to live in everlasting peace without no World Wars though there will always be conflicts among people and nations and it will never be perfect This generation today must know that the world was a pretty savage doggy world throughout history climaxed by World War II though savage wars did continue after World War II They must also be taught that the perpetrators of the savagery were all people races and religions not just some For today s media want to use that narrative and the victims of the savagery were also from all people races and religions We all know that slavery is wrong in America but it ended over 160 years ago Why not also talk about slavery before American slavery like the slavery in Africa And why not talk right now about slavery that s been going on right now in China in North Africa by Isis and in Libya Because it doesn t get the media s narrative on who is good and who is bad And one more thing about the media how about talking about some of the good things that America has done throughout its history instead of bashing America all the time For example if America were to be wiped out by a tidal wave the rest of the world would be in warfare because there will be no America to secure peace
