Special Needs In Early Years:

Special Educational Needs in the Early Years Ruth Wilson, 2003-10-04 This volume adopts a holistic approach and focuses on the child with special educational needs as an active learner rather than on how to cope with a disability Young children with special needs can be very active learners when provided with environments that encourage alternative ways to explore and experience the world around them *Early Childhood Special Education, 0 to 8 Years* Sharon A. Raver, 2009 Featuring the application of evidence based strategies ecological and family based approaches effective learning and the use of responsive cultural linguistic practices Early Childhood Education 0 8 Years Strategies for Positive Outcomes prepares students for all the professional knowledge and skill competencies they need to promote optimal development in infant and toddlers 0 3 preschoolers 3 5 and primary aged 6 8 children with special needs Using real life case studies to illustrate recommended practices the book clearly presents disability characteristics assessment practices and easy to implement interventions for inclusive and special education settings while giving students all the resources they need to master and apply the material Highlights of This First Edition Prepares students with ALL the professional knowledge and skill competencies necessary to promote optimal development in children with special needs from birth through 8 years old Highlights intervention techniques from special education speech language pathology occupational physical therapy and the fields of vision and hearing impairments Uses a real life case study in each chapter to illustrate recommended practices and strategies Examines the legal philosophical and instructional tenets of the field of Early Childhood Special Education in detail including IDEA 2004 Features how to use evidence based practices and strategies that maximize communicative cognitive literacy fine and gross motor adaptive and social emotional development in infants and toddlers preschoolers and primary aged children **Supporting Special Needs** Penny Tassoni, 2003 This text covers the underpinning knowledge required for special needs modules on Early Years courses It guides students and practitioners through this subject area and provides information on the issues and legislation **Special Needs in the Early Years** Sheila Wolfendale, 2013-04-03 This book celebrates good practice in the area of early years and special needs by bringing together authors who are either practitioners or researchers from a range of different and diverse early years settings including nurseries and units providing special provision They describe their work with young children who have different and distinctive special needs and disabilities **Special Needs & Early Years** Kate Wall, 2006-05-24 This is an excellent easy to read guide to inclusive practice in the early years Nursery World Exceptionally well written At a time when the inclusion debate is raging more fiercely than ever I thoroughly recommend this book to anyone working with young children Early Years Educator What a splendid book this is so well set out and so easily usable It s full of ideas for improving current practice with realistic advice and well thought practices It would be unfair to restrict this book to practitioners in the special education field Written in a user friendly style this book is so useful that it should be in the library of all pre schools as well as accessible to all those

training to work with children in the early years Early Years Update A welcome updated version of a key text for early years practitioners SENCO Update The final statement sums up the tone of the book All children have the right to be respected valued and included so locally and nationally we must ensure that all practitioners have the knowledge and skills to offer that respect within an inclusive system and hopefully within a more inclusive society This book makes a very positive contribution to making this a reality Early Education The book is user friendly and thoroughly practical It is clearly relevant to the needs of the target audience of early years practitioners students and other professionals working with children with special needs and their families This book has value for all and I recommend it strongly to all practitioners not just teachers and teaching assistants Special Praise for the first edition This is one of the best books I have read on special needs and the very young and I thoroughly recommend it to all with a professional or personal interest in this area Special Children This is an exemplary introductory textbook for students and a veritable mine of information Undoubtedly this is an early years special needs book that many readers can and will relate to Sheila Wolfendale European Journal of Special Needs Education This well crafted practitioners guide thoughtfully addresses the many issues that practitioners face when they consider their involvement in early education in the context of work with special educational needs Those who read this book will find that they know a little more about these important issues and may find themselves challenged to reflect on their personal attitudes towards inclusive education ideally becoming better providers for children with learning difficulties Cathy Nutbrown Journal of Early Childhood Research In this newly updated edition Kate Wall has revamped the content so that it covers all the new SEN provisions provided practitioners students and parents with current examples of good practice updated information on interagency issues and working with parents included individual case studies as exemplars This book is essential reading for early years practitioners professionals dealing with children with special educational needs and their families and students in the early years and special needs fields Kate Wall is an author and Senior Lecturer in Early Childhood Studies and Primary Education at Canterbury Christ Church University
