Women in Prison Barbara H. Zaitzow, Jim

Thomas, 2003 It is old news that the conditions and policies of women s prisons are different from those for incarcerated men Less evident however is how gender differences shape those policies and how gender identity and roles shape women s adaptation and resistance to prison culture and control The papers in this collection explore how the gender based attitudes that women bring to prison frame how they respond to the prison environment and how gender stereotypes continue to affect the treatment and opportunities of incarcerated women today It looks particularly at how the personal and social problems imported into the prison setting become part of the intricate web of prison culture and how extensively women s prison experience reflects the control and domination they experienced in the outside world

The Routledge Handbook of Women's Experiences of Criminal Justice Isla Masson, Natalie Booth, 2022-10-25

This Handbook brings together the voices of a range of contributors interested in the many varied experiences of women in criminal justice systems and who are seeking to challenge the status quo Although there is increasing literature and research on gender and certain aspects of the criminal justice system often Western focused there is a significant gap in the form of a Handbook that brings together these

important gendered conversations This essential book explores research and theory on how women are perceived handled and experience criminal justice within and across different jurisdictions with particular consideration of gendered and disparate treatment of women as law breakers There is also consideration of women s experiences through an intersectional lens including race and class as well as feminist scholarship and activism The Handbook contains 47 unique chapters with nine overarching themes Lessons from history and theory Routes into the criminal justice system Intersectionality Sentencing and the courts and community punishments Specific offences Incarcerated women s experiences Mothers and families Rehabilitation and reintegration Practitioner relationships and each theme includes contributions from different countries as well as the experiences of contributors from different stages in their own journey International and interdisciplinary in scope this Handbook is essential reading for scholars and students of criminology sociology social policy social work and law It will also be of interest to practitioners such as social workers probation officers prison officers and policy makers

Impacts of Incarceration on the African American Family Othello Harris, Robin Miller, 2018-05-04 The criminal justice system has driven a wedge between black men and their children African American men are involved in the criminal justice system whether through incarceration probation or parole at near epidemic levels At the same time the criminal justice system has made little or no institutional efforts to maintain or support continuing relationships between these men and their families Consequently African American families are harmed by this in countless ways from the psychological physical and material suffering experienced by the men themselves to losses felt by their mates children and extended family members The volume opens with an introduction and brief review by R Robin Miller Sandra Lee Browning and Lisa M Spruance outlining the impacts of incarceration on the African American family Brad Tripp explores changes in family relationships and the identity of incarcerated African American fathers Mary Balthazar and Lula King discuss the loss of the protective effect of marital and nonmarital relationships and its impact on incarcerated African American men and the implications for African American men and those who work with them in the helping professions Theresa Clark explores the relationship between visits by family and friends and the nature of inmate behavior In a research note Olga Grinstead Bonnie Faigeles Carrie Bancroft and Barry Zack investigate the actual costs families incur to maintain contact with family members be it emotional social or financial Patricia E O Connor uses data from sociolinguistic interviews of male inmates from a maximum security prison to study how some of these men manage to continue to fulfill the fatherhood role long distance In a concluding chapter Sandra Lee Browning Robin Miller and Lisa Spruance focus on actions of the criminal justice system that undermine the black family on reasons that black male inmate fathers are studied so rarely and discuss the role restorative justice may play This insightful volume fills a void in the literature on the role of African American men in the functioning of families It will be of interest to students of African American studies social workers and policy makers

Prisons, Punishment, and the Family Rachel Condry, Peter Scharff Smith, 2018-10-04 Every year millions of families are affected by the imprisonment of a family member

Children of imprisoned parents alone can be counted in millions in the USA and in Europe It is a bewildering fact that while we have had prisons for centuries and the deprivation of liberty has been a central pillar in the Western mode of punishment since the early nineteenth century we have only relatively recently embarked upon a serious discussion of the severe effects of imprisonment for the families and relatives of offenders and the implications this has for society This book draws together some of the excellent research that addresses the impact of criminal justice and incarceration in particular upon the families of offenders It assembles examples of recent and ongoing studies from eight different countries in order to not only learn about the secondary effects and collateral consequences of imprisonment but also to understand what the experiences and lived realities of prisoners families means for the sociology of punishment and our broader understanding of criminal justice systems While punishment and society scholarship has gained significant ground in recent years it has often remained silent on the ways in which the families of prisoners are affected by our practices of punishment This book provides evidence of the importance of including families within this scholarship and explores themes of legitimacy citizenship human rights marginalization exclusion and inequality

