Some Makers Of American Literature:

Some Makers of American Literature William Lyon Phelps, 1969 *Some Makers of American Literature* William Lyon Phelps, 1923 **Robert Penn Warren, Shadowy Autobiography, and Other Makers of American Literature** Joseph R. Millichap, 2023-08-18 Toward the end of his career Robert Penn Warren wrote It may be said that our lives are our own supreme fiction Although lauded for his writing in multiple genres Warren never wrote an autobiography Instead he created his own shadowy autobiography in his poetry and prose as well as his fiction and nonfiction As one of the most thoughtful scholars on Robert Penn Warren and the literature of the South Joseph Millichap builds on the accepted idea that Warren s poetry and fiction became more autobiographical in his later years by demonstrating that that same progression is replicated in Warren s literary criticism This meticulously researched study reexamines in particular Warren s later nonfiction in which autobiographical concerns come into play that is in those fraught with psychological crisis such as *Democracy and Poetry* Millichap reveals the interrelated literary genres of autobiography criticism and poetry as psychological modes encompassing the interplay of Warren s life and work in his later nonfiction He also shows how Warren s critical engagement with major American authors often centered on the ways their creative work intersected with their lives thus generating both autobiographical criticism and the working out of Warren s own autobiography under these influences Millichap s latest book focuses on Warren s critical responses to William Faulkner John Crowe Ransom Herman Melville Nathaniel Hawthorne John Greenleaf Whittier and Theodore Dreiser In addition the author carefully considers the black and female writers Warren assessed more briefly in *American Literature The Makers and the Making* Robert Penn Warren *Shadowy Autobiography and Other Makers of American Literature* presents the breadth of Millichap s scholarship the depth of his insight and the maturity of his judgment by giving us to understand that in his writing Robert Penn Warren came to know his own vocation as a poet and critic and as an American **Creators and Created Beings in Twentieth-Century Latin American Fiction** Amy Frazier-Yoder, 2023-10-24 Characters are made scripted and invented but *Creators and Created Beings in Twentieth Century Latin American Fiction* explores what occurs when literary creations become creators themselves Representing Latin American fiction s increasingly skeptical gaze in the early to mid twentieth century these literary creators breach the metafictional frame in order to problematize themes including life and death gender and sexuality and technology Drawing upon a diverse range of literary works by canonical and non canonical authors including Jorge Luis Borges Horacio Quiroga Carlos Onetti Julio Cort zar Mar a Luisa Bombal Carlos Fuentes Roberto Arlt Juan Jos Arreola Eduardo Ladislao Holmberg Clemente Palma Adolfo Bioy Casares and Pedro Angelici this study excavates critical ontological and epistemological inquiries and delves into questions of identity power scientific knowledge and the transformative nature of fiction **Annual Report of the American Historical Association** American Historical Association, 1926 **Landmark Essays on Rhetorical Criticism** Thomas W. Benson, 2020-08-18 This book is an anthology of landmark essays in rhetorical

criticism In historical usage a landmark marks a path or a boundary as a metaphor in social and intellectual history landmark signifies some act or event that marks a significant achievement or turning point in the progress or decline of human effort In the history of an academic discipline the historically established senses of landmark are mixed together jostling to set out and protect the turfmarkers of academic specialization aligning footnotes to signify the beacons that have guided thought and against these conservative tendencies attempting to contribute fresh insights that tempt others along new trails The editor has chosen essays for this collection that give some sense of the history of rhetorical criticism in this century especially as it has been practiced in the discipline of speech communication He also emphasizes materials that may illustrate where the discipline conceives itself to be going how it has marked its boundaries how it has established beacons to invite safety or warn us from the rocks and how it has sought to preserve a tradition by subjecting it to constant revision and struggle In the hope of providing some coherence the scope of this collection is limited to rhetorical criticism as it has been practiced and understood within the discipline of speech communication in North America in this century **Trübner's**
