There is advice on how to construct challenging and interesting scenarios for one off engagements whether these are skirmishes or major battles historical events or more generic ones and how to combine these tactical actions into wider campaigns involving grand strategy logistics and other factors. Tips on sustaining interest through such activities as recording results writing campaign diaries and online blogs will help you enrich your hobby. The Wargaming Compendium Henry Hyde, 2013-08-19 An extensive reference guide to the exciting hobby for beginners as well as longtime players. Wargaming is a fascinating engrossing and exciting pastime that encompasses a wide range of different talents. The average wargamer uses the skills of artist designer sculptor illustrator historian librarian researcher mathematician and creative writer as well as the more obvious ones of general admiral or air marshal for large games or perhaps lieutenant commodore or squadron leader for skirmishes. Aside from calling upon many skills wargaming also covers many aspects of combat spanning the history of Earth. With science fiction gaming we plunge into imagined worlds many thousands of years into the future and a fantasy gamer of course deals with eons of imagined history as anyone who has read *The Lord of the Rings* will know. A wargamer may find themselves recreating an encounter between a handful of adversaries one day or a massed battle involving perhaps hundreds of miniature troops the next. Moreover it is possible to play wargames that recreate warfare on land on sea in the air or even in outer space. This book demonstrates the wonderfully varied hobby of wargaming with miniatures looking at the broad scope of what it has to offer as well as detailed explanations of how to get involved including comprehensive rules for gladiator combat Wild West skirmishes and the horse and musket era as well as lots of advice for anyone new to wargaming. Whether you're a complete newcomer to the hobby or a veteran of many years you'll find plenty in *The Wargaming Compendium* to entertain and inspire you.
