[With a Reproduction.]** Harold Clarke Goddard, 1956 **The Fourfold Vision** Jane Sherwood, 1965 Karl Marx and the Future of the Human Cyril Smith, 2005-01-01 Cyril Smith shows that Marx developed a far richer and liberatory vision of humanity and the alternative to capital than that which has characterized his followers and he makes a powerful argument that it is essential to return to Marx's original body of thought in order to reconstitute a viable critique of existing capitalist society Advancing the Vision Bernie Van De Walle, Benjamin Elliott, Jenny-Lyn de Klerk, 2023-02-16 After more than 130 years the Fourfold Gospel Jesus Christ our Savior Sanctifier Healer and Coming King continues to find a ready following and creative expression around the world Its success however means that it has come to be understood expressed and practiced in ways somewhat differently than it originally was This volume written by scholars from across the globe explores these emphases in detail articulating how the passage of well over a century and the crossing of oceans has resulted in the advancing of the original vision *In the School of Prophets* Ephrem Arcement, 2015-03-31 The distinctive prophetic quality of Thomas Merton's spirituality shaped by figures ranging from the Hebrew prophets to Thich Nhat Hanh emerges from this fresh examination of the works Merton read responded to and celebrated in his own writing In the School of Prophets examines the final decade of Merton's life mainly through the lens of his journals and letters and helps to fill a gap in contemporary Merton studies William Blake and various Latin American poets novelists Boris Pasternak Albert Camus and William Faulkner existentialists Søren Kierkegaard and Gabriel Marcel monks of the Egyptian desert and Bernard of Clairvaux number among those who helped shape Merton's prophetic consciousness leading him to reexamine what it means to be both a human being and a contemplative monk of the twentieth century The Prophetic Writings of William Blake William Blake, 1926 **The One Mind** Matthew A. Fike, 2013-10-08 The One Mind C G Jung and the Future of Literary Criticism explores the implications of C G Jung's unus mundus by applying his writings on the metaphysical the paranormal and the quantum to literature As Jung knew everything is connected because of its participation in universal consciousness which encompasses all that is including the collective unconscious Matthew A Fike argues that this principle of unity enables an approach in which psychic functioning is both a subject and a means of

discovery psi phenomena evoke the connections among the physical world the psyche and the spiritual realm Applying the tools of Jungian literary criticism in new ways by expanding their scope and methodology Fike discusses the works of Hawthorne Milton Shakespeare Wordsworth and lesser known writers in terms of issues from psychology parapsychology and physics Topics include the case for monism over materialism altered states of consciousness types of psychic functioning UFOs synchronicity and space time relativity The One Mind examines Goodman Brown s dream Adam s vision in Paradise Lost the dream sequence in The Wanderer the role of metaphor in Robert A Monroe s metaphysical trilogy Orfeo Angelucci s work on UFOs and the stolen boat episode in Wordsworth s The Prelude The book concludes with case studies on Robert Jordan and William Blake Considered together these readings bring us a significant step closer to a unity of psychology science and spirituality The One Mind illustrates how Jung s writings contain the seeds of the future of literary criticism Reaching beyond archetypal criticism and postmodern theoretical approaches to Jung Fike proposes a new school of Jungian literary criticism based on the unitary world that underpins the collective unconscious This book will appeal to scholars of C G Jung as well as students and readers with an interest in psychoanalysis literature literary theory and the history of ideas
