Speaking Of Christ A Lesbian Feminist Voice:

Speaking of Christ Carter Heyward, 1989 The uncompromising writings of one of present day Christianity's most original thinkers inviting us to respond faithfully and radically by taking the risks necessary to secure genuine justice in society *Feminist Theology* Watson, 2003-12-08 Rethinking the Christian faith from a woman's perspective has been an important advancement in modern theology This book introduces the methods ideas and contributions of recent feminist theology to readers encountering the subject for the first time Natalie Watson explores the historical background of feminist theology discusses the value of reading Scripture from a feminist perspective and shows how this approach can offer a critical creative and constructive rereading of the Christian tradition She also sets forth some fresh ideas encouraging people to see feminism not as a threat to the church but as a challenging perspective that actually enhances its life in today's world An extensive annotated bibliography invites readers to further study presenting a wealth of books on feminist theology by many well known authors Ideal for classroom instruction discussion groups and personal study this volume is an exceptional user friendly guide to contemporary feminist thought **Feminist Christian Encounters** Angela Pears, 2019-07-16 Originally published in 2004 Feminist discourses have focused sustained and sometimes devastating critical attention on Christianity over the last fifty years Today feminisms remain significant but often ambiguous forces in contemporary Christian theology At a time in which questions about the success and viability of feminisms are increasingly posed *Feminist Christian Encounters* makes a unique contribution to the ongoing investigation into the creative relationship between feminisms and Christianity Angela Pears identifies some of the key theological and methodological mechanisms by which Christian feminist theologies are informed sustained and made possible by feminist values and critiques Pears argues that certain strategies characterize the facilitation of this dialogue in contemporary Christian feminist theologies enabling theologians to accept the values and critiques of feminisms whilst at the same time proclaim some level of commitment to Christianity Engaging in a process of deconstruction of the methodologies of key Christian theological thinkers who have made use of feminisms in their theologies this book reveals the mechanisms of feminist Christian encounter at work The Oxford Handbook of Music and Queerness Fred Everett Maus, Sheila Whiteley, Tavia Nyong'o, Tavia Amolo Ochieng' Nyongó, Zoe C. Sherinian, 2022 Explores ways that music and queerness interact to create unique meanings Includes perspectives on music making from many times and places Innovative queer research and interpretation take exciting new directions Book jacket Twentieth Century Anglican Theologians Stephen Burns, Bryan Cones, James Tengatenga, 2020-11-24 A scholarly volume that reflects the rich diversity of Anglican theology With contributions from an international panel of writers *Twentieth Century Anglican Theologians* offers a wide ranging view that presents a survey of over twenty diverse Anglican thinkers The book explores well known figures including William Temple Austin Farrer Donald MacKinnon and John A T Robinson These theologians are set in a wider context alongside others from India China Australia

