Something For Nothing Luck In America

Gayle Rogers

Something For Nothing Luck In America:

Something for Nothing Jackson Lears, 2004-07-27 Jackson Lears has won accolades for his skill in identifying the rich and unexpected layers of meaning beneath the familiar and mundane in our lives Now he challenges the conventional wisdom that the Protestant ethic of perseverance industry and disciplined achievement is what made America great Turning to the deep seldom acknowledged reverence for luck that runs through our entire history from colonial times to the early twenty first century Lears traces how luck chance and gambling have shaped and at times defined our national character

Improvisation and the Making of American Literary Modernism Rob Wallace, 2010-10-14 *Speculation* Gayle Rogers, 2021-07-06 In the modern world why do we still resort to speculation Advances in scientific and statistical reasoning are supposed to have provided greater certainty in making claims about the future Yet we constantly spin out scenarios about tomorrow for ourselves or for entire societies with flimsy or no evidence Insubstantial speculations from utopian thinking to high risk stock gambles often provoke fierce backlash even when they prove prophetic for the world we come to inhabit Why does this hypothetical way of thinking generate such controversy In this cultural literary and intellectual history Gayle Rogers traces debates over speculation from antiquity to the present Celebrated by Boethius as the height of humanity's mental powers but denigrated as sinful by John Calvin speculation eventually became central to the scientific revolution's new methods of seeing the natural world In the nineteenth century writers such as Jane Austen used the concept to diagnose the marriage market redefining speculation for the purpose of social critique Speculation fueled the development of modern capitalism spurring booms busts and bubbles and recently artificial intelligence has automated the speculation previously done by humans with uncertain and troubling consequences Unraveling these histories and many other disputes Rogers argues that what has always been at stake in arguments over speculation and why it so often appears so threatening is the authority to produce and control knowledge about the future Recasting centuries of contests over the power to anticipate tomorrow this book reveals the crucial role speculation has played in how we create and potentially destroy the future

Kinship by Design Ellen Herman, 2009-08-01 What constitutes a family Tracing the dramatic evolution of Americans answer to this question over the past century *Kinship by Design* provides the fullest account to date of modern adoption's history Beginning in the early 1900s when children were still transferred between households by a variety of unregulated private arrangements Ellen Herman details efforts by the U S Children's Bureau and the Child Welfare League of America to establish adoption standards in law and practice She goes on to trace Americans shifting ideas about matching children with physically or intellectually similar parents revealing how research in developmental science and technology shaped adoption as it navigated the nature nurture debate Concluding with an insightful analysis of the revolution that ushered in special needs transracial and international adoptions *Kinship by Design* ultimately situates the practice as both a different way to make a family and a universal story about love loss identity and belonging In doing so this volume provides a new vantage

point from which to view twentieth century America revealing as much about social welfare statecraft and science as it does about childhood family and private life

Historicizing Self-Interest in the Modern Atlantic World Christine Zabel, 2021-03-15 This volume historicizes the use of the notion of self interest that at least since Bernard de Mandeville and Adam Smith's theories is considered a central component of economic theory Having in the twentieth century become one of the key features of rational choice models and thus is seen as an idealized trait of human behavior self interest has despite Albert O Hirschman's pivotal analysis of self interest only marginally been historicized A historicization's of self interest however offers new insights into the concept by asking why when for what reason and in which contexts the notion was discussed or referred to how it was employed by contemporaries and how the different usages developed and changed over time This helps us to appreciate the various transformations in the perception of the notion and also to explore how and in what ways different people at different times and in different regions reflected on or realized the act of considering what was in their best interest The volume focuses on those different usages knowledges and practices concerned with self interest in the modern Atlantic World from the seventeenth to twentieth centuries by using different approaches including political and economic theory actuarial science anthropology or the history of emotions Offering a new perspective on a key component of Western capitalism this is the ideal resource for researchers and scholars of intellectual political and economic history in the modern Atlantic World

