Somerville And Ross A Critical Appreciation:

Somerville & Ross Hilary Robinson,1980 The Professional Literary Agent in Britain, 1880-1920 Mary Ann Gillies,2007-01-01 Breaking new ground in the study of British literary culture during an important transitional period this new work by Mary Ann Gillies focuses on the professional literary agent whose emergence in Britain around 1880 coincided with and accelerated the transformation of both publishing and authorship Like other recent studies in book and print culture The Professional Literary Agent in Britain 1880 1920 starts from the central premise that the business of authorship is inextricably linked with the aesthetics of literary praxis Rather than provide a broad overview of the period however Gillies focuses on a specific figure the professional literary agent She then traces the influence of two prominent agents A P Watt generally acknowledged as the first professional literary agent and J B Pinker the leading figure in the second wave of agents focusing on their respective relationships with two key clients The case studies not only provide insight into the business dynamics of the literary world at this time but also illustrate the shifting definition of literature itself during the period

Encyclopedia of British Humorists Steven H. Gale,1996 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company The European Metropolis Matthew L. Reznicek,2017 Building on the long standing image of Paris as the Capital of the Nineteenth Century and the Capital of Modernity this book examines the city s place in the imagination of Irish women writers in the long nineteenth century Irish Women Writers Ann Owens Weekes,2021-10-21 From the legendary poet Oisín to modernist masters like James Joyce William Butler Yeats and Samuel Beckett Ireland s literary tradition has made its mark on the Western canon Despite its proud tradition the student who searches the shelves for works on Irish women s fiction is liable to feel much as Virginia Woolf did when she searched the British Museum for work on women by women Critic Nuala O Faolain when confronted with this disparity suggested that modern Irish literature is dominated by men so brilliant in their misanthropy that the self respect of Irish women is radically and paradoxically checkmated by respect for an Irish national achievement While Ann Owen Weekes does not argue with the first part of O Faolain s assertion she does with the second In *Irish Women Writers An Uncharted Tradition* she suggests that it is the critics rather than the writers who have allowed themselves to be checkmated Beginning with Maria Edgeworth s *Castle Rackrent* 1800 and ending with Jennifer Johnston s *The Railway Station* 1980 she surveys the best of the Ireland s female literature to show its artistic and historic significance and to demonstrate that it has its own themes and traditions related to yet separate from that of male Irish writers Weekes examines the work of writers like E OE Somerville and Martin Ross pen names for cousins Edith Somerville and Violet Martin Elizabeth Bowen Kate O Brien Mary Lavin and Molly Keane among others She teases out the themes that recur in these writers works including the link between domestic and political violence and re-visioning of traditional stories such as Julia O Faolain s use of the Cúchulain and Diarmuid and Grainne myths to reveal the negation of women s autonomy In doing so she demonstrates that the literature of Anglo and Gaelic Irish women

presents a unified tradition of subjects and techniques a unity that might become an optimistic model not only for Irish literature but also for Irish people

The Big House of Inver Edith CEnone Somerville,Martin Ross,1999 Pembrokeshire occupies the far south western extremity of Wales with the ocean on three sides Its coastline is complex and convoluted a succession of cliffs and coves inlets and islands stacks and skerries and the great drowned estuary of Milford Haven Many justly claim this coastal scenery to be among the finest in the World The Pembrokeshire Coast Path an official National Trail designated in 1970 closely follows this coast from Amroth in the south to St Dogmael s in the north a distance of 186 miles almost entirely within a National Park As the meeting place of Celts Irish Vikings Welsh Normans English and Flemings Pembrokeshire is steeped in history and thanks in part to its fascinating geology its shores are especially rich in distinctive flora and fauna Nowhere is the Coast Path far from historic sites and charming villages or the fascinating small towns of St David s Pembroke and Tenby Flavoured by the moods of the ocean this book captures the atmosphere of the Coast Path and the ever changing landscapes seascapes and the settlements through which it passes It will evoke treasured memories for those who already know Pembrokeshire and enthuse those for whom that pleasure is yet to come

Rethinking Women's Collaborative Writing Lorraine Mary York,2002-01-01 York explores collaborative writing from women in Britain the United States Italy and France illuminating the tensions in the collaborative process that grow out of important cultural racial and sexual differences between the authors

Writing Double Bette London,2002-01-01 Although Roland Barthes and Michel Foucault announced the death of the author several decades ago

critics have been slow to abandon the idea of the solitary writer Bette London maintains that this notion has blinded us to the reality that writing is seldom an individual activity and that it has led us to overlook both the frequency with which women authors have worked together and the significance of their collaborative undertakings as a form of professional activity In *Writing Double* the first full length treatment of women's literary partnerships she goes to the heart of issues surrounding authorial identity What is an author Which forms of authorship are sanctioned and which forms marginalized Which of these forms have particularly attracted women Such questions are central to London's analysis of the challenge that women's literary collaboration presents to accepted notions of authorship Focusing on British texts from the nineteenth and twentieth centuries she considers a fascinating variety of works by largely noncanonical and in some instances highly unconventional authors from the enormously popular novels composed by writing teams at the turn of the century to the Brontë juvenilia and the occult scripts of Georgie Yeats and W B Yeats to automatic writings produced by mediums purporting to be in communication with the spirit world

Encyclopedia of the British Short Story Andrew Maunder, 2015-04-22 Provides a comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth featuring some of the most popular writers and works

