Handbook of Hispanic Cultures in the United States: Sociology Nicolàs Kannellos, Claudia Esteva-Fabregat, Felix M. Padilla, 1994-01-01 Recovering the U S Hispanic Literary Project is a national project to locate, identify, preserve, and make accessible the literary contributions of U S Hispanics from colonial times through 1960 in what today comprises the fifty states of the United States. *Latino/a Thought* Francisco H. Vázquez, 2009-01-16 *Latino/a Thought* brings together the most important writings that shape Latino consciousness, culture, and activism today. This historical anthology is unique in its presentation of cross-cultural writings, especially from Mexican, Puerto Rican, and Cuban writers, and political documents that shape the ideology and experience of U S Latinos. Students can read first-hand the works of authors who most shaped their cultural heritage. They are guided by vivid introductions that set each article or document in its historical context and describe its relevance today. The writings touch on many themes but are guided by this book's concern for a quest for public citizenship among all Latino populations and a better understanding of racialized populations in the U S today.

Hunger for Memory Richard Rodriguez, 2004-02-03 *Hunger for Memory* is the story of Mexican American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a minority student who pays the cost of his social assimilation and academic success with a painful alienation from his past, his parents, his culture, and so describes the high price of making it in middle-class America. Provocative in its positions on affirmative action and bilingual education, *Hunger for Memory* is a powerful political statement, a profound study of the importance of language, and the moving intimate portrait of a boy struggling to become a man.