Show Town Holly George, 2016-10-26 Like many western boomtowns at the turn of the twentieth century Spokane Washington enjoyed a lively theatrical scene ranging from plays concerts and operas to salacious variety and vaudeville shows Yet even as Spokaneites took pride in their city's reputation as a good show town the more genteel among them worried about its Wild West atmosphere In Show Town historian Holly George correlates the clash of tastes and sensibilities among Spokane's theater patrons with a larger shift in values occurring throughout the Inland West and the nation during a period of rapid social change George begins this multifaceted story in 1890 when two Spokane developers built the lavish Auditorium Theater as a kind of advertisement for the young city The new venue catered to a class of people made wealthy by speculation railroads and mining Yet the refined entertainment the Auditorium offered conflicted with the rollicking shows that played in the town's variety theaters designed to draw in the migratory workers primarily single men who provided labor for the same industries that made the fortunes of Spokane's elite As well to do Spokaneites attempted to clamp down on the variety theaters performances at even the city's more respectable legitimate playhouses began to reflect a movement away from Victorian sensibilities to a more modern desire for self fulfillment particularly among women Theaters joined the debate over modern femininity by presenting plays on issues ranging from woman's suffrage to shifting marital expectations At the same time national theater monopolies transmitted to the people of Spokane new styles and tastes that mirrored larger cultural trends Lucidly written and meticulously researched Show Town is a groundbreaking work of cultural history By examining one city's theatrical scene in all its complex dimensions this book expands our understanding

of the forces that shaped the urban American West The Retreats of Reconstruction David E. Goldberg, 2016-11-01
Beginning in the 1880s the economic realities and class dynamics of popular northern resort towns unsettled prevailing assumptions about political economy and threatened segregationist practices Exploiting early class divisions black working class activists staged a series of successful protests that helped make northern leisure spaces a critical battleground in a larger debate about racial equality While some scholars emphasize the triumph of black consumer activism with defeating segregation Goldberg argues that the various consumer ideologies that first surfaced in northern leisure spaces during the Reconstruction era contained desegregation efforts and prolonged Jim Crow Combining intellectual social and cultural history *The Retreats of Reconstruction* examines how these decisions helped popularize the doctrine of separate but equal and explains why the politics of consumption is critical to understanding the long civil rights movement **Pop Culture**

Panics Karen Sternheimer, 2014-11-13 Moral panics reveal much about a society's social structure and the sociology embedded in everyday life This short text examines extreme reactions to American popular culture over the past century including crusades against comic books music and pinball machines to help convey the sociological imagination to undergraduates Sternheimer creates a critical lens through which to view current and future attempts of modern day moral crusaders who try to convince us that simple solutions like regulating popular culture are the answer to complex social problems *Pop Culture Panics* is ideal for use in undergraduate social problems social deviance and popular culture courses

Mahjong Annelise Heinz, 2021 In *Mahjong* Annelise Heinz charts a complex cultural journey as the game's history connects American expatriates in Shanghai Jazz Age white Americans urban Chinese Americans in the 1930s incarcerated Japanese Americans in wartime Jewish American suburban mothers and Air Force officers wives in the postwar era *How Our Days Became Numbered* Dan Bouk, 2015-05-18 Long before the age of Big Data or the rise of today's self quantifiers American capitalism embraced risk and proceeded to number our days Life insurers led the way developing numerical practices for measuring individuals and groups predicting their fates and intervening in their futures Emanating from the gilded boardrooms of Lower Manhattan and making their way into drawing rooms and tenement apartments across the nation these practices soon came to change the futures they purported to divine *How Our Days Became Numbered* tells a story of corporate culture remaking American culture a story of intellectuals and professionals in and around insurance companies who reimagined Americans lives through numbers and taught ordinary Americans to do the same Making individuals statistical did not happen easily Legislative battles raged over the propriety of discriminating by race or of smoothing away the effects of capitalism's fluctuations on individuals Meanwhile debates within companies set doctors against actuaries and agents resulting in elaborate secretive systems of surveillance and calculation Dan Bouk reveals how in a little over half a century insurers laid the groundwork for the much quantified risk infused world that we live in today To understand how the financial world shapes modern bodies how risk assessments can perpetuate inequalities of race or sex

