Excerpt from Sketches From Formosa Some of the following Sketches appeared as an appendix to my book on the work of the early Dutch Mission in Formosa and two or three others had a very limited circulation as separate papers but all of them have been re written and many new pieces have been added for the present issue my intention being to take at least one way of marking the fiftieth year since our English Presbyterian Church began work in this important although still little known island of the Pacific On turning over the pages my young friends in the Church will have an eye mainly to those incidents which are amusing while other readers including perhaps a few who do not habitually betake themselves to the perusal of such books may find some things which are informing and of more enduring interest In any case I hope it may serve some useful purpose thus to furnish another opportunity for seeing the Missionary with his Illustrated West of England and dog collar actually off so to speak thus to submit these first hand statements regarding his methods of work his difficulties his encouragements and most important of all regarding the way in which God is pleased to use weak things of the world for the accomplishment of His own great and glorious purposes About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
