The Ancient Egyptian Books of the Earth Joshua Aaron Roberson, 2014-06-23 Collections of scenes and texts designated variously as the Book of the Earth Creation of the Solar Disc and Book of Aker were inscribed on the walls of royal sarcophagus chambers throughout Egypt's Ramessid period Dynasties 19-20 This material illustrated discrete episodes from the nocturnal voyage of the sun god which functioned as a model for the resurrection of the deceased king These earliest Books of the Earth employed mostly ad hoc arrangements of scenes united by shared elements of iconography an overarching bipartite symmetry of composition and their frequent pairing with representations of the double sky overhead From the Twenty First Dynasty and later selections of programmatic tableaux were adapted for use in private mortuary contexts often in conjunction with innovative or previously unattested annotations The present study collects and analyzes all currently known Book of the Earth material including discussions of iconography grammar orthography and architectural setting **The Triads** J. M. S. Ward, W. G. Stirling, 2014-07-10 First published in 2006 Claiming origins in the mysteries of the Shaolin monastery and its martial traditions the Triads are Chinese secret societies that overthrew the Qing Dynasty evolved into organised crime syndicates spread through the Chinese diaspora and are more powerful now than ever before The symbol of the Triads is a triangle enclosing the characters for heaven earth and man emblematic of the societies far reaching influence and membership involves challenging rites of initiation and the practice of complex rituals little changed over the centuries On one level these practices can be seen simply as the customs of a purely mystical order on another they may be seen as the organising principles by which secret societies continue to operate as powerful political organisations invisible in our midst This classic work the definitive study of the history symbols and secret rituals of the Triads reveals the Triad initiation ritual of the mystical journey sacred Triad signs words and slang the rite of the magic mirror and the oath of blood brotherhood the symbolic decoration of Triad temples Triad magic and the meaning of the sacred objects and ceremonies at the heart of Triad practice in minute detail The authors show that the Triad ritual is a potent mystical allegory

with an immense power that can be used for good or ill THE TIRNANO Peter Emmerson, *The Ancient Egyptian Books of the Afterlife* Erik Hornung, 1999 This volume offers a survey about what is known about the Ancient Egyptians vision of the afterlife and an examination of these beliefs that were written down in books that were later discovered in royal tombs The contents of the texts range from the collection of spells in the Book of the Dead which was intended to offer practical assistance on the journey to the afterlife to the detailed accounts of the hereafter provided in the Books of the Netherworld The author looks closely at these latter works while summarizing the contents of the Book of the Dead and other widely studied examples of the genre For each composition he discusses the history of its ancient transmission and its decipherment in modern times supplying bibliographic information for any text editions He also seeks to determine whether this literature as a whole presents a monolithic conception of the afterlife The volume features many drawings from the books themselves