The Anglo-Irish Novel and the Big House Vera Kreilkamp, 1998-10-01 This book is a comprehensive study of the ascendancy novel from Maria Edgeworth's *Castle Rackrent* 1800 through contemporary reinventions of the form Kreilkamp argues that Irish fiction needs to be rescued from the critical assumptions underlying attacks on the historical mythologies of Yeats and the Literary Revival Exploring the uniquely Irish dimensions of colonial and post colonial societies Kreilkamp charts the self critical formulations of a gentry culture facing its extinction more often and more successfully with comic irony than nostalgia Kreilkamp positions the *Big House* novels within current debates in postcolonial criticism and theory She argues that these fictional representations of a beleaguered society provide a complex nuanced gaze into a hybrid colonial group that distanced itself from the self aggrandizements of the revivalists As she examines the gothic revisionist and postmodern permutations of an enduring national form she illustrates the ways ascendancy women transformed conventions of an English domestic genre into political fiction Her attention to Edgeworth's Irish works the fiction of the neglected Victorian novelist Charles Lever and the gothic forms of the *Big House* by Sheridan Le Fanu and Charles Maturin provide a historical context for later reformulations of the genre by Somerville and Ross Elizabeth Bowen Molly Keane William Trevor Jennifer Johnston Aidan Higgins and John Banville

"An Anarchy in the Mind and in the Heart" Ellen M. Wolff, 2006 This is a study of some of Anglo Ireland's most compelling twentieth century attempts at self representation In contrast to formative studies that read Anglo Irish fiction as a predictably colonialist literature that nostalgically champions ruling class culture the author argues that novels by such authors as Molly Keane Elizabeth Bowen and Samuel Beckett are in fact richly textured narratives that sustain continuous debates with their own visions and revisions of history and culture The book contributes to the ongoing effort in Irish cultural studies to analyze myths and stereotypes

that have been both symptom and cause of Irish troubles past and present and helps destabilize problematically binary terminologies toward which discourse about postcoloniality can tend In the process the author refines received ideas about literary modernism and post modernism and suggests failings in the prevailing theory and practice of ideology critique Ellen M Wolff is Eleanor Gwin Ellis Instructor in English at Phillips Exeter Academy [Late Victorian Literary Collaboration](#) Annachiara Cozzi,2024-07-22 An exciting new contribution to the expanding but still largely uncharted territory of collaboration studies Late Victorian Literary Collaboration is the first book length study of the trend for collaborative writing that emerged in the last decades of the nineteenth century As a result of the rapidly growing literary market the years between 1870 and the turn of the century witnessed an unprecedented flow of collaboratively written novels In the 1890s co authorship became a craze with literary partnerships multiplying and fiction co written by twenty and more authors appearing in the pages of popular magazines By 1900 however the trend had already reversed and it quickly slipped into oblivion Late Victorian Literary Collaboration investigates the factors that made the period so conducive to collaboration tracing the reasons for its success and subsequent decline Drawing on a vast range of original sources the book discusses and compares different models of collaboration from life long exclusive partnerships to one time widely advertised collaborative ventures between best selling novelists It deals with authors such as Walter Besant Somerville and Ross Andrew Lang H R Haggard and Rhoda Broughton all favourites of the Victorian public but subsequently neglected and only recently reevaluated By unpacking the debate that developed around co authorship in the periodical press of the time the book also sheds light on how collaborative authorship was imagined by the general public and illustrates how the trend effectively if temporarily challenged Victorian assumptions about the author as a solitary genius **George Moore** Mary Pierse,2009-01-23 The Irish writer George Moore 1852 1933 was a very significant and often controversial figure on the literary stages of Paris London and Dublin at a key cultural moment Between 1880 and 1931 his creative involvements included spells with literary theatres in London and Dublin jousts with the daring and repression of the fin de si cle and a hail and farewell to Yeats and the Irish Revival This collection of essays offers fresh insights into diverse elements of his uvre and reflects some of the wide variety in Moore s literary innovations influences and legacy Contributors note his pioneering contributions to the short story his penetrating insights into Greek classical literature his avant garde feminism and egalitarianism and what may surprise 21st century readers of biblical theme blockbusters his sensitive but contentious novelistic treatment of the historical Jesus In this volume there are studies of sophisticated composition and fresh approaches to textual analysis The multiple Moore talents are scrutinised myths are dispelled and new evidence is uncovered for historic linkages George Moore s anticipation of Freudian psychological insights and his engagement with Darwinian theses are but two of his close involvements with key nineteenth century figures Manet Degas Parnell Kant Maupassant Gladstone Zola Marx and Woolf must feature on the list of names that are inseparable from Moore s life and work Yeats and Joyce also loom

large and their under acknowledged indebtedness to Moore poses difficult questions for literary history While Moore s own debt to French artistic influences English models and Irish heritage has long been recognised perceptions of Moore s writing from outside the Anglophone world highlight issues that demand further consideration This multi faceted author is well served by these new studies that in turn suggest additional avenues yet to be explored *Literary Representations of the Irish Country House* M. Kelsall,2002-12-10 This innovative new study examines the significance given to the country house in Ireland under the Union and how this is represented in the works of Edgeworth Lever Trollope Martin and Somerville Bowen and Lady Gregory The Irish country house is set in a classical and European context as the centre for the good life and the pinnacle of civilisation In Ireland that inherited tradition was challenged by an alternative culture nominated as savage This book explores how the Irish country house was the focus of conflict between and symbiosis of civilisation and savagery
