Illicit Monogamy William R. Jankowiak, 2023-03-28 Angel Park is a Mormon fundamentalist polygamous community where plural marriages between one man and multiple women are common In contrast to mainstream America's idealization of the nuclear family and romantic love its residents esteem notions of harmonious familial love a spiritual bond that unites all family members In their view polygyny is not only righteous and sanctified it is also conducive to communal life and social stability Based on many years of in depth ethnographic research in Angel Park this book explores daily life in a polygamous community William R Jankowiak considers the plural family from the points of view of husbands wives and children giving a balanced account of its complications and conflicts He finds that people in polygynous marriages especially cowives experience an ongoing struggle to balance the longing for romantic intimacy with the obligation to support the larger family They feel tension between deeply held religious convictions and the desire for emotional exclusivity which can threaten the stability and harmony of the polygamous family Men and women often form exclusive romantic pairs within plural marriages which are tolerated if not openly acknowledged showing the limits of the community's beliefs Jankowiak also challenges stereotypes of polygamous families as bastions of patriarchal power showing the weight that interpersonal and social expectations place on men Offering an unparalleled look at the complexity of a polygamous religious community Illicit Monogamy also helps us reconsider relationships love and family dynamics across cultures and settings

Wife, Inc. Suzanne Leonard, 2020-05-01 A fascinating look at the changing

role of wives in modern America After a half century of battling for gender equality women have been freed from the necessity of securing a husband for economic stability sexual fulfillment or procreation Marriage is a choice and increasingly women and men are opting out Yet despite these changes the cultural power of marriage has burgeoned What was once an obligation has become an exclusive club into which heterosexual women with the right amount of self discipline may win entry The newly exalted professionalized wife is no longer reliant on her husband's status or money instead she can wield her own power provided she can successfully manage the business of being a wife Wife Inc tells a fiercely contemporary story revealing that today's wives do not labor in kitchens or even homes Instead the work of wifedom occurs in online dating sites on reality television in social media and on the campaign trail Dating marital commitment and married life have been reconfigured No longer the stuff of marriage vows these realms are now controlled by brand management and marketability To prosper women must appear confident empowered and sexually savvy Guiding readers through the stages of the wife cycle Suzanne Leonard follows women as they date prepare to wed and toil as wives using examples from popular television film and literature as well as mass market news women's magazines new media and advice culture The first major study to focus on this new definition of working wives Wife Inc reveals how marriage occupies a newly professionalized role in the lives of American women Being a wife is a business that takes a lot more than a vow to maintain this book tells that story
