dreams spirituality magic and love I arrived just at the end of the Pisces Age in 1950 and I could feel the energies changing early in my life The Sages had spoken to the families about the coming cultural change which would take the world by storm We had no idea what they meant but we knew it would happen I was just going about my life learning all the ancient African knowledge and wisdom my family taught After all this is the spirituality and ancestral knowledge which freed the slaves from bondage We were a very blessed family in that there was never any lack just a life of abundance The Sages controlled what happened in this world and no one ever questioned them Our world was filled with happiness excitement and surprise Then as though my world was not already filled with many unusual things in the early 1960 s it happened The change of which the Sages had been speaking started to happen Rev Martin Luther King Jr and the Civil Rights Movement came to our little town of Americus GA This was the very beginning of what turned out to be the biggest event ever My father was a successful independent business leader and he and Rev King as Dr King was known at that time bonded immediately This meant that our entire family was heavily involved in the Movement Dr King was frequently at our home and became a part of the family for many years Everything changed for me and the family when this Movement came but the Sages managed to keep control over our daily lives These were some powerful Black women whom no one dared cross The energy which drove the Movement was constantly pointed out to me by the Sages I became an expert on the human energy phenomenon The world was completely magical and it seemed to have come to our small town The people we met were from all over the globe The power of the black people s energy was working full force Because of what the Sages taught me I was able to travel through my entire life in control of my elements The Sages believed practiced and taught that if you can control your elements you can control your life This book is about these Black powerful women who had taken their gifts and skills underground until now

Objective Economics M. Northrup Buechner, 2011-06-13 Every price is set by someone this is where economics begins Building on that fundamental idea and on Ayn Rand s philosophy of Objectivism Objective Economics transforms economics The thesis of this book is that Ayn Rand s concept of objective is the indispensable base of valid economic thought Consistently applying this idea across the board the author reaches a general theory of price for the first time in the history of economic thought This theory of price then provides a valid base for explaining how a free economy functions Based on facts everyone knows presented without graphs or higher mathematics Objective Economics makes accessible to the intelligent layman a clear understanding of how the economy works For everyone who found college economics impenetrable and that is just about everyone this is the book The thesis of Objective Economics changes everything about economics including economics method the conception of the economy the meaning of competition the idea of price the nature of business costs the concept of supply the concept of demand the law of supply and demand the theory of price and the theory of total national output Overall as the result of all the preceding Objective Economics demonstrates that capitalism is the practical economic system
