Solitude Rompue:

A Journey in Translation Lee Skallerup Bessette, 2016-08-03 This book traces the remarkable journey of H bert s shifting authorial identity as versions of her work traveled through complex and contested linguistic and national terrain from the late 1950s until today At the center of this exploration of H bert s work are the people who were inspired by her poetry to translate and more widely disseminate her poems to a wider audience Exactly how did this one woman s work travel so much farther than the vast majority of Qu b cois authors Though the haunting quality of her art partly explains her wide appeal her work would have never traveled so far without the effort of scores of passionately committed translators editors and archivists Though the work of such middle men is seldom recognized much less scrutinized as a factor in shaping the meaning and reach of an artist in Herbert s case the process of translating H bert s poetry has left in its wake a number of archival and other paratextual resources that chronicle the individual acts of translation and their reception Though the impact of translation editions and archival work has been largely ignored in studies of Canadian literary history the treasure trove of such paratextual records in H bert s case allows us to better understand the reach of her work More importantly it provides insight into and raises critical questions about the textually mediated process of nation building and literary canon formation Published in English

Beware the Stranger Peter Noble, 2021-09-13 The stranger survenant represents an important theme in Quebec literature of the second half of the twentieth century This book analyses the role of the survenant in five major novels dating from 1945 to 1992 and shows how the theme is constantly reworked and revitalised by the authors selected The arrival of a survenant in a community brings to the surface the conflicts and tensions which had been latent The consequences can be tragic for all concerned At the least the community is changed forever This is the first study of the way in which different Quebecois authors treat the survenant and should be of interest to all students of Quebec literature and culture

Certain Difficulty of Being Anthony Purdy,1990-06-01 In the Preface to A Certain Difficulty of Being Purdy examines the kinds of discourse that deal with the novel in some nineteenth century Quebec novel prefaces thereby revealing a theme of generic denegation in the sense of This is not a novel Purdy goes on to explore the transition from epic to novel in F lix Antoine Savard s Menaud ma tre draveur the contradictions stemming from the use of a first person present tense narrative in Andr Langevin s Poussi re sur la ville the problem of narrativity and history as it is raised in Hubert Aquin s Prochain pisode and the way in which narrative voice functions in Anne H bert s Kamouraska He also touches on the current debate concerning the boundaries between modernism and post modernism Purdy does not offer an all embracing system to explain the development of narrative in the Quebec novel but leads us to an understanding of how these particular novels function each in its own socio historical context and how they achieve or fail to achieve what they set out to do The thread that runs through the different chapters is a pragmatic concern with Quebec s historical difficulty of being as it informs in varying ways the narrative projects of the novels in question

From Illiteracy to Literature

Anne-Marie Picard, 2016-08-05 *From Illiteracy to Literature* presents innovative material based on research with non reading children and re examines the complex relationship between psychoanalysis and literature through the lens of the psychical significance of reading the forgotten adventure of our coming to reading Anne Marie Picard draws on two specific fields of interest firstly the wish to understand the nature of literariness or the literary effect i e the pleasures and frustrations we derive from reading secondly research on reading pathologies carried out at St Anne s Hospital Paris The author uses clinical observations of non reading children to answer literary questions about the reading experience using psychoanalytic theory as a conceptual framework The notion that reading difficulties or phobias should be seen as a symptom in the psychoanalytic sense allows Picard to shed light on both clinical vignettes taken from children s case histories and reading scenes from literary texts Children experiencing difficulties in learning to read highlight the imaginary stakes of the confrontation with the arbitrary nature of the letter and the price to pay for one s entrance into the Symbolic Picard applies the lesson taught by these children to a series of key literary texts featuring at their very core this confrontation with the signifier with the written code itself This book argues that there is something in literature that drives us back again and again to the loss we have suffered as human beings to what we had to undergo to become human our subjection to the common place of language Picard shows complex Lacanian concepts at work in the field of reading pathologies emphasizing close reading and a clinical attention to the letter of the texts far from the psychobiographical attempts at psychologizing literary authors *From Illiteracy to Literature* presents a novel psychodynamic approach that will be of great interest to psychotherapists and language pathologists appealing to literary scholars and those interested in the process of reading and literariness Narratology and Text

Paul Perron, 2003-01-01 He illustrates how citizens of French Catholic origins living in Canada have constructed their identity by defining the self both as part of a closed community founded in race language and religion and as radically opposed to the other an omnipresent heterogeneous threat to the homogeneous group **BOOK JACKET** **Reading Nelligan**

Emile Talbot, 2003-05 mile Nelligan 1879 1941 wrote all of his poetry as an adolescent before spending four decades in a psychiatric asylum Considering all of Nelligan s work and using a largely textual approach mile Talbot points out the Canadian roots of Nelligan s originality He argues that these are discernable despite Nelligan s use of the discourse of nineteenth century continental French poetry particularly that of the Parnassians and the Decadents Talbot s textual analysis is integrated with a consideration of the social cultural artistic and religious climate of both late nineteenth century Montreal and the European literary culture to which Nelligan was responding Talbot considers such pertinent factors as the spirituality of guilt the role of the mother and a societal context that rejected both the revelation of the self and the autonomy of art In doing so he sheds new light on Nelligan s use of European poetic language to fashion a poetry marked by his own culture **Quinze ans dans l'oeuvre d'Anne Hébert** Patricia Godbout, 2011-01-03T00:00:00-05:00 Deux dossiers

importants composent ce dixi me Cahier Le premier dirig par Patricia Godbout et Martin Dor s intitule Quinze ans dans l

oeuvre d'Anne Hébert 1958-1973 et résulte d'un colloque tenu à Ottawa en mai 2009 dans le cadre du congrès de l'Acfas. Les contributions qu'on y trouve prennent en compte l'oeuvre et la vie d'Anne Hébert recadrées dans la socio-culture des années 1950-1970. De l'attribution du prix France-Canada en 1958 pour *Les chambres de bois* la sortie du film *Kamouraska* et même un peu au-delà le positionnement de l'écrivaine est examiné dans les transformations socioculturelles alors en cours. Ce dossier s'inspire de l'histoire culturelle qui s'est développée dans le domaine de la recherche depuis plus de 20 ans. Un second dossier aborde l'oeuvre d'Anne Hébert d'une manière toute particulière. On sait l'importance qu'une oeuvre peut avoir sur d'autres artistes. Deux romans d'Hébert ont ainsi été adaptés au cinéma. Cette fois des artistes visuels ont travaillé à partir de la poésie d'Hébert pour produire un certain nombre de monotypes. Leurs lectures donnent une vision singulière de la poésie d'Hébert qui passe ainsi non seulement dans le filtre d'un autre médium mais aussi travers des subjectivités qui se dévoilent en révélant des aspects précis de l'oeuvre hébertienne. Un article portant sur la notion de sacrifice inspirée de Ren Girard dans deux oeuvres d'Anne Hébert complète ce numéro.

Literature and Painting in Quebec William J. Berg, 2013-02-04 This unique study explores how Quebec's landscapes have been represented in both literature and visual art throughout the centuries from the writing of early explorers such as Cartier and Champlain to work by prominent contemporary authors and artists from the province. William J. Berg traces recurrent images and themes within these creations through the most significant periods in the development of a Québécois identity that was threatened initially by the wilderness and indigenous populations and later by the dominance of British and American influences. Focusing on the interplay between nature and culture in landscape representation, *Literature and Painting in Quebec* contends that both have reflected and fashioned the meaning of French Canadian nationhood. As such, *Literature and Painting in Quebec* presents a new perspective to approach the notion of national identity, a quest that few groups have engaged in more persistently than the Québécois.
