Decadence, Radicalism, and the Early Modern French Nobility Chad Denton,2016-12-01 The image of the debauched French aristocrat of the seventeenth and eighteenth centuries is one that still has power over the international public imagination from the unending fascination with the Marquis de Sade to the successes of the film *Ridicule* Drawing on memoirs letters popular songs and pamphlets and political treatises *The Enlightened and Depraved* *Decadence Radicalism and the Early Modern French Nobility* traces the origins of this powerful stereotype from between the reign of Louis XIV and the Terror of the French Revolution The decadent and enlightened noble of early modern France the libertine was born in a push to transform the nobility from a warrior caste into an intelligentsia Education itself had become a power through which the privileged could set themselves free from old social and religious restraints However by the late eighteenth century the libertine noble was already falling under attack by changing attitudes toward gender an emphasis on economic utility over courtly service and ironically the very revolutionary forces that the enlightened nobility of the court and Paris helped awaken In the end the libertine nobility would not survive the French Revolution but the basic idea of knowledge as a liberating force would endure in modernity divorced from a single class **Lower than the Angels** Diarmaid MacCulloch,2025-04-15 A

robust the same sex subculture was in eighteenth century Paris as well as how widespread the policing of sodomy was at the time Part 1 includes archival police records from the 1720s to the 1780s that show how the police attempted to manage sodomitical activity through surveillance and repression part 2 includes excerpts from treatises and encyclopedias published nouvelles collections of news and libelles libelous writings fictive portrayals and Enlightenment treatments of the topic that include calls for legal reform Together these sources show how contemporaries understood same sex relations in multiple contexts and cultures including their own The resulting volume is an unprecedented look at the role of same sex relations in the culture and society of the era The product of years of archival research curated translated and annotated by a premier expert in the field Sodomites Pederasts and Tribades in Eighteenth Century France provides a foundational primary text for the study and teaching of the history of sexuality

The Reputation of Edward II, 1305-1697 Kit Heyam, 2025-10-01 During his lifetime and the four centuries following his death King Edward II 1307 1327 acquired a reputation for having engaged in sexual and romantic relationships with his male favourites and having been murdered by penetration with a red hot spit This book provides the first account of how this reputation developed providing new insights into the processes and priorities that shaped narratives of sexual transgression in medieval and early modern England In doing so it analyses the changing vocabulary of sexual transgression in English Latin and French the conditions that created space for sympathetic depictions of same sex love and the use of medieval history in early modern political polemic It also focuses in particular on the cultural impact of Christopher Marlowe's Edward II c 1591 92 Through such close readings of poetry and drama alongside chronicle accounts and political pamphlets it demonstrates that Edward's medieval and early modern afterlife was significantly shaped by the influence of literary texts and techniques A literary transformation of historiographical methodology is it argues an apposite response to the factors that shaped medieval and early modern narratives of the past

Male Friendship and Testimonies of Love in Shakespeare's England reveals the complex and unfamiliar forms of friendship that existed between men in the late sixteenth century Using the unpublished letter archive of the Elizabethan spy Anthony Bacon 1558 1601 it shows how Bacon negotiated a path through life that relied on the support of his friends rather than the advantages and status that came with marriage Through a set of case studies focusing on the Inns of Court the prison the aristocratic great house and the spiritual connection between young and ardent Protestants this book argues that the friendship spaces of early modern England permitted the expression of male same sex intimacy to a greater extent than has previously been acknowledged Race Traffic Gunther Peck, 2024-12-10 Fantasies of white slavery and the narratives of victimhood they spawn form the foundation of racist ideology They also obscure the lived experience of trafficked servants and sailors in the seventeenth and eighteenth centuries Gunther Peck moves deftly between the Atlantic and Mediterranean

