South Africa No Turning Back:

No Turning Back Beverley Naidoo, 2010-06-08 Escaping from his violent stepfather twelve year old Sipho heads for Johannesburg where he has heard that gangs of children live on the streets Surviving hunger and bitter cold winter nights is hard but learning when to trust in the new South Africa proves even more difficult *No Turning Back* appeared on the short list of both the Guardian and Smarties book prizes on the United Kingdom

No Turning Back Beverley Naidoo, 1999-01-31 Post apartheid South Africa is on the eve of its first democratic elections In this time of unprecedented change twelve year old Sipho finds his life changing as well To escape his stepfather's abuse he flees to the harsh world of Johannesburg's malunde or homeless boys So far Sipho's been lucky He's learned the rules of the street without getting knifed He's only had to spend one night in a garbage can And he's found enough work to feed himself sometimes twice a day But for how long can Sipho continue to survive How long before his luck runs out Book jacket

Into the Heart of the Whore Jacques Pauw, 2017-12-14 The ongoing assassinations of anti apartheid activists led to rumours that some kind of third force must be responsible The South African government flatly denied any involvement All investigations of the matter were met with stony silence The first crack in the wall came with the publication by the Vrye Weekblad newspaper of the extraordinary story of Dirk Coetzee former Security Branch Captain His tale of murder kidnapping bombing and poisoning provided corroboration of the shocking confessions made by Almond Nofemela on death row Slowly the dark secret started unravelling under the probing of determined journalists In the Heart of the Whore introduces the reader to the secret underworld of the death squads It explains when and why they were created who ran them what methods they employed who the victims and perpetrators were Jacques Pauw was more closely involved with the subject than any other person outside the police and armed forces In this groundbreaking work he looks at the devastating effect of the secret war on the opponents of apartheid as well as the corrosive effects on the people who committed these crimes

South Africa in Transition Aletta J. Norval, David Howarth, 2016-07-27 South Africa in Transition utilises new theoretical perspectives to describe and explain central dimensions of the democratic transition in South Africa during the late 1980s and early 1990s covering changes in the politics of gender and education the political discourses of the ANC NP and the white right constructions of identity in South Africa's black townships and rural areas the role of political violence in the transition and accounts of the democratization process itself

Regional Hegemons David J Myers, 2019-06-04 The bitter U S experience in Vietnam and the pain inflicted on the Soviet Union by its Afghanistan adventure have caused Washington and Moscow to rethink the costs and benefits of unilateral military intervention on behalf of threatened clients especially in the third world Also as the Cold War winds down the crusading spirit that has driven superpower competition since the end of World War II appears increasingly anachronistic Expenditures by the superpowers in pursuit of military superiority or even to ensure parity are now criticized for the security they do not provide or for detracting from economic growth The latter criticism has grown in importance as

the U S economy has confronted new challenges from Japan and Germany and as the Soviet economy struggles to avoid collapse Thus when Saddam Hussein s August 1990 invasion of Kuwait challenged the political and economic status quo in the oil rich Middle East neither the United States nor the Soviet Union responded unilaterally Cooperatively they crafted an international consensus to confront the challenge

A Hidden History of Youth Development in South Africa Margaret Perrow, 2021-03-15 Drawing on two decades of interviews and ethnographic fieldwork 1998-2018 this book presents a unique and multi-faceted history of youth development in South Africa through the lens of a South African non-governmental organization NGO prominent in youth development from the mid 1980s until 2008 The book weaves history ethnography and discourse analysis to contextualize the Joint Enrichment Project JEP in the politics and history of South African education It examines JEP s role leading up to and during South Africa s transition to democracy its work and influence in post-apartheid South Africa and the continued relevance of its legacy to contemporary initiatives seeking to address youth development and social justice While JEP repeatedly repositioned itself as an organization from fighting the effects of apartheid on young people to becoming a potential partner with the new African National Congress ANC led government its most significant role may have been to reposition people After tracing JEP s twenty-year history the book focuses on the participants in a 1998 Youth Work Scheme exploring their learning experiences and the program s immediate impact on their lives It then revisits these participants twenty years later in 2018 analyzing their life trajectories after JEP and comparing them with the life trajectories of former JEP staff over the same period shedding light on broader patterns of socio-economic reproduction and change in the country The book concludes with a discussion of a perennial paradox facing youth development institutions This book will be of great interest to academics researchers and post-graduate students in the fields of education international development anthropology and African studies

The Lion and the Springbok Ronald Hyam, Peter Henshaw, 2003-05-15 The Lion and the Springbok presents an account of the dynamics and divergences of the uneasy special relationship of Britain and South Africa From the bruising experience of the South African War 1899-1902 to South Africa s withdrawal from the Commonwealth in 1961 the authors chart this relationship in all its political economic cultural and geostrategic aspects All the major disputes are discussed including the struggle for the High Commission Territories the crisis over Seretse Khama s marriage and the transfer of the Simon s Town naval base These issues trace for the most part a continuing deterioration in relations as Afrikaner nationalist identity hardened and South African politics slid into the extremes of apartheid The perceptions each side had of the other after 1948 are examined through representations in the media and an epilogue considers the reasons for the return of the New South Africa to the Commonwealth in 1994

Sharpeville Tom Lodge, 2011-05-12 On 21 March 1960 several hundred black Africans were injured and 69 killed when South African police opened fire on demonstrators in the township of Sharpeville protesting against the Apartheid regime s racist pass laws The Sharpeville Massacre as the event has become known signalled the start of armed resistance in South

Africa and prompted worldwide condemnation of South Africa's Apartheid policies. The events at Sharpeville deeply affected the attitudes of both black and white in South Africa and provided a major stimulus to the development of an international Anti Apartheid movement. In Sharpeville Tom Lodge explains how and why the Massacre occurred looking at the social and political background to the events of March 1960 as well as the sequence of events that prompted the shootings themselves. He then broadens his focus to explain the long term consequences of Sharpeville explaining how it affected South African politics over the following decades both domestically and also in the country's relationship with the rest of the world. **The Empire Review**, 1925. South Africa's Destabilisation of Zimbabwe, 1980-89 J. Dzimba, 1998-01-01. South Africa's Apartheid regime saw Zimbabwean independence and black majority rule in 1980 as a major threat to its interests, security and regional hegemony. John Dzimba explains how and why Pretoria sought to destabilise Zimbabwe and other front line states examining the successes and failures of destabilisation against Zimbabwe's economic and political vulnerabilities and attempted responses. He shows why P. W. Botha's crisis-ridden regime had to drop the policy in 1989.