Black Women, Black Love Dianne M Stewart, 2020-10-06 A powerful persuasive and devastatingly haunting examination of America's racist centuries long oppression of Black love Carol Anderson bestselling author of *White Rage* According to the 2010 US census more than seventy percent of Black women in America are unmarried Black Women Black Love reveals how four centuries of laws policies and customs have created that crisis Dianne M Stewart begins in the colonial era when slave owners denied Blacks the right to marry divided families and in many cases raped enslaved women and girls Later during Reconstruction and the ensuing decades violence split up couples again as millions embarked on the Great Migration north where the welfare system mandated that women remain single in order to receive government support And no institution has forbidden Black love as effectively as the prison industrial complex which removes Black men en masse from the pool of marriageable partners Prodigious research and deeply felt Black Women Black Love reveals how white supremacy has systematically broken the heart of Black America and it proposes strategies for dismantling the structural forces that have plagued Black love and marriage for centuries

Stanley,Nat Smith,2015-10-01 Captive Genders is an exciting assemblage of writings analyses manifestos stories interviews that traverse the complicated entanglements of surveillance policing imprisonment and the production of gender normativity Focusing discerningly on the encounter of transpersons with the apparatuses that constitute the prison industrial complex the contributors to this volume create new frameworks and new vocabularies that surely will have a transformative impact on the theories and practices of twenty first century abolition Angela Y Davis professor emerita University of California Santa Cruz The contributors to Captive Genders brilliantly shatter the assumption that the antidote to danger is human sacrifice In other words for these thinkers where life is precious life is precious Ruth Wilson Gilmore author of Golden Gulag Prisons Surplus Crisis and Opposition in Globalizing California Captive Genders is at once a scathing and necessary analysis of the prison industrial complex and a history of queer resistance to state tyranny By analyzing the root causes of anti queer and anti trans violence this book exposes the brutality of state control over queer trans bodies inside and outside prison walls and proposes an analytical framework for undoing not just the prison system but its mechanisms of surveillance dehumanization and containment Mattilda Bernstein Sycamore author of Why Are Faggots So Afraid of Faggots Captive Genders was the first book of its kind It remains the touchstone for studies of trans and gender queer people in prison It has been revamped to appeal to recent broadened interest With a new Foreword by CeCe McDonald and essay by Chelsea Manning **Where Are All the Young Men and Women of Color?** Melvin Delgado,2001-09-26 When it comes to social work practice in community outreach programs in juvenile detention centres in prisons in parole and probation programs and in the inner cities Melvin Delgado asks the question Where are all the young men and women of color Although many urban residents especially persons of color are or have been involved in the juvenile and or criminal justice system the topic of criminal offenders and ex offenders has been much neglected by the human services literature This book stands as the only work to discuss correctional supervision and the needs of individuals in a nonprescriptive manner marking a shift toward a capacity enhancement or strengths perspective approach specifically what are the strengths of individuals and how can they capitalize on them Delgado includes a section of reflections from the field that applies capacity enhancement principles and methods to case studies *Prose and Cons* D. Quentin Miller,2005-10-04 As the United States prison population has exploded over the past 30 years a rich provocative and ever increasing body of literature has emerged written either by

prisoners or by those who have come in close contact with them Unlike earlier prison writings contemporary literature moves in directions that are neither uniformly ideological nor uniformly political It has become increasingly personal and the obsessive subject is the way identity is shaped compromised altered or obliterated by incarceration The 14 essays in this work examine the last 30 years of prison literature from a wide variety of perspectives The first four essays examine race and ethnicity the social categories most evident in U S prisons The three essays in the next section explore gender a prominent subject of prison literature highlighted by the absolute separation of male and female inmates Section three provides three essays focused on the part ideology plays in prison writings The four essays in section four consider how aesthetics and language are used seeking to define the qualities of the literature and to determine some of the reasons it exists

Plague of Prisons Ernest Drucker,2013-05-28 The public health expert and prison reform activist offers meticulous analysis on our criminal justice system and the plague of American incarceration The Washington Post An internationally recognized public health scholar Ernest Drucker uses the tools of epidemiology to demonstrate that incarceration in the United States has become an epidemic a plague upon our body politic He argues that imprisonment originally conceived as a response to the crimes of individuals has become mass incarceration a destabilizing force that damages the very social structures that prevent crime Drucker tracks the phenomenon of mass incarceration using basic public health concepts incidence and prevalence outbreaks contagion transmission potential years of life lost The resulting analysis demonstrates that our unprecedented rates of incarceration have the contagious and self perpetuating features of the plagues of previous centuries Sure to provoke debate and shift the paradigm of how we think about punishment A Plague of Prisons offers a novel perspective on criminal justice in twenty first century America How did America s addiction to prisons and mass incarceration get its start and how did it spread from state to state Of the many attempts to answer this question none make as much sense as the explanation found in this book The Philadelphia Inquirer **Critical Criminology in Canada** Aaron Doyle,2011-01-01 This book presents the work of a new generation of critical criminologists who explore the geographical

institutional and political contexts of the discipline in Canada Breaking away from mainstream criminology and law and order discourses the authors offer a spectrum of theoretical approaches to criminal justice from governmentality to feminist criminology from critical realism to anarchism and they propose novel approaches to topics ranging from genocide to white collar crime By posing crucial questions and attempting to define what criminology should be this book will shape debates about crime policing and punishment for years to come