worlds to discover where and when people with light skin color came to see themselves as white Separating fact from fiction and paying close attention to the ideological work each performs Peck shows how laboring women and men leveraged their newfound whiteness to secure economic opportunity and political power Peck argues that whiteness emerged not as a claim of racial superiority but as a byproduct of wide ranging and rancorous public debate over trafficking and enslavement Even as whiteness became a legal category that signaled privilege trafficking and race remained tightly interwoven Those advocating for the value of whiteness invoked emotionally freighted victimhood claiming that so called white slavery was a crime whose costs far exceeded those associated with the enslavement of African peoples across the Americas Peck helps us understand the chilling history that produced the racist ideology that still poisons our politics in the present day [A Companion to Venetian History, 1400-1797](#), 2013-07-11 The field of Venetian studies has experienced a significant expansion in recent years and the Companion to Venetian History 1400 1797 provides a single volume overview of the most recent developments It is organized thematically and covers a range of topics including political culture economy religion gender art literature music and the environment Each chapter provides a broad but comprehensive historical and historiographical overview of the current state and future directions of research The Companion to Venetian History 1400 1797 represents a new point of reference for the next generation of students of early modern Venetian studies as well as more broadly for scholars working on all aspects of the early modern world Contributors are Alfredo Viggiano Benjamin Arbel Michael Knapton Claudio Povolo Luciano Pezzolo Anna Bellavitis Anne Schutte Guido Ruggiero Benjamin Ravid Silvana Seidel Menchi Cecilia Cristellon David D Andrea Elisabeth Crouzet Pavan Wolfgang Wolters Dulcia Meijers Massimo Favilla Ruggero Rugolo Deborah Howard Linda Carroll Jonathan Glixon Paul Grendler Edward Muir William Eamon Edoardo Demo Margaret King Mario Infelise Margaret Rosenthal and Ronnie Ferguson **Children and Sexuality** G. Rousseau, 2007-12-14 Children and Sexuality probes the hidden relations between children and sexuality in case studies from the Greeks to the Great War The lives reconstructed here extend from Greek Alcibiades to Lewis Carroll and Baden Powell each recounted with scrupulous vigilance to detail and nuance *Sex and Punishment* Eric Berkowitz, 2013-04-03 Sex and Punishment tells the story of the struggle throughout millennia to regulate the most powerful engine of human behaviour sex From the savage impalement of an Ancient Mesopotamian adulteress to the imprisonment of Oscar Wilde for gross indecency in 1895 Eric Berkowitz evokes the entire sweep of Western sex law The cast of Sex and Punishment is as varied as the forms taken by human desire itself royal mistresses gay charioteers medieval transvestites lonely goat lovers prostitutes of all stripes and London rent boys Each of them had forbidden sex and each was judged and justice as Berkowitz shows rarely had anything to do with it *Entertaining Ambiguities* Ralph J. Hexter, 2025-12-02 Entertaining Ambiguities explores the intersections of male male sexual activities subcultures and coded language with classical reception university culture and Italian humanism Through his excavation of a pair of Latin comedies Janus the Priest and The False Hypocrite written and performed by law students at

the University of Pavia in 1427 and 1437 respectively Ralph Hexter shows how these plays expand our understanding of the range of contemporary attitudes to male male sexual behavior beyond previously studied registers whether legal ecclesiastical or natural scientific The plot of the two plays one of which is an adaptation of the other involves the entrapment of a priest who is eager for sexual activity with men Digging deeply into precisely how the student ringleader of the entrapment plot persuades the priest to visit him in his rooms for an assignation Hexter uncovers the coded language that the student uses to seemingly establish himself as a member of a network of like minded men convincing the priest to let his guard down Hexter reads this coded language within his examination of the context of the plays performance and circulation including careful reading of a range of Italian and Latin sources such as Boccaccio's Decameron Apuleius's Golden Ass comedies by Plautus and Terence and Beccadelli's Hermaphroditus among others In doing so he demonstrates how passages throughout both plays disrupt received ideas about the period's sexual conventions and sexual possibilities Reading against the grain against orthodox expectations Hexter reveals the plays seemingly moralizing endings to be more suggestive and more ambiguous than they appear Including an appendix presenting the first published English translations of both plays Entertaining Ambiguities offers a new account of the history of sexuality changing social mores and intellectual exchange at the dawn of the Renaissance
