Speaking Of Pets:

Speaking for Animals Margo DeMello, 2013 This text contributes to the growing field of human animal studies by examining the human impulse evidenced in blogs social networking sites video games comic books and animal welfare literature to ventriloquize the animal voice Speaking for Spot Nancy Kay, 2010-07-30 With more than 60 million dogs in the United States there's never been a better time for this handy go to reference from a respected veterinary internist Because dogs cannot speak for themselves dog owners are responsible for making sure that their pets medical needs are met but as the veterinary field continues to expand and specialize with veterinary internists cardiologists neurologists dermatologists ophthalmologists radiologists surgeons nutritionists criticalists and dentists pet owners can feel overwhelmed when trying to decide on the best treatment for their dog This reference offers the much needed answers to animal lovers veterinary questions and helps to ensure the healthy and happy lives of their dogs Speaking of Animals Terry Caesar, 2009 Speaking of Animals consists of a linked series of thirteen essays about subjects ranging from deciding to castrate a dog evaluating recent dog memoirs observing animals in Spain reading about the training of big cats watching Animal Planet and being unable to kill a racoon in Texas So often personal even while analyzing novels such as Water for Elephants or movies such as Giant or Into the Wild the essays offer both an implicit critique and a continuation of recent discursive trends in animal studies whose language is too haplessly abstracted from the animals in whose name we humans strive to speak as well as narrate **Talking with Dogs and Cats** Tim Link, 2015-05-15 If you've ever wondered what your animal was trying to tell you with a bark meow or tweet this is the book for you Animal communicator Tim Link's approach respects the personality and feelings of animals and his simple accessible methods can facilitate the understanding and communication that all animal lovers crave Packed full of great practical information on how to deal with everyday behavioral issues along with something less tangible that could take the relationship you have with your cat or dog to a whole new level from the foreword by Victoria Stilwell dog behavior expert and star of It's Me or the Dog I highly recommend this book It will make living with you so much easier Sneaky Pie the cat as told to Rita Mae Brown New York Times bestselling author of the Mrs Murphy Mystery series *Carib-Speaking Indians* Ellen B. Basso, 1977 The Anthropological Papers of the University of Arizona is a peer reviewed monograph series sponsored by the School of Anthropology Established in 1959 the series publishes archaeological and ethnographic papers that use contemporary method and theory to investigate problems of anthropological importance in the southwestern United States Mexico and related areas **The Speaking Animal** Alison Suen, 2015-10-02 Animals regularly populate philosophical texts as a foil to illustrate what it means to be human How should we understand this human animal divide Not only does it inform us of who we are it also tells us how we should relate to the larger non human world The Speaking Animal interrogates the human animal divide by looking at our linguistic differences how the speaking human subject is constructed through its opposition to the dumb animal Alison Suen begins with an

analysis of the role of language in animal ethics with an eye toward the voiceless opposition that is at work in animal advocacy After offering a critical analysis of the ethical and political significance of speaking for animals the book takes on a more constructive turn going against the usual interpretation of language as a capacity that allows us to reason Instead it argues that our language capacity is also a relational capacity Language is that which enables us to develop kinship with others including animal others How We Talk About Animals, and Why it Matters Alison Sealey, 2025-10-16 What kind of language do we use to name and describe the animals that feature in our lives What names do we give to animals as individuals and groups and how do these influence our perceptions of them How do our descriptions of different species overlap with the words we use about categories of people Answering these questions and more this book presents evidence from an extensive research project into how animals are represented in contemporary English It draws on a multi million word corpus of texts from a wide range of sources as well as interviews with professional communicators about animals and focus groups involving people with different experiences of and attitudes towards animals in various contexts Language about animals is explored thematically focusing on topics such as names descriptions places communication and ethics The book highlights both what we know from scientific research about the huge diversity of animals capacities and lifestyles and how the language we use to communicate about them affects how we understand them and how we treat them The methods used to investigate these topics include corpus linguistic analysis using specialised software as well as close reading of specific examples Providing a fascinating insight into the way we talk about animals this book brings together new material from scientific studies and popular culture to explore the relationships between humans and other animals It will appeal to a wide readership in light of the climate crisis and awareness of the loss of biodiversity both globally and locally *Speaking for Spot* Nancy Kay, 2011-08-06 Provides hundreds of tips to help dog owners make well informed decisions for their pets including information on finding the right doctor understanding veterinary vocabulary and technology getting a second opinion and supporting one's pet through various stages of illness Speaking of Pets Harry Herman Miller, 1962 If Only They Could Speak Nicholas H. Dodman, 2003-06-24 A collection of fourteen true stories by an animal behaviorist offers insight into animal psychotherapy and psychopharmacology that contends that animals have emotional structures as complex as humans
