Speculation And Revelation

Richard Kroner

Speculation And Revelation:

From Speculation to Revelation Bishop Donmaid Brooks, 2014-01 From Speculation To Revelation is a literary work explaining the Bible and it is second to none After reading this book you will ask how did I not know this After all I have been in church all my life or I attended the best theology school I ve been a preacher pastor bishop Bible teacher etc all these years Why And where was the truth hidden from me What you will discover is God gives revelation of the Scriptures not man Bishop Brooks an ex con man a jailhouse resident you could say He became hungry for God and His truth while incarcerated He had heard all the speculations about what God said and he wanted truth he asked God and God gave him the revelation One may ask why did God give such a revelation to a man of his caliber His work verifies that God is just and He gives to those who ask no matter who Great Theologians are stunned by his work but yet they agree This book removes all confusion for the new baby Christian about what denomination holds the truth Know that only God can reveal truth to you The author tears down speculations and fills the empty space with revelations such as The reason why God respected Abel s offering and did not respect Cain s offering Showing how there are no contradictions in the Bible Proving that the New Covenant New Testament did not start in Matthew Showing who the twelve apostles gospel was really for and so much more This book will certainly cause you to revisit the scriptures and to ask God for a clear revelation You will no longer be content just sucking in what others have to say no matter who

Speculation and Revelation in Modern Philosophy Richard Kroner, 1961
The Evangelical Repository ,1877 Speculation and Revelation in the History of Philosophy: Speculation and revelation in modern philosophy Richard Kroner, 1956 **Emil L. Fackenheim** David Patterson, 2008-03-14 In this revealing book David Patterson explores Fackenheim s rigorous pursuit of a philosophical response to the tragedy of the Holocaust Fackenheim s writing sheds light on the tensions between Jewish thinking and German philosophy illustrating how elements of the latter were used by the Nazis to justify Jewish annihilation *Kierkegaard's Relation to Hegel* Niels Thulstrup, 2014-07-14 This book written by the eminent Kierkegaard scholar Niels Thulstrup provides the first comprehensive treatment of this issue Presented here in translation from the Danish the work makes available materials that heretofore have been nearly inaccessible to most American scholars and to many Europeans as well Originally published in 1980 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Irony of Theology and the Nature of Religious Thought* Donald Wiebe, 1991 Donald Wiebe critically examines the pervasive assumption that theology is a form of religious thought that is both compatible with and supportive of religious faith The irony he argues is that theology is in fact detrimental to religion and the religious way of life

Exile and Restoration in Jewish Thought Ralph Keen, 2009-09-24

Exile and Restoration in Jewish Thought presents the history of an idea originating at the intersection of Judaic piety and the social history of the Jews faith in a protective sovereign deity amid contrary conditions Exiled primordially Eden during the Patriarchal era in the sixth century bce and from the first century to the twentieth the Jewish experience of alienation has been the historical backdrop against which affirmations of divine benevolence have been constructed While histories of Jewish thought have tended to accentuate the speculative creativity of medieval and modern Jewish philosophers the intellectual tradition can come into focus only with attention to these thinkers understanding of diaspora and persecution Ralph Keen describes the distinguishing feature of Jewish thought as a religious hermeneutic in which the primitive promise made to Abraham is preserved not just as a pious memory but as a certain hope for eventual restoration Intended for readers with some familiarity with the history of philosophy this book offers the historical context necessary for understanding the distinctively Judaic character of this tradition of thought and elucidates the role of religious experience in the long process of negotiating between adversity and expectation

The Old and the New: Churching a Secular Age from Solovyóv to Bulgakov Michael Lee Miller, 2025-03-25

In the midst of exile from his native Russia in the mid 1930s Fr Sergii Bulgakov identified his basic aspiration as an Orthodox theologian to be a positive overcoming of Modernity in fact a continuation of the efforts of his great 19th century inspiration Vladimir Solovy v to reconstruct Christian thought and culture in the face of the unprecedented challenges posed by the Enlightenment and the era of revolutionary upheaval But Bulgakov s theological vision also involves a distinctive revision of Solovy v s programme whose residual Hegelianism continually threatens to level out speculative reason and mystagogical faith progress in history and the Kingdom not of this World Bulgakov refuses any such levelling instead he consummates the apocalyptic turn Solovy v had already commenced in the years immediately preceding his premature death in 1900 The resulting preference for the paradox of antinomy over the closure of dialectic comes to light in relation to four themes running through Bulgakov s thinking in the decades falling between his rejection of Marxism and the commencement of his mature systematic theological work in the 1930s history work knowledge and power
