The Big Brother: A Story of

Indian War George Cary Eggleston,2021-01-01 In the quiet days of peace and security in which we live it is difficult to imagine such a time of excitement as that at which our story opens in the summer of 1813 From the beginning of that year the Creek Indians in Alabama and Mississippi had shown a decided disposition to become hostile In addition to the usual incentives to war which always exist where the white settlements border closely upon Indian territory there were several special causes operating to bring about a struggle at that time We were already at war with the British and British agents were very active in stirring up trouble on our frontiers knowing that nothing would so surely weaken the Americans as a general outbreak of Indian hostilities Tecumseh the great chief had visited the Creeks too and had urged them to go on the war path threatening them in the event of their refusal with the wrath of the Great Spirit His appeals to their superstition

were materially strengthened by the occurrence of an earthquake which singularly enough he had predicted threatening that when he returned to his home he would stamp his foot and shake their houses down Their own prophets Francis and Singuista had preached war too telling the Indians that their partial adoption of civilization and their relations of friendship with the whites were sorely displeasing to the Great Spirit who would surely punish them if they did not immediately abandon the civilization and butcher the pale faces Francis predicted also that in the coming struggle no Indians would be killed while the whites would be completely exterminated All this was promised on condition that the Indians should become complete savages again quitting all the habits of industry and thrift which they had been learning for some years past and fighting mercilessly against all whites sparing none In the quiet days of peace and security in which we live it is difficult to imagine such a time of excitement as that at which our story opens in the summer of 1813 From the beginning of that year the Creek Indians in Alabama and Mississippi had shown a decided disposition to become hostile In addition to the usual incentives to war which always exist where the white settlements border closely upon Indian territory there were several special causes operating to bring about a struggle at that time We were already at war with the British and British agents were very active in stirring up trouble on our frontiers knowing that nothing would so surely weaken the Americans as a general outbreak of Indian hostilities Tecumseh the great chief had visited the Creeks too and had urged them to go on the war path threatening them in the event of their refusal with the wrath of the Great Spirit His appeals to their superstition were materially strengthened by the occurrence of an earthquake which singularly enough he had predicted threatening that when he returned to his home he would stamp his foot and shake their houses down Their own prophets Francis and Singuista had preached war too telling the Indians that their partial adoption of civilization and their relations of friendship with the whites were sorely displeasing to the Great Spirit who would surely punish them if they did not immediately abandon the civilization and butcher the pale faces Francis predicted also that in the coming struggle no Indians would be killed while the whites would be completely exterminated All this was promised on condition that the Indians should become complete savages again quitting all the habits of industry and thrift which they had been learning for some years past and fighting mercilessly against all whites sparing none

Sedentary Slimming: Lazy Weight Loss with Tao and Crystals David Teng, 2023-07-22 When I was first introduced to the world of crystals it was a life changing event I didn't realize that I had been at the mercy of energy all my life At my first meeting with crystal store owner he told me my digestive system is in terrible conditions and he was right This shocked me of course because he doesn't know me at all Unfortunately my physical condition was already near the point of spiraling out of control I started coughing out

blood clots every morning for two straight months Within two months My figure looked like the pictures of the gaunt Steve Jobs in his last days One of the most common outward appearance of individuals with little life energy left is that of gaunt facial and body image Even though I felt my life energy is dwindling every time I wore my crystals I felt alive again I have the energy to get by and to survive My faith led to me to many other masters and gurus from whom I learned neigong aka qigong yoga fengshui and more As I lifted myself from life and death borderline I sought to raise my life energy in any ways possible One of them is eating Another reason was I was living in a place with horrible energy When you stay in a place like that your instinct is to eat and eat Yes the place you stay in can have a huge effect on your weight And this book will give you a way to counter this damage Anyway I become extremely overweight 5 feet 9 and over 200 pounds I didn't really care much because when you are sick physical image is the last thing on your mind However I eventually took notice when I had to get new pants and clothes that were multiple sizes larger and my waist looked wider than my shoulders This is now alarming Another reason is I got fat shamed This shocked me because I never experienced this before Story in short I quickly lost those weights in roughly two months 60 pounds to be exact By using the knowledge of Qi I implemented a weight loss walking meditation Unfortunately I accepted a job that now requires me to sit at a desk for over 8 hours a day including meals at the desk That means I won't even have time to do my Ancient Monks Super Walk As I worked at the desktop feeling horrible needing to snack I thought back to the days I was wearing crystals during my extremely sick days With my knowledge of crystals I realized what I could do to help my body maintain its figure even I have to stay sedentary for an extended period
