Son Of Old Jules:

Son of Old Jules Caroline Sandoz Pifer, Jules Sandoz, 1989-05-01 Mari Sandoz immortalized her irascible father in Old Jules Now her brother Jules Sandoz Jr fills out the story of their family life dominated by Papa in western Nebraska in the early 1900s A frail boy who clung to the skirts of his German grandmother Jules Jr had to learn lessons of survival early He was beaten up by his schoolmates and did not speak English well but with his brother James he helped feed the family by hunting and trapping Eventually he found the strength to stand up to his father Son of Old Jules offers fresh glimpses of other family members most memorably of Mary his hardworking and stoical mother and of Mari who declared her independence by becoming a schoolteacher and marrying and then divorcing a local swain Some of the Sandhillers who figured in Mari's books appear here too including a succession of immigrants whom Papa Jules recruited as settlers By the early twenties when these memoirs end Jules Jr newly married had gone into farming for himself Corroborating and fleshing out the story of the family told by Mari Sandoz Son of Old Jules was written to give a more balanced view of the settler period Jules Sandoz Jr recorded his memories in the last years of his life and after his death in 1980 they were edited and organized into book form by his youngest sister Caroline Sandoz Pifer

Son of Old Jules Jules Sandoz, Caroline Sandoz Pifer, 1987 Sandoz Studies, Volume 1 Renée M. Laegreid, Shannon D. Smith, 2019-07-01 Mari Sandoz born on Mirage Flats south of Hay Springs Nebraska on May 11 1896 was the eldest daughter of Swiss immigrants She experienced firsthand the difficulties and pleasures of the family's remote plains existence and early on developed a strong desire to write Her keen eye for detail combined with meticulous research enabled her to become one of the most valued authorities of her time on the history of the plains and the culture of Native Americans Women in the Writings of Mari Sandoz is the first volume of the Sandoz Studies series a collection of thematically grouped essays that feature writing by and about Mari Sandoz and her work When Sandoz wrote about the women she knew and studied she did not shy away from drawing attention to the sacrifices hardships and disappointments they endured to forge a life in the harsh plains environment But she also wrote about moments of joy friendship and for some a connection to the land that encouraged them to carry on The scholarly essays and writings of Sandoz contained in this book help place her work into broader contexts enriching our understanding of her as an author and as a woman deeply connected to the Sandhills of Nebraska

Female Celebrity and Ageing Deborah Jermyn, 2016-04-29 Female Celebrity and Ageing Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing and how ageing female celebrities have negotiated the media in a variety of industrial historical and national contexts In the era when the baby boomers have started drawing their pensions the boundaries of what constitutes old age have never seemed more fluid and ageing has never been presented by advertisers and marketers in a more dynamic fashion However the fact remains that ageing is still widely feared and growing old is an inherently gendered process in which ageing women are paradoxically both rendered invisible and subjected to

damning scrutiny Nowhere is this conflicting state of affairs more evident than in celebrity culture where ageing female stars are praised for growing old gracefully one moment and condemned for letting themselves go the next when they fail to age appropriately Examining a variety of themes and ageing women in the spotlight from Barbara Stanwyck to Madonna to Charlotte Rampling the essays collected here forge new critical and conceptual insights into how women grow older in the media and the implications of this for what Susan Sontag memorably called the double standard of ageing This book is based on a special issue of *Celebrity Studies*

Regionalists on the Left Michael C. Steiner, 2015-02-02 Nothing is more anathema to a serious radical than regionalism Berkeley English professor Henry Nash Smith asserted in 1980 Although regionalism in the American West has often been characterized as an inherently conservative backward looking force regionalist impulses have in fact taken various forms throughout U S history The essays collected in *Regionalists on the Left* uncover the tradition of left leaning western regionalism during the 1930s and 1940s Editor Michael C Steiner has assembled a group of distinguished scholars who explore the lives and works of sixteen progressive western intellectuals authors and artists ranging from nationally prominent figures such as John Steinbeck and Carey McWilliams to equally influential though less well known figures such as Angie Debo and Amrico Paredes Although they never constituted a unified movement complete with manifestos or specific goals the thinkers and leaders examined in this volume raised voices of protest against racial environmental and working class injustices during the Depression era that reverberate in the twenty first century Sharing a deep affection for their native and adopted places within the West these individuals felt a strong sense of avoidable and remediable wrong done to the land and the people who lived upon it motivating them to seek the root causes of social problems and demand change *Regionalists on the Left* shows also that this radical regionalism in the West often took urban working class and multicultural forms Other books have dealt with western regionalism in general but this volume is unique in its focus on left leaning regionalists including such lesser known writers as B A Botkin Carlos Bulosan Sanora Babb and Joe Jones Tracing the relationship between politics and place across the West *Regionalists on the Left* highlights a significant but neglected strain of western thought and expression