Ghana and elsewhere. Notably the subjects include a number of women from Evelyn Underhill the first woman to teach the clergy of the Church of England to Esther Mombo a major contemporary Anglican figure from Kenya. The book reflects the rich diversity of Anglicanism suggesting the ongoing vitality of this religious tradition. This important book contains information on a number of prominent women Anglican thinkers. Includes contributions from experts from around the world. Presents material on both familiar figures and others that are unjustly little known. Written for students and teachers of Anglicanism. Anglican clergy and ecumenical colleagues. Twentieth Century Anglican Theologians is the first book to reflect the diversity of the Anglican tradition by considering its global theological representatives. Women Encounter God Linda A. Moody, 2003-10-24. Women Encounter God is one of the first books to explore the commonalities and convergences of women's theologies in the Americas. This critical comparative analysis of white feminist, womanist, and mujerista theologies focuses on how by placing their unique theologies in dialogue the rich contributions of each theology can inform the others. By looking at the key themes of empowerment, embodiment, and relationality, Moody examines how three different types of feminist theologians perceive God. She discusses the works of such representative theologians as white feminists Mary Daly, Rosemary Ruether, Sally McFague, and Carter Heyward; Hispanic/Latina theologians Ada Maria Isasi, Yolanda Tarango, and Elsa Tamez; and womanist theologians Delores Williams, Jacquelyn Grant, and Katie Geneva Cannon, as well as feminist theorists Chela Sandoval and Rosemary Tong. **Saving Jesus from Those Who Are Right** Carter Heyward. In this theological resource for spiritual transformation and social change, Carter Heyward rethinks the figure Jesus and his import for church, academy, and society. Rather than focus on the endlessly variable pictures of Jesus in contemporary biblical scholarship and in radical opposition to the Jesus of the Christian Right, Heyward presents Jesus as our brother infused with a sacred power and passion for embodying right mutual relation and ourselves with him in this commitment. She goes on to explore concretely how we might live this way. *Helpmates, Harlots, and Heroes* Alice Ogden Bellis. In this comprehensive book, the first of its kind, the author shares the work of many feminist biblical scholars who have examined women's stories in the last twenty-five years. These stories are powerful accounts of women in the Old Testament stories that have profoundly affected how women understand themselves. Publisher description. **Becoming Divine** Grace Jantzen, 1999. The book's contribution to feminist philosophy of religion is substantial and original. It brings the continental and Anglo-American traditions into substantive and productive conversation with each other. Ellen Armour. To what extent has the emergence of the study of religion in Western culture been gendered? In this exciting book, Grace Jantzen proposes a new philosophy of religion from a feminist perspective. Hers is a vital and significant contribution which will be essential reading in the study of religion. **Gathering Those Driven Away** Wendy Farley, 2011-09-12. This book is a powerful expression of Jesus Christ given in the midst of the brokenness and hostilities of this world as experienced by those who are marginalized and persecuted in contemporary society. Drawing on broader sources in the Christian tradition, Farley maintains the power of

Jesus of Nazareth as the expression of the Divine Eros in Wisdom to break powers of sin and provide a vision of life which is an alternative Empire to present ways and where love reigns as norm **Violence to Eternity** Grace Jantzen, Grace M. Jantzen, Grace Jantzen continues her groundbreaking analysis of death and beauty in Western thought by examining the religious roots of death and violence in the Jewish and Christian traditions which underlie contemporary values

Christologies, Cultures, and Religions, Papers presented at the First Theological Forum of Mindanao 2014 Inter religious and inter cultural perspectives on how we view and understand Christ Contributors Victor Aguilan Herbert T Ale Mariano C Apilado Pascal D Bazzell Lee Joseph Custodio Jos M de Mesa Edgar B Ebojo Eleazar S Fernandez Foreword Omar Abu Khalil Melba P Maggay Epilogue Muriel Orevillo Montenegro Aldrin M Pe amora Brian Powell Chiu Eng Tan Rico Villanueva Emo Yango *Deliver Us from Evil* James Newton Poling, 1996-01-01 *Deliver Us From Evil* explores the history of resistance to racial and gender oppression from a slave woman in nineteenth century America to a woman patient of Sigmund Freud and traces the failed promises of the American Revolution in the oppression of subordinate groups Poling reviews resistance by analyzing communities that understand evil as the abuse of power Also treated are definitions of evil and debates between womanist and feminist theologians Jesus emerges as a model for marginalized and oppressed people as Poling calls for prophetic acts of solidarity to create new possibilities for healing and justice **When Women Become Priests** Kelley A. Raab, 2000 In an analysis that deftly unites feminist criticism psychoanalysis and Catholic theology Kelley Raab explores the symbolic implications of women at the altar providing rich insight into issues of gender symbolism and power Indecent Theology Marcella Althaus-Reid, 2002-09-11 *Indecent Theology* brings liberation theology up to date by introducing the radical critical approaches of gender postcolonial and queer theory Grounded in actual examples from Latin America Marcella Althaus Reid s highly provocative but immaculately researched book reworks three distinct areas of theology sexual political and systematic It exposes the connections between theology sexuality and politics whilst initiating a dramatic sexual rereading of systematic theology Groundbreaking intriguing and scholarly *Indecent Theology* broadens the debate on sexuality and theology as never before *Reading from the Underside of Selfhood* Lisa E. Dahill, 2009-01-01 Dietrich Bonhoeffer s example of self sacrificing discipleship has for over fifty years inspired Christians around the world in both their resistance to evil and their devotion to Jesus Christ Yet for some readers particularly those who suffer trauma abuse and other forms of violence Bonhoeffer s insistence on self sacrifice on becoming a person for others may prove more harmful than liberating For those already socialized into self abnegation uncritical applications of Bonhoeffer s teachings may reinforce submission rather than resistance to evil This study explores Bonhoeffer s understandings of selfhood and spiritual formation both in his own experience and writings and in light of the role of gender in psycho spiritual development The central constructive chapter creates a mediated conversation between Bonhoeffer and these feminist psychologists on the spiritual formation of survivors of trauma and abuse including not only dimensions of his thinking to be critiqued from this

