lord? How can praying help us forgive those who have wronged us? The author also considers how the COVID-19 pandemic affected worship, how prayer can transform families and governments, and how to share the spirit of prayer. He urges readers to never forget what the church is. It does not consist of buildings but rather the people of God building relationships with people who do not know God to help them know and love God in Jesus.

Transformational Church Ed Stetzer, Thom S. Rainer, 2010-06-01

How are we doing? The church that is. And how are we doing it? Congregations have long measured success by bodies, budget, and buildings: a certain record of attendance, the offering plate, and square footage. But the scorecard can't stop there. When it does, the deeper emphasis on accountability, discipleship, and spiritual maturity is lost. Ignoring those details, we see fewer lives transformed, Christian influence wane, and churches thin out—a situation that is all too familiar across North America today. It is time to take heart and rework the scorecard. According to Ed Stetzer and Thom S. Rainer, the authors of *Transformational Church*, too often we've highlighted the negative realities of the declining American church but missed the opportunity to magnify the God of hope and transformation. Based on the most comprehensive study of its kind, including a survey of more than 7,000 churches and hundreds of on-site interviews with pastors, *Transformational Church* takes us to the thriving congregations where truly changing lives is the norm. Stetzer and Rainer clearly confirm the importance of disciple-making for all through active biblical engagement and prayerful dependence on God, alongside of ever-increasing intentional participation in mission and ministry activities. As the church engages these issues, the world will see the change. More people following Christ. More believers growing in their faith. More churches making an impact on their communities. The transformation starts now.

The Word and Power Church Douglas Banister, 2009-09-03

You don't have to head overseas to find a war. In the church, the rhetorical crossfire between evangelical and spirit-filled Christians over the past hundred years has been withering. No scriptural foundations is the charge evangelicals have leveled at the charismatics. No spiritual power, the latter have countered. The boundaries are clear. The positions are taken and guarded. Either you're a Word person or a Power person. Today though, such black and white either/or thinking is giving way to the liberty and promise of a Word and Power church. Pastor Doug Banister shows why we cannot afford to settle for less. It's time to bury our differences, which are largely artificial, and discover the incredible potential that arises when evangelicals combine their

strengths with Pentecostals and charismatics Taking a long careful and honest look at the Scriptures at church history and at the state of the church and the world today Pastor Banister reveals why Pentecostalism and evangelicalism need each other Each tradition possesses strengths that are essential to a balanced life changing faith The Word and Power Church shows how these two mighty rivers add to rather than subtract from each other At the cusp of a new millennium they are in fact merging into one river Word and Power churches may experiences turbulence where the waters meet but they teem with life hope faith and power to reach a desperate world with the Gospel Filled with personal anecdotes this fascinating thought provoking and candid book supplies the why tos and how tos of a Word and Power approach What you won t find is preferential treatment of one view over another What you will find are thoughtful biblical insights that will challenge you and inspire you And you ll discover practical guidance for charting your own course whether as an individual or as a church toward a faith that embraces the truth of the Word and the power of the Spirit As a solidly evangelical seminary graduate and pastor Banister admits to having disdained charismatics That is until meticulous study of God s Word convinced him that miraculous gifts of tongues healing and prophecy are indeed valid for today As he details his journey beyond categories Banister explores the reasons for the age old rift between the two camps and the ways in which healing is taking place in new Word and Power churches all over America When evangelicals and charismatics bring together the best from each tradition he has discovered that the result is a strong unified body Word and Power churches affirm the authority of Scripture and encourage the propheticembrace of those who pray in a spiritual language pursue obedience to Christ edify the believer and evangelize the seeker heal the sick and comfort the suffering The Word and Power Church will speak to Christians everywhere who want to walk in both the integrity of Scripture and the power of the Holy Spirit **Developing**

Greeley,2011-12-31 What might one expect to learn from a probability sample study of the Archdiocese of Chicago Can one form a national portrait of Catholics in the United States from data about Chicago Certainly Chicago is unique in its judgments about its clergy As the eminent Catholic sociologist Andrew M Greeley argues it is this very difference that makes rigorous comparisons between Chicago Catholics and other Catholic subpopulations possible He suggests that history and geography provide a basis for understanding the development

of the Catholic Church not just in this specific area but also in the entire United States The Catholic Archdiocese of Chicago it composed of two counties Lake and Cook At the same time the Catholic population has been pushed up against the boundary of DuPage County by racial change in the city so that much of the west and south side Catholic population of the city has moved into the southern and western suburbs In this research area half of the Catholics have attended college and half of those have attended graduate school Thus the conventional image of Chicago as a mix of ethnic immigrant neighborhoods has to be modified although there are still many new immigrants attending special immigrant parishes Greeley argues that the official church in Chicago and by inference elsewhere has not recognized the community structures that permeate the neighborhoods that it does not grasp the religious stories that shape its peoples identity and it does not understand the intense if selective loyalty of the archdiocese to its leadership As part of this argument Greeley includes transcriptions of in depth interviews with former Catholics This study provides a fascinating window into the world of Catholicism in twenty first century urban America **A New Vision, a New Heart, a Renewed Call** David Claydon,2005
