PLANNING
Collect, interpret and use a variety of student data for diagnostic, formative and summative purposes.
Establish students' current level of performance, desired level of performance, and readiness for learning.
Use the official curriculum and other relevant materials to plan connected teaching and learning sequences.
Identify opportunities for explicit teaching of general capabilities including literacy and numeracy in the curriculum.
TEACHING
Employ a range of suitably challenging and engaging teaching and learning strategies that connect to and build on students' prior learning.
Provide differentiated teaching and learning opportunities.
Teach general capabilities, including literacy and numeracy, required for student success in learning.
Make suitable adjustments to teaching based on ongoing student data gathering and analysis.
ASSESSING
Select and use a variety of assessment tools and practices, addressing fitness for purpose and principles of inclusion.
Provide feedback to learners to inform student self-assessment, goal setting, and to progress learning.
Make judgements of the quality of student work with reference to curriculum and achievement standards.
Engage in moderation of student work.
REFLECTING
Describe and analyse the scope and sufficiency of initial and ongoing data choices for identifying students' learning needs and informing next-step teaching.
Identify and describe differences between planned and enacted teaching, and related pedagogical reasoning.
Discuss how evidence of learning was used to monitor student progress and to modify teaching and assessment strategies.
Identify and justify future teaching and assessment practices in relation to relevant research and policy.
APPRAISING
Through two scenarios:
• Connect theory, enacted practice and the curated body of evidence to: - evaluate the effectiveness of teaching, and - demonstrate its impact on student learning. • Examine and discuss how teaching decisions were effective or not effective in progressing student learning and why.