Mari Sandoz's Native Nebraska LaVerne Harrell Clark, 2000 When the Mari Sandoz High Plains Center opens in Chadron Nebraska in 2001 it will be one of three centers at which Nebraska honors its outstanding writers Through the compilation of over 200 images in this new book taken from historical collections and her own work author and photographer LaVerne Harrell Clark contributes to that same purpose In it she recreates the frontier life of settlers and the neighboring Sioux and Cheyenne Indians of the sandhills region of northwestern Nebraska Accompanied by in depth captions detailing Mari Sandoz's life and works these images illustrate how she came to hold an outstanding place as an American writer until her death in 1966 Born in 1896 in the free land region of the Nebraska Panhandle Sandoz was greatly influenced in her writing by the people who called at her homestead Her acquaintances included Bad Arm a Sioux Indian who fought at the Little Bighorn and was present at Wounded Knee Old Cheyenne Woman a

survivor of both the Oklahoma and Fort Robinson conflicts and William Buffalo Bill Cody the legend of the Old West Old Families of Louisiana Stanley Clisby Arthur, George Campbell Huchet de Kernion, 2009-06 Originally published in 1931 Old Families of Louisiana was compiled in response to a demand for a comprehensive series of genealogical records of the foundation families of the state families whose ancestors settled with Bienville in New Orleans at the time the famous old city was laid out in the crescent bend of the Mississippi River This book also answers the call for information on those who came to Louisiana when the golden lilies of France the castellated banner of Spain the Union Jack of Great Britain or the flag of fifteen stars and fifteen stripes waved over the land During the compilation of the original data it became apparent that the present book would be greatly augmented in interest and value by the addition of genealogical records of other prominent foundation families besides the French and Spanish For this reason information was included on the English Scottish and Irish lineages whose representatives now form an integral part of the present day population of Louisiana In the seventy years since its first publication Old Families of Louisiana has exceeded the original scope intended In order to set a limit to its range it was agreed that only those families settling in Louisiana before and up to the time of the beginning of the American domination in 1803 should be included Old Families of Louisiana traces the genealogy of such traditional Louisiana families as Fortier Claiborne Kenner Percy Wiltz Chalmette Landry Derbigny Butler St Martin and Wilkinson **The Last Prairie** Stephen R. Jones, 2006-01-01 The co author of The Shortgrass Prairie paints a startlingly vivid portrait of the Nebraska Sandhills as he delivers riveting accounts of the flora fauna wildlife and rich cultural history of the region **The English Lord's Secret Son** Margaret Way, 2012-10-01 Seven years ago in the frosted beauty of an English country Christmas Cate Hamilton and Ashe Carlisle fell hopelessly in love But as heir to a barony Ashe was not from her world and Cate returned to Australia brokenhearted unknowingly carrying a secret that she keeps to this day When a chance meeting in Sydney sees their paths cross once more neither can deny the unwavering intensity of their love But first Cate and Ashe must revisit the ghosts of their past And Cate's revelation is about to change everything Old West--new West Barbara Howard Meldrum, 1993 Distributed by the University of Nebraska Press for the University of Idaho Press The twenty essays in this collection provide interdisciplinary insights into the character of the West and western literature by exploring a range of topics including women writers nature writers literary theory film and literature Max Westbrook Marilynne Robinson Gerald Nash Patricia Nelson Limerick Jane Tompkins and other noted authorities offer current views on the content Female Enterprise Behind the Discursive Veil in Nineteenth-Century Northern France Béatrice Craig, 2016-11-09 This volume explores the role of women in business in nineteenth century Northern French textile centers Lille and the surrounding towns were then dominated by big and small family businesses and many were run by women Those women did not withdraw into the parlour as the century progressed and the separate ideology spread Neither did they become mere figure heads most were business persons in their own rights Yet they have left almost no traces in the collective memory and historians assume

they ceased to exist This book therefore seeks to answer three interrelated questions How common were those women and what kind of business did they run What factors facilitated or impeded their activities And finally why have they been forgotten and why has their representations in regional and academic history been so at odd with reality Indirectly this study also sheds light on the process of industrialization in this region and on industrialists strategies
