Sensitive Preaching to the Sexually Hurting Sam Serio, 2016-07-27 Today's church has sadly failed to minister to men and women deeply affected by porn, abortion, rape, casual sex, a sexless marriage, same-sex attraction, or childhood sexual abuse. Church leaders know these broken people sit in their pews. What they don't know is what to say to them. Those who would speak out directly from the pulpit worry that they will be unwise or insensitive whatever their intent to the contrary. They may even fear being fired and losing their ministry altogether. The truth is that seminary curriculums rarely prepare preachers to talk about sex in their sermons.

Despite the pervasiveness of sexual wounds in the church preachers tend to either ignore them and say nothing or abhor them without nuance and condemn Sam Serio posits a powerful and necessary middle ground preaching that offers forgiveness transformation and restoration Sensitive Preaching to the Sexually Hurting is a ready to use resource written from a preaching perspective Serio examines the causes and consequences of the seven most difficult sexual issues of today Moreover he provides appropriate wording to use in crafting sermons along with corresponding Scripture texts He examines how preachers can prepare their churches their hearts and their sermons for the topic and how these can all work together to build a healthier future for their congregations and the wider church body *The Theology of Jonathan Edwards* Michael J. McClymond, Gerald R. McDermott, 2012-01-05 Scholars and laypersons alike regard Jonathan Edwards 1703-58 as North America's greatest theologian The Theology of Jonathan Edwards is the most comprehensive survey of his theology yet produced and the first study to make full use of the recently completed seventy-three volume online edition of the Works of Jonathan Edwards The book's forty-five chapters examine all major aspects of Edwards's thought and include in-depth discussions of the extensive secondary literature on Edwards as well as Edwards's own writings Its opening chapters set out Edwards's historical and personal theological contexts The next thirty chapters connect Edwards's theological loci in the temporally ordered way in which he conceptualized the theological enterprise beginning with the triune God in eternity with his angels to the history of redemption as an expression of God's inner reality ad extra and then back to God in eschatological glory The authors analyze such themes as aesthetics metaphysics typology history of redemption revival and true virtue They also take up such rarely explored topics as Edwards's missiology treatment of heaven and angels sacramental thought public theology and views of non-Christian religions Running throughout the volume are what the authors identify as five basic theological constituents trinitarian communication creaturely participation necessitarian dispositionalism divine priority and harmonious constitutionalism Later chapters trace his influence on and connections with later theologies and philosophies in America and Europe The result is a multi-layered analysis that treats Edwards as a theologian for the twenty-first century global Christian community and a bridge between the Christian West and East Protestantism and Catholicism conservatism and liberalism and charismatic and non-charismatic churches *Feasting on the Word: Year A, Volume 4: Preaching the Revised Common Lectionary* David L.