and how the quantification and claims of risk on each of us continue to grow we must take seriously the history of those who view our lives as a series of probabilities to be managed **The Money Cult** Chris Lehmann,2016-05-31 A grand and startling work of American history America was founded we re taught in school by the Pilgrims and other Puritans escaping religious persecution in Europe an austere and pious lot who established a culture that remained pure and uncorrupted until the Industrial Revolution got in the way In *The Money Cult* Chris Lehmann reveals that we have it backward American capitalism has always been entangled with religion and so today s megapastors for example aren t an aberration they re as American as Benjamin Franklin Tracing American Christianity from John Winthrop to the rise of the Mormon Church and on to the triumph of Joel Osteen *The Money Cult* is an ambitious work of history from a widely admired journalist Examining nearly four hundred years of American history Lehmann reveals how America s religious leaders became less worried about sin and the afterlife and more concerned with the material world until the social gospel was overtaken by the gospel of wealth Showing how American Christianity came to accommodate and eventually embrace the pursuit of profit as well as the inescapability of economic inequality *The Money Cult* is a wide ranging and revelatory book that will make you rethink what you know about the form of American capitalism so dominant in the world today as well as the core tenets of America itself

Uncertain Chances Maurice S. Lee,2013-06-06 Maurice Lee s study illustrates how writers such as Poe Melville Douglass Thoreau Dickinson and others participated in a broad intellectual and cultural shift in which Americans increasingly learned to live with the threatening and wonderful possibilities of chance Figures in the Carpet Wilfred M. McClay,2007-01-02 *Figures in the Carpet* presents a stellar roster of first rate historians dealing seriously with a perennially important subject The case studies and more theoretical accounts in this book amount to an unusually perceptive assessment of how the person has been viewed in American history *Raised Right* Jeffrey R. Dudas,2017-03-21 How has the modern conservative movement thrived in spite of the lack of harmony among its constituent members What and who holds together its large corporate interests small government libertarians social and racial traditionalists and evangelical Christians *Raised Right* pursues these questions through a cultural study of three iconic conservative figures National Review editor William F Buckley Jr President Ronald Reagan and Supreme Court Justice Clarence Thomas Examining their papers writings and rhetoric Jeffrey R Dudas identifies what he terms a paternal rights discourse the arguments about fatherhood and rights that permeate their personal lives and political visions For each paternal discipline was crucial to producing autonomous citizens worthy and capable of self governance This paternalist logic is the cohesive agent for an entire conservative movement uniting its celebration of founding fathers past and present constitutional and biological Yet this discourse produces a paradox When do authoritative fathers transfer their rights to these well raised citizens This duality propels conservative politics forward with unruly results The mythology of these American fathers gives conservatives something and someone to believe in and therein lies its timeless appeal **Ideas to Die For** Giles Gunn,2013-04-12 Cosmopolitanism and Its

Discontents seeks to address the kinds of challenges that cosmopolitan perspectives and practices face in a world organized increasingly in relation to a proliferating series of global absolutisms religious political social and economic While these challenges are often used to support the claim that cosmopolitanism is impotent to resist such totalizing ideologies because it is either a Western conceit or a globalist fiction Gunn argues that cosmopolitanism is neither Situating his discussion in an emphatically global context Gunn shows how cosmopolitanism has been effective in resisting such essentialisms and authoritarianisms precisely because it is more pragmatic than prescriptive more self critical than self interested and finds several of its foremost recent expressions in the work of an Indian philosopher a Palestinian writer and South African story tellers This kind of cosmopolitanism offers a genuine ethical alternative to the politics of dogmatism and extremism because it is grounded on a new delineation of the human and opens toward a new indeed an other humanism **Moralizing**