perspective but also important resources he contributes toward a truly liberating Christian spirituality for those on the underside of selfhood The book concludes with suggestions regarding the broader relevance of this study and implications for ministry The insights for spiritual formation developed here provide powerful proof of Bonhoeffer's continuing and concretely contextualized relevance for readers across the full spectrum of human selfhood **Trinity and Incarnation** Steven

Nemes,2023-08-28 This book argues that the doctrine of God taken for granted in the catholic tradition divine transcendence creatio ex nihilo divine simplicity makes it impossible to give an intelligible and coherent interpretation of the verbal formulas of the catholic dogmas of Trinity and incarnation By way of response to this apparent incoherence at the heart of the catholic theological tradition it proposes an alternative post catholic take on these central doctrines in the light of a qualified monistic conception of God and a Spirit Christological interpretation of Jesus's relation to God the Father as presented in the New Testament **New Religions and Spiritualities** Stephen Hunt,2017-03-02 Since the 1960s a fresh

wave of new religions and what has come to be termed spiritualities have been evident on a global scale This volume in The Library of Essays on Sexuality and Religion focuses on these new religions and their often contentious attitudes towards human sexuality Part 1 through previously published articles provides instances of affirming orientations of the new religions towards sexuality This entails scrutinising examples of innovative religion from a historical perspective as well as those of a more contemporary nature Part 2 examines with pertinent illustrations the controversial character of new religions in their cultist forms and matters of sexual control and abuse Part 3 considers sexuality as articulated through paganism the occult and esotericism in the postmodern setting Part 4 examines both hetero and non hetero expressions of sexuality through the so called New Spiritualities Quasi religions and the more hidden forms of religiosity **Saving Desire** F. LeRon

Shults,Jan-Olav Henriksen,2011-07-06 Traditional Christian theology has generally treated desire as a dark and negative force intimately related to sin something to be restricted and repressed closeted and controlled But according to LeRon Shults and Jan Olav Henriksen's Saving Desire we see only part of the picture if we do not also perceive that desire can be a powerful force for great good Grounding their work firmly in the experiential realm of human life the eight eminent theologians contributing to this volume celebrate together the positivity the sociality and the physicality of saving desire that is humankind's innate desire not only for the good life but also more vitally for the life transforming goodness of God

Queering Christianity Robert E. Shore-Goss,Thomas Bohache,Patrick S. Cheng,Mona West,2013-06-25 A fascinating read for anyone seeking to understand the conflict between Christianity and LGBTQI individuals this book is as its editors proclaim a fearlessly wide vision of queer Christians finding a place within Christianity and claiming their authentic experience and voice Through essays by noted lesbian gay bisexual transgender queer or questioning and intersex LGBTQI religion scholars this important compilation summarizes the history and current status of LGBTQI theology exploring its relationship to the policies practices and theology of traditional Christianity Contributors contrast the radically inclusive

thinking of LGBTQI theology with the exclusivity practiced by many Christian churches explaining the reasoning of each and clarifying contentious issues At the same time the book highlights ways in which queer theology and practice benefit Christian congregations Writing from the perspective of grassroots Christian LGBTQI movements many of the contributors draw upon their own experiences They provide graphic examples of the effects exclusion has on individuals congregations and denominations and also share examples of inclusion and its effects Equally important the work creates the basis for dialogue between traditional churches and followers of LGBTQI theology offering practical suggestions for Christian congregations that wish to put aside exclusionary policies and practices
