Sonata In The Key Of Life:

Sonata in the Key of Life Rosemary Parrott, 2000-04-01 The Fullness of the Logos in the Key of Life Anna-Teresa Tymieniecka, 2011-09-20 This highly personal account of a lifetime's spiritual and philosophical enquiry charts the author's journey of faith through contemporary culture Distinguishing between what she posits as the universal and the rhapsodic logos Tymieniecka interrogates concepts as varied as creativity and the media joy and suffering and truth and ambiguity She contemplates the possibilities and limits of communication between human beings and outlines what she calls the transnatural destiny of the human soul The book asserts that unlike theory which unfolds a logical continuity and unlike dialogue which is directed sequentially upward toward intellectual conclusions the mode of reflection of the rhapsodic logos imposes no limits or caps upon its understanding Instead the logoc flow interlaces the rhapsodic cadences of our reflections on reality in all their innumerable fluctuations and sifts them to mold the intimate mind soul inwardness that we experience as faith The radiative meditations of this rhapsodic logos weave their way through the entanglements of the mystery of incarnation the constitutive archetypes the inwardly sacred the transnatural destiny of the soul and finally ascend the rhapsodic scales toward culminating faith in the Christo Logos Contemplating Shostakovich: Life, Music and Film Andrew Kirkman, 2016-05-13 *Contemplating Shostakovich* marks an important new stage in the understanding of Shostakovich and his working environment Each chapter covers aspects of the composer's output in the context of his life and cultural milieu The contributions uncover outside stimuli behind Shostakovich's works allowing the reader to perceive the motivations behind his artistic choices at the same time the nature of those choices offers insights into the workings of the larger world cultural social political that he inhabited Thus his often ostensibly quirky choices are revealed as responses by turns sentimental moving sardonic and angry to the particular conditions with all their absurdities and contradictions that he had to negotiate Here we see the composer emerging from the role of tortured loner of older narratives into that of the gregarious and engaged member of his society that for better and worse characterized the everyday reality of his life This invaluable collection offers remarkable new insight in both depth and range into the nature of Shostakovich's working circumstances and of his response to them The collection contains the seeds for a wide range of new directions in the study of Shostakovich's works and the larger contexts of their creation and reception *Life, Love and Death in Latin Poetry* Stavros Frangoulidis, Stephen J.
