Sonatina for violin + piano, op. 38 Joyce Barrell, 1986 **Sonatina, for violin (in first position) and piano (1956)** Bernhard Heiden, 1958 Sonatina for Violin and Piano Charles Jones, 1946 **Sonatina for violin and piano, op. 100** Antonín Dvořák, 1917 Arthur Honegger Harry Halbreich, 1999 Arthur Honegger 1892 1955 Swiss by nationality French by education and residence was a major composer of the 20th century Although he earned popular acclaim early in his career in his later years his consistently tonal musical language was considered outmoded His most significant works include five symphonies a large body of chamber music and several large scale oratorios that combine choral and instrumental writing with declaimed narrative in a uniquely effective way HARDCOVER Adolf Busch , **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1959 *The Life and Twelve-Note Music of Nikos Skalkottas* Eva Mantzourani, 2016-03-03 Nikos Skalkottas is perhaps the last great undiscovered composer of the twentieth century In the 1920s he was a promising young violinist and composer in Berlin and a student of Schoenberg who included him among his most gifted pupils It was only after his return to Greece in 1933 that Skalkottas became an anonymous and obscure figure working in complete isolation until his death in 1949 Most of his works remained unpublished and unperformed during his lifetime and although he is largely known for his folkloristic tonal pieces Skalkottas in fact concentrated predominantly on developing an idiosyncratic dodecaphonic musical language Eva Mantzourani provides here a comprehensive study of this fascinating yet under researched composer The book lavishly illustrated with musical examples is divided into three parts

Part I comprises a critical biography that by drawing extensively on his letters and other writings reappraises the image of Skalkottas with which we are often presented. The main focus of the book however is on Skalkottas's twelve note compositional processes since these characterize the majority of his output and are neither well known nor fully understood. Part II presents the structural and technical features of his twelve note technique particularly the different types of sets and their manipulation and his approach to musical forms. Part III consists of analytical case studies of several works presented chronologically which thus provide a diachronic framework within which Skalkottas's dodecaphonic compositional development can be more effectively viewed. This book underlines Nikos Skalkottas's importance as a composer with a distinctive artistic personality whose work contributed to the development of twelve note compositional practice and who deserves a more significant position within the Western art music canon than that to which he is often assigned.
