Speak Chinese By Singing:

Speak Chinese by Singing Charlie Ling, Betty Ling, 1978 Chinese through Song, Second Edition Hong Zhang, Zu-yan Chen, 2014-09-01 An innovative approach to teaching Chinese language and culture using folk and popular songs Offering an innovative approach to language learning Chinese through Song helps students develop their language proficiency and music appreciation through the use of folk popular and art songs Because songs emphasize the color pronunciation and intonation of every syllable they can be a valuable tool for improving a student's spoken language skills By learning and performing the songs in this book students will expand their vocabularies and improve their pronunciation voice projection and language expression all while learning about Chinese culture in a fun and stimulating way This revised and expanded edition includes thirty songs many of them new to this edition They feature lucid and vivid language as well as beautiful and relatively simple melodies They are good for voice development and can be practiced in different modes of performance including solos duets rounds and musical dramas Each chapter comprises up to seven sections 1 a song including sheet music and lyrics in Chinese characters and pinyin Romanization 2 a line by line English translation 3 a vocabulary list designed for students who have completed at least one year of Chinese 4 cultural notes that help students understand the historical and social context of the song 5 language notes on the use of key words and important sentence patterns 6 singing instructions including remarks on interpretation and performance and 7 language exercises for both classroom practice and homework assignments Chinese through Song may be used in several ways as the main textbook for an interdisciplinary intermediate level course emphasizing both language acquisition and musical performance as a supplement to regular Chinese language classes from elementary through advanced levels as a resource for extracurricular activities for example a Chinese chorus or a performance at a Chinese New Year party and as a general songbook *Teaching English Reading in the Chinese-Speaking World* Clay Williams, 2016-04-07 This book investigates inherent structural differences in the Chinese and English writing systems which predispose learners from childhood to develop specific literacy learning strategies which can impair later efforts at learning foreign language literacy if the foreign language script varies significantly from the native language script It compares educational practices and philosophies in Chinese and English speaking classrooms and examines the psychological underpinnings of these literacy learning strategies This book presents psychometric testing of adult reading strategy defaults and examines case study data revealing that Chinese students are susceptible to misapplying Chinese character level processing strategies to English word identification tasks which decreases reading efficiency and ultimately can lead to learning failure Finally a new educational framework is proposed for teaching beginning language specific word identification and literacy learning skills to learners whose first language script varies significantly from that of the target language **The Bradys and the Hip Sing Ling; Or, After the Chinese Free Masons**, 1905 The Singer's Voice Michael S. Benninger, Thomas Murry, 2008-05-01 Each type of performer whether singer voice over artists dancer singers

instrumentalist singers brings specific issues to the voice treatment team and requires special individual attention from the various members of the team from laryngologist to speech pathologist singing or voice teacher The Singer's Voice identifies these individuals presents reports on cases with special needs and offers myriad solutions that help to preserve the voice and prevent further damage It is written by a world leading group of dedicated professionals from an array of disciplines related to the care and treatment of individuals who use their voices in professional settings Ranging from current day performers to choral conductors to past rock and roll musicians all contributors have shown a dedication to the care of the singer and performer through their studios academic training their research interests and experience and their clinical and or their performance background The content is thoroughly practical and written to be accessible to a wide range of voice professionals particularly singing and voice teachers instructors in the various performing arts those who provide medical and allied health care and indeed performers and students themselves
