Crime Evelyn Rose,2021-12-30 Domestic Violence as State Crime presents a provocative challenge to the way that domestic violence is understood and addressed Underpinned by a radical feminist perspective the central argument of this book is that domestic violence against women constitutes a patriarchal state crime By analysing the international collective structural and institutional dimensions of this harm the author outlines a spectrum of state complicity ranging from passive bystander to active producer participant and perpetrator The wide ranging analysis in this book draws on data from comparable liberal democratic contexts including Australia the United States and the United Kingdom in order to comprehensively show how domestic violence state criminality functions in practice even in the present and in supposedly progressive contexts This analysis provides valuable insight into why this epidemic scale crime is ever resistant to a diversity of contemporary interventions Drawing its concepts into a cohesive whole the book then posits an overarching feminist typological theory of domestic violence as state crime It also considers how domestic violence might be addressed if we confront its state crime dimensions and adopt a more holistic and transformative approach to remedy redress prevention and justice An accessible and compelling read Domestic Violence as State Crime offers an innovative scholarly and activist contribution to the study of violence against women feminism criminology and the broader critical study of law politics and society It will appeal to anyone who is interested in thinking differently about domestic violence and the state

The Link between Specific Forms of Online and Offline Victimization Shelly L.

Clevenger, Catherine D. Marcum, 2023-09-06 This book features the empirical work of internationally known scholars providing an in depth examination of the overlap between online and offline victimization and offending The vast expanse of the Internet has provided a limitless playground for offenders to prey on those unaware of their predators or well as those who are intimately familiar with their offenders However the Internet does not isolate offenders into mutually exclusive categories Instead it has allowed many offenders to use both offline and online platforms to commit crime It also opened up more opportunity for violation of victims This volume features two divisions of the American Society of Criminology the Division of Victimology and Division of Cybercrime who have joined forces to sponsor a special issue on the overlap between forms of online and offline victimization and offending International scholars in this book provide a notable spectrum of

different forms of this phenomenon as well as predictors of these behaviors The Link between Specific Forms of Online and Offline Victimization will be a key resource for academics researchers and advanced students of Victimology Cybercrime Criminology and Criminal Justice The chapters included in this book were originally published in Victims Offenders **The Storyteller's Shadows** Bill Reed,2018-03-03 In a volume containing 14 original plays including three shadow play adaptations of Gogol Morton and Runyon classics the author resurrects a sadly neglected theatre genre the shadow play combining traditional shadow techniques with normal acting to create full bodied mainstream plays **AIDS in the Shadow of Biomedicine** Isak Niehaus,2018-12-15 The Bushbuckridge region of South Africa has one of the highest rates of HIV infection in the world Having first arrived in the area in the early 1990s the disease spread rapidly and by 2008 life expectancies had fallen by 12 years for men and 14 years for women Since 2005 public health facilities have increasingly offered free HAART highly active antiretroviral therapy treatment offering a degree of hope but uptake and adherence to the therapy has been sporadic and uneven Drawing on his extensive ethnographic research carried out in Bushbuckridge over the course of 25 years Isak Niehaus reveals how the AIDS pandemic has been experienced at the village level Most significantly he shows how local cultural practices and values have shaped responses to the epidemic For example while local attitudes towards death and misfortune have contributed to the stigma around AIDS kinship structures have also facilitated the adoption and care of AIDS orphans Such practices challenge us to rethink the role played by culture in understanding and treating sickness with Niehaus showing how an appreciation of local beliefs and customs is essential to any effective strategy of AIDS treatment Overturning many of our assumptions on disease prevention the book is essential reading for practitioners as well as researchers in global health anthropology sociology epidemiology and scholars interested in public health and administration in sub Saharan Africa *2015 General Election Manifesto* Mike Buchanan,2015-01-29 The human rights of men and boys in the United Kingdom have been increasingly assaulted by the state s actions and inactions for over 30 years as they have across much of the developed world Justice for men boys and the women who love them is the only political party in the English speaking world campaigning for the human rights of men and boys including the right of all children to enjoy good access to both parents following family breakdowns and the restoration of fatherhood and strong families The British state has become ever more hostile towards men and boys although the state is largely funded by men through income tax receipts Men collectively pay 72% and women 28% of the income taxes collected by the state In 2011 12 British men paid 68 billion 68 000 000 000 more income tax than women yet the state disadvantages men and boys in many areas usually to advantage women and girls There are no areas in which the state disadvantages women and girls A state which is hostile towards half its citizens also affects women who are mothers of boys or who are men s partners relatives colleagues friends or acquaintances In the case of abortion foetal alcohol syndrome and fatherlessness girls including those yet unborn are also assaulted by the actions and inactions of the state The result is both inevitable and predictable an ever

more dysfunctional society with increasing alienation of the sexes In this manifesto we provide details of the state s disadvantaging of men and boys in 20 areas and we make proposals in each of them The areas are presented in a broadly chronological order Abortion Foetal alcohol syndrome Genital mutilation Fatherlessness restoring strong families Education Employment Access to children after family breakdowns Domestic violence Sexual abuse Armed Forces veterans mental health issues Homelessness Suicide Criminal justice system Paternity fraud Anonymity for suspected sexual offenders Divorce Health Political representation State interference in company director appointments Expectation of retirement years The social engineering programmes which seek equality of gender outcomes are having an increasingly damaging impact on British society and the Conservative led coalition is no less keen on driving those programmes than the preceding Labour administrations We have a vision of Britain as a nation that doesn t disadvantage half its citizens A society in which men and women have equal opportunities but are able to make their own choices in life without state intervention to advantage one sex over the other It s said that under the first past the post system votes for parties other than the major parties are wasted but voting is the only mechanism democracy affords citizens to seriously challenge politicians who embrace the all pervading anti male ideology which has dictated the state s policy directions for over 30 years The major parties are institutionally committed to advantaging women and girls at the expense of men and boys regardless of the consequences as we recognized after engaging in parliamentary inquiries which demonstrated that the government simply doesn t respond to rational arguments against anti male policy directions The only choice for citizens concerned about the state s assaults on the human rights of men and boys is to vote and to vote for J4MB In the short to medium term our challenge is to improve public understanding about the state s assaults on the human rights of men and boys We do that in various ways including the use of social media Our television and radio appearances may be found on our YouTube channel Our longer term strategy however is to develop our party to the point that we can field many candidates in general elections in marginal constituencies where the major parties are vulnerable They will then have no choice but to take heed of the voices we represent engage with us and seek to appease them by modifying their policies and their direction of travel At the 2015 general election we ll be fielding three candidates in adjacent constituencies near Nottingham where in 2010 MPs were elected with very slim majorities I ll be standing in Ashfield where Gloria De Piero retained the seat for Labour with 192 more votes than a Liberal Democrat candidate She s the Shadow Minister for Women Equalities Ian Young formerly a victim of domestic violence will be standing against a Conservative Mark Spencer in Sherwood Ian lives in the constituency in Hucknall Ray Barry leader of the campaign group Real Fathers for Justice will be standing against another Conservative Anna Soubry in Broxtowe I should like to take this opportunity to thank all the men and women who have supported J4MB since its launch in February 2013 including those who have contributed to this manifesto We ve gone to considerable lengths to ensure that all the information we present is factually correct If you should find any mistakes or you believe any of the content to be misleading please draw

this to our attention If you feel able to support J4MB in any way please contact us I invite you to make a donation which will support our campaigning Nobody associated with J4MB has ever drawn any personal income from donations and we don't expect that to change in the foreseeable future if ever Thank you for your support and for seeking justice for men and boys and the women who love them
