conflict It is by now a commonplace that the only way to end the violence is to divide the territory in two and all efforts at a resolution have come down to haggling over who gets what Will Israel hand over 90 percent of the West Bank or only 60 percent Will a Palestinian state include any part of Jerusalem Clear eyed sharply reasoned and compassionate One Country proposes a radical alternative to revive an old and neglected idea of one state shared by two peoples Ali Abunimah shows how the two are by now so intertwined geographically and economically that separation cannot lead to the security Israelis need or the rights Palestinians must have He reveals the bankruptcy of the two state approach takes on the objections and taboos that stand in the way of a binational solution and demonstrates that sharing the territory will bring benefits for all The absence of other workable options has only lead to ever greater extremism it is time Abunimah suggests for Palestinians and Israelis to imagine a different future and a different relationship
