

## **Me Trying To Describe Myself**

**I wasn't perfect boy, my hair doesn't always stay in place.  
I don't have alot of friends to share.  
I always look nasty and clumsy,  
I don't have any special skill in my daily.  
Nor I was just a geek...  
Till one day I'm realize that I'm a freak....**

**When I looking back at time  
My life was just frozen in time  
I'm stuck in past  
Just waiting for last**

**I was a lazy person  
And always try the instant way  
Instead for only love this life anyway  
I just want to know what life, love, and God are never gone**

**My lovely future had always been a dream  
Clearly....I had no direction to move further...  
But there's only one thing i know about myself  
I want to do more than I need  
And need more than I want**

**Yes! ! ! ..... I was too much  
Over the edge.....  
But what can I do? ? ?  
Then finally I knew.....  
How lovely I am for being unperfect.....**

**Poetry in a World of Things** Rachel Eisendrath, 2018-04-06 We have become used to looking at art from a stance of detachment In order to be objective we create a mental space between ourselves and the objects of our investigation separating internal and external worlds This detachment dates back to the early modern period when researchers in a wide variety of fields tried to describe material objects as things in themselves things that is without the admixture of imagination Generations of scholars have heralded this shift as the Renaissance discovery of the observable world In *Poetry in a World of Things* Rachel Eisendrath explores how poetry responded to this new detachment by becoming a repository for a more complex experience of the world The book focuses on ekphrasis the elaborate literary description of a

thing as a mode of resistance to this new empirical objectivity Poets like Petrarch Spenser Marlowe and Shakespeare crafted highly artful descriptions that recovered the threatened subjective experience of the material world In so doing these poets reflected on the emergence of objectivity itself as a process that was often darker and more painful than otherwise acknowledged This highly original book reclaims subjectivity as a decidedly poetic and human way of experiencing the material world and at the same time makes a case for understanding art objects as fundamentally unlike any other kind of objects

**Look Round for Poetry** Brian McGrath,2022-05-17 Poetry is dead Poetry is all around us Both are trite truisms that this book exploits and challenges In his 1798 Advertisement to Lyrical Ballads William Wordsworth anticipates that readers accustomed to the

poetic norms of the day might not recognize his experiments as poems and might signal their awkward confusion upon opening the book by looking round for poetry as if seeking it elsewhere Look Round for Poetry transforms Wordsworth's idiomatic expression into a methodological charge By placing tropes and figures common to Romantic and Post Romantic poems in conjunction with contemporary economic technological and political discourse Look Round for Poetry identifies poetry's untimely echoes in discourses not always read as poetry or not always read poetically Once one begins looking round for poetry McGrath insists one might discover it in some surprising contexts In chapters that spring from poems by Wordsworth Lucille Clifton John Keats and Percy Bysshe Shelley McGrath reads poetic examples of understatement alongside market demands for more the downturned brow as a figure for economic catastrophe Romantic cloud metaphors alongside the rhetoric of cloud computing the election of the dead as a poetical and not just a political act and poetic investigations into the power of prepositions as theories of political assembly For poetry to retain a vital power McGrath argues we need to become ignorant of what we think we mean by it In the process we may discover critical vocabularies that engage the complexity of social life all around us Romanticism, Self-Canonization, and the Business of Poetry Michael Gamer, 2017-02-17 Michael Gamer explodes the myth of the unworldly Romantic poet showing writers interest in public presence and profit and loss *Wilbur's Poetry* Bruce Michelson, 1991 Discusses the poems and translations of a leading contemporary poet *English Poetry in Quebec* John Glassco, 1965-01-01 **The Spectator**, 1870 *Virginia Woolf and Poetry* Emily Kopley, 2021 Offers a thorough reinterpretation of the motivations and aims of Woolf's canonical work and provides a major case study of genre rivalry It is written in clear and lively language and maintains a narrative drive as it traces Woolf's reading and writing over her lifetime **Encyclopedia of Creativity** Mark A. Singh, 2014-07-15 In this first detailed and comprehensive account of Leopardi's theory of poetry G Singh assesses both the literary and critical attainments of a poet whose eminence ranks him with Dante and Petrarch Singh's analysis which employs extensive reference to Leopardi's work in order to illustrate the author's own comments sets forth Leopardi's views on the larger questions of tradition inspiration and the imagination in poetry Later

chapters are concerned with the more specific matters of the poetic image style and language
