Early Years Update This text is a must buy for anyone interested in inclusive education in the early years A particular strength of the book is the way in which the everyday experiences of children parents and practitioners are discussed in relation to educational theory Perhaps the greatest strength of the book though lies in the way that ideas are based on research findings are presented so clearly It will almost certainly be nominated for this year's NASEN TES academic book award and deservedly so

SENCO Update Refreshingly in this book inclusion is not about a narrow group of students defined as special but about increasing the participation of everybody involved in early years settings It is about reducing the exclusion of all children their families and communities It is also about the practitioners who work with them whose involvement in decisions in their own workplace is critical if they are to support the participation of children It is rich with experience from the UK and internationally building up an understanding of education from stories of encounters with children and their families This book will help readers to escape from the confines of considering children and the difficulties they encounter through the constricting and distorting lens of special educational needs
