Sheridan,1999 From the earliest days of their empire in the New World the Spanish sought to gain control of the native peoples and lands of what is now Sonora While missionaries were successful in pacifying many Indians the Seris independent groups of hunter gatherers who lived on the desert shores and islands of the Gulf of California steadfastly defied Spanish efforts to subjugate them Empire of Sand is a documentary history of Spanish attempts to convert control and ultimately annihilate the Seris These papers of religious military and government officials attest to the Seris resilience in the face of numerous Spanish attempts to conquer them and remove them from their lands Most of the documents are being made available for the first time while the few that have been published are extremely difficult to find They include early observations of the Seris by Jesuit missionaries the collapse of the Seri mission system in 1748 accounts of the invasion of Tibur n Island in 1750 and the

Sonora Expedition of 1767 1771 and reports of late eighteenth century Seri hostilities Thomas Sheridan s introduction puts the documents in perspective while his notes objectively clarify their significance In a superb analysis of contact history Sheridan shows through these documents that Spaniards and Seris understood one another well and it was their inability to tolerate each other s radically different societies and cultures that led to endless conflict between them By skillfully weaving the documents into a coherent narrative of Spanish Seri interaction he has produced a compelling account of empire and resistance that speaks to anthropologists historians and all readers who take heart in stories of resistance to oppression

Pure Space (Spanish Edition) Elisa Silva, 2020-11-24 This book may seem a simple accumulation of twenty one public space projects in eight Latin American cities On closer inspection the presentation of project descriptions photographs and annotated drawings reflects a concern to analytically explain the operative aspects at work The publication is not intended to serve only as a catalogue guide or manual on how to produce public space in spontaneous settlements Rather it goes beyond the aims of an index of best practices It is intended instead as an empirical base for a critical and theoretical engagement with the problematic of development social inclusion public investment in formal settlement civil society and the public sphere The publication achieves its final function at this third level by providing a compelling argument to expand the agency of architects and urban designers and creatively find ways of justifying financing and building public spaces in communities spaces that have a catalytic effectiveness in achieving significant urban and social transformation This book was awarded by a Graham Foundation Grant and CAF Development Bank of Latin America

The Terror of the Unknown John J. Gonzales M. Div, M.M.,2021-09-29 The memoirs of a young boy and his family living in a house and community where strange and supernatural phenomena took place and how he face the forces of darkness protecting his younger siblings and himself for five consecutive years

El S3per Negocio de Partidos. Parqu3metros en la Ciudad de M3xico. Juan Ju3rez,2014-07-21 La presente investigaci3n parte de la siguiente hip3tesis el programa de parqu3metros en la Ciudad de M3xico responde a una necesidad de movilidad o de crear nuevos negocios que involucren la corrupci3n A partir de esta hip3tesis la investigaci3n abordar el tema de las causas implicaciones y percances que ha tenido la puesta en marcha del programa Ecoparq abordando temas como el famoso retiro de franeleros violaciones al uso del suelo y el boom habitacional entre otros para explicar el fen3meno urban stico de la ciudad y su implicaci3n con el programa de parqu3metros Este trabajo es una investigaci3n sustentada con notas de prensa entrevistas y testimonios de los ciudadanos inconformes a la puesta en marcha

del programa Ecoparque se analiza lo que ha prevalecido en el ámbito de la planeación urbanística así como los racionamientos derivados de las confrontaciones vecinales de los análisis de los proyectos ofrecidos por el gobierno y de los hechos que han resultado de la puesta en marcha arbitraria del programa en diversas zonas de la ciudad. Se recurre a los orígenes de los programas de pago por el uso de las vías públicas haciendo referencias comparativas con el real internacional a fin de demostrar que en la mayoría de los casos dichos programas no pueden ser adecuados a la idiosincrasia y a las necesidades de nuestra ciudad y derivado de este análisis se ha visto que la aplicación por demás irresponsables de los programas de parques metros ha dado origen a problemas que en su momento generan confrontaciones vecinales abusos por parte de las concesionarias de terceros involucrados y lo más grave es que pueden afectar el patrimonio cultural de algunas zonas a través de las violaciones al uso de suelo. Por otro lado se pone de manifiesto la corrupción de las autoridades coludida con los concesionarios existiendo una absoluta falta de transparencia en el otorgamiento de los permisos y en el destino de los recursos recaudados. Así mismo el fin de lucro que persiguen las autoridades y concesionarios se disfraza de un proyecto de movilidad y de un cúmulo de beneficios soluciones mágicas en favor de los ciudadanos. Para concluir se destaca la necesidad de tomar en consideración que una de las características más bellas de nuestra ciudad es el hecho de que a pesar de ser una ciudad cosmopolita dentro de ella aún existen barrios en los que los ciudadanos pueden disfrutar del sabor de la provincia y que son heridos y lastimados por proyectos que falsamente se presentan con muchas de conciencia social inexistente como lo son las Zonas de Desarrollo las normas 30 y 31 los cambios al uso de suelo y demás programas urbanos y de movilidad en donde la corrupción está presente.

Diario de las sesiones de Cortes España Cortes,1856 Maldito Destino (Trilogía Destino 1)
María Heredia,2023-05-04. Qu puedes hacer cuando el destino no deja de ponerte a tu nuevo vecino en el camino. Jimena está convencida de que el destino la odia. Desde que era pequeña el universo no ha parado de ponerle trabas y obstáculos a que esté acostumbrada a que todo le salga mal. Acaba de mudarse a Málaga por trabajo pero ni por eso el destino parece dispuesto a portarse bien con ella. Lex es guay, turístico y conoce a Jimena gracias a un pequeño accidente en un restaurante mexicano. No tardan en descubrir que son vecinos y acaban cenando juntos. Aunque ninguno de los dos se imagina que después de esa noche el destino no parará de cruzar sus caminos. Accidentes conspiraciones del universo y muchas noches de charlas y risas lograrán que entre Jimena y Lex surja una gran amistad. O puede que algo más. Pero dejar el destino que Jimena consiga por fin su final feliz. La crítica ha dicho. Es una novela con situaciones que te hacen reír. La historia de amor es preciosa y la amistad tiene un peso importante en la historia. Lucía y Sabela IG Pinceladas de libros
