Through Time is a realistic fiction that combines the expression of style with a plot part real and part imagined into a collective narrative The characters revolve around the daily experiences of life focusing in the same time on an imaginary site where new meanings to reveal their thoughts and feelings become essential Although this novel is a fictional endeavor the succession of incidents was inspired by many real stories that occur in every spot of the world with similar developments The characters in the narrative evolve with the storyline where every day becomes a new page of a distinctive event opened to new hopes for a better future Ollendorff's New Method of Learning to Read, Write, and Speak, the Spanish Language