Capitalism Stefan Berger,Alexandra Przyrembel,2019-07-26 This book adds a crucial focus on morality to the growing literature on the history of capitalism by exploring social and cultural perspectives on the economic order that has dominated the modern world Taking the study beyond narrow economic confines it traces the entanglement between moral sentiments and capitalism examining both moral critiques and moral justifications Company bankruptcies systems of taxation wealth and the running of stock exchanges were attacked on moral grounds while ideas of economic justice and the humanization of capitalism loomed large over moral critiques Many movements from antislavery to labour campaigns were inspired by aspirations to improve capitalism and halt the moral decay that was felt to have affected large sections of society This book questions how moral sentiments are defined and have changed over time and how these relate to both capitalism and anti capitalism Covering a range of different social movements and ethical issues the 13 chapters present a moral history of capitalism understood not simply as an economic system but as an order that encompasses all areas of modern life

Psychiatry and Racial Liberalism in Harlem, 1936-1968 Dennis A. Doyle,2016 Reveals the history of the individuals who worked to make psychiatry more available to Harlem s black community in the early Civil Rights Era Toward the middle of the twentieth century African Americans in New York City began to receive increased access to mental health care in some facilities within the city s mental health system This study documents how and why this important change in public health and in public opinion on race occurred Drawing on records from New York s children s courts Harlem s public schools Columbia University and the Department of Hospitals Dennis Doyle tells here the story of the American psychiatrists and civil servants who helped codify in New York s mental health policies the view that blacks and whites are psychological equals The book examines in particular the events through which these racial liberals working in Harlem gained a foothold within New York s public institutions creating inclusive public policies and ostensibly race neutral standards of care Psychiatry and Racial Liberalism in Harlem 1936 1968 not only contributes to the growing body of historiography on race and medical institutions in the civil rights era but more importantly shows how inveterate racial prejudices within public policy can be

overcome Dennis A Doyle is assistant professor of history at the Saint Louis College of Pharmacy *The Cultural Turn in U. S. History* James W. Cook, Lawrence B. Glickman, Michael O'Malley, 2012-06-12 A definitive account of one of the most dominant trends in recent historical writing *The Cultural Turn in U S History* takes stock of the field at the same time as it showcases exemplars of its practice The first of this volume s three distinct sections offers a comprehensive genealogy of American cultural history tracing its multifaceted origins defining debates and intersections with adjacent fields The second section comprises previously unpublished essays by a distinguished roster of contributors who illuminate the discipline s rich potential by plumbing topics that range from nineteenth century anxieties about greenback dollars to confidence games in 1920s Harlem from Shirley Temple s career to the story of a Chicano community in San Diego that created a public park under a local freeway Featuring an equally wide ranging selection of pieces that meditate on the future of the field the final section explores such subjects as the different strains of cultural history its relationships with arenas from mass entertainment to public policy and the ways it has been shaped by catastrophe Taken together these essays represent a watershed moment in the life of a discipline harnessing its vitality to offer a glimpse of the shape it will take in years to come

The Improvisation Studies Reader Ajay Heble, Rebecca Caines, 2014-08-07 Improvisation is a performance practice that animates and activates diverse energies of inspiration critique and invention In recent years it has coalesced into an exciting and innovative new field of interdisciplinary scholarly inquiry becoming a cornerstone of both practical and theoretical approaches to performance *The Improvisation Studies Reader* draws together the works of key artists and thinkers from a range of disciplines including theatre music literature film and dance Divided by keywords into eight sections this book bridges the gaps between these fields The book includes case studies exercises graphic scores and poems in order to produce a teaching and research resource that identifies central themes in improvisation studies The sections include Listening Trust Risk Flow Dissonance Responsibility Liveness Surprise Hope Each section of the Reader is introduced by a newly commissioned think piece by a key figure in the field which opens up research questions reflecting on the keyword in question By placing key theoretical and classic texts in conversation with cutting edge research and artists statements this book answers the urgent questions facing improvising artists and theorists in the mediatized Twenty First Century

Antipodean America Paul Giles, 2013 A sweeping study that spans two continents and over three hundred years of literary history *Antipodean America* identifies the surprising affinities between Australian and American literature

Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Something For Nothing Luck In America full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Something For Nothing Luck In America eBooks, including some popular titles.

FAQs About Something For Nothing Luck In America Books

What is a Something For Nothing Luck In America PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Something For Nothing Luck In America PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Something For Nothing Luck In America PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Something For Nothing Luck In America PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Something For Nothing Luck In America PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print

restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
