representacions culturals que es van dur a terme en la segona meitat del segle XIX aquest volum mostra que en l'imaginari de l'Espanya metropolitana de l'època existia una identitat imperial que ha desaparegut quasi per complet de la historiografia contemporània. **Library Bulletin** University of Aberdeen, 1928 **The Galician Works of Ramón Del Valle-Inclán** Ann Frost, 2010

Ramón del Valle Inclán 1866-1936 was undoubtedly the most controversial literary figure of his generation. Whilst his genius was recognised by fellow writers the reading public was slow to accept his work and his theatre taxed directors and audiences alike. One of the harshest criticisms levelled against him concerned his use of repetition. This study shows how the reuse, recycling and development of material becomes one of the hallmarks of Valle Inclán's writing during the first three decades of his literary career, linking one genre with another and blurring the borders between different aesthetics. The repetition of themes and motifs, characters and stylistic devices reveals an underlying interdependence among works that on the surface appear unconnected or even contradictory. Many of Valle Inclán's works have been studied in isolation rather than as pieces of a whole. This book examines the elements that provide significant links in his writing between 1889 and 1922, most of which shares the common backdrop of Galicia and demonstrates that apparently unrelated works are part of a larger picture. Despite changes in perspective and genre there are constants that relate individual works to those that precede and follow, creating a unifying pattern of continuity. **A Dream of Arcadia** Lily L. Pérez de la Dehesa, 1972 *A History of the Spanish Novel* J. A. Garrido Ardila, 2015-04-30

The origins of the Spanish novel date back to the early picaresque novels and *Don Quixote* in the sixteenth and seventeenth centuries and the history of the genre in Spain presents the reader with such iconic works as Galdós's *Fortunata and Jacinta*, Clarín's *La Regenta* or Unamuno's *Mist*. *A History of the Spanish Novel* traces the developments of Spanish prose fiction in order to offer a comprehensive and detailed account of this important literary tradition. It opens with an introductory chapter that examines the evolution of the novel in Spain with particular attention to the rise and emergence of the novel as a genre during the sixteenth and seventeenth centuries and the bearing of Golden Age fiction in later novelists of all periods. The introduction contextualises the Spanish novel in the circumstances and milestones of Spain's history and in the wider setting of European literature. The volume is comprised of chapters presented diachronically from the sixteenth to the twenty-first century and others concerned with specific traditions: the chivalric romance, the picaresque, the modernist novel, the avant-gardist novel and with some of the most salient authors: Cervantes, Zayas, Galdós and Baroja. *A History of the Spanish Novel* takes the reader across the centuries to reveal the captivating life of

the Spanish novel tradition in all its splendour and its phenomenal contribution to Western literature
