The Injustices of Rape Catherine O. Jacquet, 2019-09-17 From 1950 to 1980 activists in the black freedom and women s liberation movements mounted significant campaigns in response to the injustices of rape These activists challenged the dominant legal and social discourses of the day and redefined the political agenda on sexual violence for over three decades How activists framed sexual violence as either racial injustice gender injustice or both was based in their respective frameworks of oppression The dominant discourse of the black freedom movement constructed rape primarily as the product of racism and white supremacy whereas the dominant discourse of women s liberation constructed rape as the result of sexism and male supremacy In The Injustices of Rape Catherine O Jacquet is the first to examine these two movement responses together explaining when and why they were in conflict when and why they converged and how activists both upheld and challenged them Throughout she uses the history of antirape activism to reveal the difficulty of challenging deeply ingrained racist and sexist ideologies the unevenness of reform and the necessity of an intersectional analysis to combat social injustice

Rape On The Public Agenda Maria Bevacqua, 2000-08-10 An examination of the history development and impact of the feminist anti rape movement

What We Talk About When We Talk About Rape Sohaila Abdulali, 2018-11-27 What We Talk About When We Talk About Rape is brilliant frank empowering and urgently necessary Sohaila Abdulali has created a powerful tool for examining rape culture and language on the individual societal and global level that everyone can benefit from reading Jill Soloway In the tradition of Rebecca Solnit a beautifully written deeply intelligent searingly honest and ultimately hopeful examination of sexual assault and the global discourse on rape told through the perspective of a survivor writer counselor and activist After surviving gang rape at seventeen in Mumbai Sohaila Abdulali was indignant about the deafening silence that followed and wrote a fiery piece about the perception of rape and rape victims for a women s magazine Thirty years later with no notice her article reappeared and went viral in the wake of the 2012 fatal gang rape in New Delhi prompting her to write a New York Times op ed about healing from rape that was widely circulated Now Abdulali

has written *What We Talk About When We Talk About Rape* a thoughtful generous unflinching look at rape and rape culture Drawing on her own experience her work with hundreds of survivors as the head of a rape crisis center in Boston and three decades of grappling with rape as a feminist intellectual and writer Abdulali tackles some of our thorniest questions about rape articulating the confounding way we account for who gets raped and why and asking how we want to raise the next generation In interviews with survivors from around the world we hear moving personal accounts of hard earned strength humor and wisdom that collectively tell the larger story of what rape means and how healing can occur Abdulali also points to the questions we don't talk about Is rape always a life defining event Is one rape worse than another Is a world without rape possible *What We Talk About When We Talk About Rape* is a book for this MeToo and TimesUp age that will stay with readers men and women alike for a long long time *Standing Up, Speaking Out* Matthew R. Meier, Casey R.

Schmitt, 2016-10-14 In recent decades some of the most celebrated and culturally influential American oratorical performances have come not from political leaders or religious visionaries but from stand up comics Even though comedy and satire have been addressed by rhetorical scholarship in recent decades little attention has been paid to stand up This collection is an attempt to further cultivate the growing conversation about stand up comedy from the perspective of the rhetorical tradition It brings together literatures from rhetorical cultural and humor studies to provide a unique exploration of stand up comedy that both argues on behalf of the form's capacity for social change and attempts to draw attention to a series of otherwise unrecognized rhetors who have made significant contributions to public culture through comedy

Athletes, Sexual Assault, and Trials by Media Deb Waterhouse-Watson, 2013 Since footballer sexual assault became top news in 2004 six years after the first case was reported much has been written in the news media about individual cases footballers and women who have sex with them Deb Waterhouse Watson reveals how media representations of recent sexual

assault cases involving Australian footballers amount to trials by media trials that result in acquittal The stories told about footballers and women in the news media evoke stereotypes such as the gold digger woman scorned and the predatory woman which cast doubt on the alleged victims claims and suggest that they are lying Waterhouse Watson calls this a narrative immunity for footballers against allegations of sexual assault This book details how popular conceptions of masculinity and femininity inform the way footballers bodies team bonding women sex and alcohol are portrayed in the media and connects stories relating to the cases with sports reporting generally Uncovering similar patterns of narrative grammar and discourse across these distinct yet related fields Waterhouse Watson shows how these discourses are naturalised with reports on the cases intertwining with broader discourses of football reporting to provide immunity Despite the prevalence of stories that discredit the alleged victims Waterhouse Watson also examines attempts to counter these pervasive rape myths articulating successful strategies and elucidating the limitations built into journalistic practices and language itself
